Blavatsky, Annie Besant, 2014-03 This Is A New Release Of The Original 1893 Edition **Lucifer** ,1895 A History of Islam in America Kambiz GhaneaBassiri, 2010-04-19 Traces the history of Muslims in the US and their waves of immigration and conversion across five centuries Indian Arrivals, 1870-1915 Elleke Boehmer, 2015 Indian Arrivals 1870 1915 Networks of British Empire examines how at the height of empire Britain was threaded through with Indian influences and ideas in spite of colonial divisions Throughout the study is motivated by the notion that Indian travellers learned from the friendships they made in the west but also that they contributed to the development of a late Victorian cosmopolitanism of which they were an intrinsic part Tracing the intricate encounters that took place between arriving Indians and their British hosts often through the medium of literature and journalism the book paints a more textured picture than has been available to date of cross cultural contact between Indians and Britons and in so doing explores the myriad ways in which the centre of the nineteenth century imperial world was criss crossed by its margins just as the margins were by the centre Indian Arrivals offers a sustained reflection on what it is to arrive in another culture in all senses of the word The Problem of Disenchantment Egil Asprem, 2014-07-10 The Problem of Disenchantment offers a comprehensive and interdisciplinary approach to the intellectual history of science religion and the occult in the early 20th century By developing a new approach to Max Weber's famous idea of a disenchantment of the world and drawing on an impressively diverse set of sources Egil Asprem opens up a broad field of inquiry that connects the histories of science religion philosophy and Western esotericism Parapsychology occultism and the modern natural sciences are usually viewed as distinct cultural phenomena with highly variable intellectual credentials In spite of this view Asprem demonstrates that all three have met with similar intellectual problems related to the intelligibility of nature the relation of facts to values and the dynamic of immanence and transcendence and solved them in comparable terms **Lucifer.
