Chicano examines Mexican American print culture to explore how conceptions of citizenship and manhood developed in the nineteenth and twentieth centuries The year 1848 saw both the signing of the Treaty of Guadalupe Hidalgo that ended the U S Mexican War and the year of the Seneca Falls Convention the first organized conference on women s rights in the United States These concurrent events signaled new ways of thinking about U S citizenship and placing these historical moments into conversation with the archive of Mexican American print culture Varon offers an expanded temporal frame for Mexican Americans as long standing participants in U S national projects Pulling from a wide variety of familiar and lesser known works from fiction and newspapers to government documents images and travelogues Varon illustrates how Mexican Americans during this period envisioned themselves as U S citizens through cultural depictions of manhood Before Chicano reveals how manhood offered a strategy to disparate Latino communities across the nation to imagine themselves as a cohesive whole as Mexican Americans and as political agents in the U S Though the Civil Rights Movement is typically recognized as the origin point for the study of Latino culture Varon pushes us to consider an intellectual history that far predates the late twentieth century one that is both national and transnational He expands our framework for imagining Latinos relationship to the U S and to a past that is often left behind

Protestantism in Guatemala Virginia Garrard-Burnett, 2010-07-22 Guatemala has undergone an unprecedented conversion to Protestantism since the 1970s so that thirty percent of its people now belong to Protestant churches more than in any other Latin American nation To illuminate some of the causes of this phenomenon Virginia Garrard Burnett here offers the first history of Protestantism in a Latin American country focusing specifically on the rise of Protestantism within the ethnic and political history of Guatemala Garrard Burnett finds that while Protestant missionaries were early valued for their medical clinics schools translation projects and especially for the counterbalance they provided against Roman Catholicism Protestantism itself attracted few converts in Guatemala until the 1960s Since then however the militarization of the state increasing public violence and the globalization of Guatemalan national politics have undermined the traditional ties of kinship custom and belief that gave Guatemalans a sense of identity and many are turning to Protestantism to recreate a sense of order identity and belonging Brentano's Book Chat ,1918 **Reports of Cases Determined in the Supreme Court of the Philippine Islands from ...** Philippines.
