Lua Thieng:

Who's who in Vietnam ,1972 *The Ethnic Chinese and Economic Development in Vietnam* Tran Khanh,1993

Economic reforms in Vietnam have allowed its ethnic Chinese citizens to prosper but growing Chinese economic strength harbours the seeds of political problems The topic is also meshed with the larger concern of Sino Vietnamese relations which in the best of times can be coloured by a suspicion which goes back centuries In the worst of times as in 1978 79 both sides were engaged in open warfare To understand the current situation this book delves into the origins of Chinese settlement in Vietnam tracking the flow of history through the major events which have shaped the Chinese mercantile community and made it what it is today The most significant feature of this work is that it draws on Western Russian and Vietnamese sources as well as the writer s own familiarity with the actual situation on the ground **The Encyclopedia of the Vietnam War**

Bloomsbury Publishing,2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO *Vietnamese Communism,*

1925-1945 Kim Khánh Huỳnh,1986 From a cell of nine men in 1925 the Vietnamese Communists grew by December 1976 into a massive party with over 1 5 million members and the organizational and military capabilities to defeat the United States What factors account for the outstanding success of the Indochinese Communist Party In this book Huynh Kim Kh nh traces the Vietnamese Communist movement from its inception as a radical youth group founded by Ho Chi Minh then Nguyen Ai Quoc to its half planned half accidental victory in 1945 Revolution in the Village Hy Van Luong,1992-04-01

One of the most significant efforts to result thus far from the improvement in scholarly access to North Vietnam Combining life history interviewing with archival research in Vietnam Canada and France the book focuses on the village sociocultural system s encounter with Western colonialism capitalism and socialist revolution Journal of Asian Studies Memory in the Mekong Will Brehm,Yuto Kitamura,2022 Is it even possible or desirable to establish a common identity across the diverse

peoples of Southeast Asia And how would a regional identity exist alongside national identity given the divergent memories of history Memory in the Mekong grapples with these questions by exploring issues of shared history national identity and schooling in the countries along Southeast Asia s Mekong River delta Cambodia Thailand Vietnam Laos and Myanmar In Search of Moral Authority Van Nguyen-Marshall,2008 In Search of Moral Authority The Discourse on Poverty Poor Relief and Charity in French Colonial Vietnam is a pioneering exploration of the discourses on poverty and poor relief activities in early twentieth century Northern Vietnam Treating poverty as a socially constructed idea Van Nguyen Marshall argues that poor relief was a domain where both French colonialists and Vietnamese intellectuals vied for moral authority For the French colonial officials poor relief fell within the purview of the French civilizing mission the official justification for imperialism However the colonial agenda racial prejudices and the French administrators own ambivalent attitudes toward the poor made any attempt at poor relief doomed for failure For Vietnamese intellectuals the discourse and activities on poor relief became a rallying call for patriotism nationalism and for some anti colonialism In Search of Moral Authority deals with social issues such as charity and poor relief as well as the construction of national and gender identity by Vietnamese intellectuals This book is essential reading for students and specialists of Vietnamese history as well as those interested in issues of poverty public welfare and charity *Understanding Vietnam* Neil L. Jamieson,2023-11-15 The American experience in Vietnam divided us as a nation and eroded our confidence in both the morality and the effectiveness of our foreign policy Yet our understanding of this tragic episode remains superficial because then and now we have never grasped the passionate commitment with which the Vietnamese clung to and fought over their own competing visions of what Vietnam was and what it might become To understand the war we must understand the Vietnamese their culture and their ways of looking at the world Neil L Jamieson after many years of living and working in Vietnam has written the book that provides this understanding Jamieson paints a portrait of twentieth century Vietnam Against the background of traditional Vietnamese culture he takes us through the saga of modern Vietnamese history and Western involvement in the country from the coming of the French in 1858 through the Vietnam War and its aftermath Throughout his analysis he allows the Vietnamese both our friends and foes and those who wished to be neither to speak for themselves through poetry fiction essays newspaper editorials and reports of interviews and personal experiences By putting our old and partial perceptions into this new and broader context Jamieson provides positive insights that may perhaps ease the lingering pain and doubt resulting from our involvement in Vietnam As the United States and Vietnam appear poised to embark on a new phase in their relationship Jamieson s book is particularly timely The American experience in Vietnam divided us as a nation and eroded our confidence in both the morality and the effectiveness of our foreign policy Yet our understanding of this tragic episode remains superficial because then and now we have never gra Thailand and the Southeast Asian Networks of The Vietnamese Revolution, 1885-1954 Christopher E. Goscha,2013-09-05 Christopher Goscha resituates the Vietnamese revolution and war

against the French into its Asian context Breaking with nationalist and colonial historiographies which have largely locked Vietnam into Indochinese or Nation state straightjackets Goscha takes Thailand as his point of departure for exploring how the Vietnamese revolution was intimately linked to Asia between the birth of the Save the King Movement in 1885 and the Battle of Dien Bien Phu in 1954 But his study is more than just a political history Goscha brings geography to bear on his subject with a passion While he considers the little known political movements of such well known faces as Phan Boi Chau and Ho Chi Minh across Southeast Asia the author takes us into the complex Asian networks stretching from northeastern Thailand and the port of Bangkok to southern China and Hong Kong and beyond There we see how Ho and Chau drew upon an invisible army of Vietnamese and Chinese traders criminals prostitutes sailors and above all the thousands of emigres living in Vietnamese communities in Thailand

The Vietnamese Family in Change Pham Van Bich,2013-10-11 Like most societies Vietnam has seen marked changes in family structures and dynamics this century For Vietnam however these changes have been especially radical After decades of French acculturation the 1940s brought sweeping economic changes and a move away from collectivism Perhaps because of Vietnam s long isolation from the late 1970s into the early 1990s very little has been written on the Vietnamese family This text provides an examination of the Vietnamese family focusing on two fundamental relationships husband wife and parent children within their wider social and historical context The author explores how and why marital partners are chosen individual s domains within the family reproduction and birth control son preference ancestor worship and the role of the state As such the study will be of interest not just to sociologists but also to those scholars looking to understand the current social transformation of Vietnam

Labour in Vietnam Anita Chan,2011-08-12 Two decades after Vietnam introduced a programme of economic renovation commonly known as Doi Moi the country today allows market competition in industry and a new working class has been created This is the first book to focus on the role and conditions of workers in the new economic regime The authors of the book trace Vietnam s labour history explore the impact of the socialist legacy and examine the reasons for the large number of recent strikes The book provides insights into the workforce of one of Asia s most rapidly developing industrial economies

Market Cultures Robert W. Hefner,2018-10-08 Market Cultures examines the spectacular growth of capitalist enterprise among overseas Chinese and Southeast Asians It does so not through formal models but by way of the varied cultures and organizations in which Asian capitalism is embedded Eschewing talk of a uniform Asian miracle the book shows that there existed complex precedents for

New Perceptions of the Vietnam War Nathalie Huynh Chau Nguyen,2014-12-12 The effects of the War outside present day Vietnam are ongoing Substantial Vietnamese communities in countries that participated in the conflict are contributing to renewed interpretations of it This collection of new essays explores changes in perceptions of the war and the Vietnamese diaspora examining history politics biography and literature with Vietnamese American Australian and French scholars providing new insights Twelve essays cover South Vietnamese leadership and policies women and civilians

veterans overseas smaller allies in the war Australia accounts by U S Australian and South Vietnamese servicemen as well as those of Indigenous soldiers from the U S and Australia memorials and commemorations and the legacy of war on individual lives and government policy

Facing the Future, Reviving the Past John Kleinen, 1999 A Study of Social Change in a Northern Vietnamese Village is based on anthropological fieldwork between 1992 and 1996 in a small Red River delta village It treats the history of the village since its foundation in the mid seventeenth century based on existing French and Vietnamese archival materials At the same time the book discusses the essentialist character of the Vietnamese village community Special interest is devoted to internal politics within the village which enable powerful lineages and groups to regain political and social power within the village The recent revival of religious activities as a result of the renovation policy is taken into consideration Since Vietnamese society is changing at a very fast pace a longitudinal study of this nature provides the reader with a firsthand account of the interplay between the reform under a Marxist regime and local village society

The Chinese State at the Borders Diana Lary, 2011-11-01 In this ground breaking study Hsiao Ting Lin demonstrates that the Chinese frontier was the subject neither of concerted aggression on the part of a centralized and indoctrinated Chinese government nor of an ideologically driven nationalist ethnopolitics Instead nationalist sovereignty over Tibet and other border regions was the result of rhetorical grandstanding by Chiang Kai shek and his regime Tibet and Nationalist China's Frontier makes a crucial contribution to the understanding of past and present China Tibet relations A counterpoint to erroneous historical assumptions this book will change the way Tibetologists and modern Chinese historians frame future studies of the region

A Maritime Vietnam Tana Li, 2024-02-01 Despite its 3 000 kilometre coastline few people see Vietnam as a maritime country Here Li Tana presents a powerful new argument about Vietnamese history that key political changes resulted from the impact economic and otherwise of the sea This is a finely layered account covering the two millennia before colonisation that radically restructures how we understand the role of the maritime and trans regional in Vietnam's early history Drawing on exhaustive research of Chinese Vietnamese and Japanese sources Li reveals that it is only when viewed against the background of the sea that Vietnam's past can be properly understood In contrast to traditional perceptions of an inward looking society dominated by Chinese cultural influence Vietnam was shaped by dynamic littoral economic and cultural contact

Approaching Transnationalisms Brenda Yeoh, Michael W. Charney, Tong Chee Kiong, 2003-06-30 The term transnationalism has gained considerable academic and popular currency despite a lack of clear definitions in part because its overall form changes as its influence incorporates additional spheres of daily life on a variety of scales and contexts The purpose of this volume is to bring together different perspectives on this phenomenon using case studies that represent some of the most current thinking on transnationalism in a wide range of disciplines Central themes which this book explores include legal and economic reactions to transnational migration the renegotiation of identities in the context of changing national social and cultural identities and the emergence of new imaginings of home and social space

in transnational communities Approaching Transnationalisms Studies on Transnational Societies Multicultural Contacts and Imaginings of Home foregrounds powerful transnational forces crossing the boundaries of nation states and at the same time gives attention to the continued significance of the nation state and the diversity of localized reactions to transnational challenges *Select List of Recent Publications* East-West Center.
