**Lucky City** Weston Bate,1978 Included brief discussion of Aboriginal way of life relations with whites place names

**Lucky City** Weston Bate,2003     *Lucky City* ,1979     *Lucky City* Weston Bate,1999-02-02 Ballarat was not a typical goldfield There was little surface alluvial gold and in a tantalising search for fabulous underground river beds the youthful migrants of the 1850s overcame immense obstacles They were both thrifty and speculative using the profits of one bonanza to pursue another and were probably goaded by officialdom into the famous Eureka rebellion of 1854 Weston Bate explores the interaction of man with the environment He sees Ballarat s pioneers as heroic adventurers And he shows how a makeshift boom town matured into Golden City City of Gardens City of Sculptures *Lucky City* tells how pastoral agricultural timber milling and mining activity sustained a regional marketplace and industrial centre It looks at the spread of Ballarat s influence across the country and charts its rivalry with Bendigo and its resentment of Melbourne s interference This is the lively story of an immigrant community Its focus is human its writing clear and engaging and its wonderful collection of illustrations covers the whole panorama of Ballarat life     Eureka John Molony,2013-05-24 Before dawn on 3 December 1854 colonial troopers at Ballarat attacked a group of gold miners who had thrown up a stockade in defiance and defence Some diggers had guns but many were unarmed some twenty of them were killed along with four troopers In the decades that followed the truth of what happened that morning became obscured by partisans on both sides For many years the Eureka Stockade was regarded as a shameful event and almost forgotten more recently it has been celebrated as a righteous stand against injustice John Molony s *Eureka* vividly recreates the story of Eureka and unravels the myths that have come to surround it This new edition of Molony s classic work now beautifully illustrated with historic Eureka images will be welcomed by everyone with an interest in the history of Australian democracy     The Welsh in an Australian Gold Town Robert Llewellyn Tyler,2010-11-01 Works which have sought to look specifically at the Welsh in Australia have been few in number and characterised by a concentration on prominent individuals and cultural religious societies thus excluding many facets of immigrant life This book provides an analysis of the Welsh immigrant community in the Ballarat Sebastopol gold mining district of Victoria Australia during the second half of the nineteenth century and considers all aspects of the Welsh immigrant experience As its focus the book has the Welsh migrant group as a whole in one particular area during one period of time for ultimately it was the migrants themselves who were responsible for the strength or weakness of Welsh religious life the success or failure of Welsh cultural institutions they who decided whether or not to retain and transmit their national language if indeed they spoke it in the first place they who chose whether or not to marry within their own group to live amongst their own to retain the ties of Welshness and pass on the values of the Old Country or to attempt full and immediate integration they who were miners or shop owners abstainers or drunkards law abiding or criminal A true picture of Welsh immigrant life can only be obtained by considering the community in its entirety to view it in the round as it were This work

attempts to do just that and hopes to make some small contribution to the understanding of what it was to be one amongst the thousands of Welsh people who lived in a particular place at a certain time in a land so far from Wales

**People and Place** Len Richardson, 2020-05-04 This book traces the enduring relationship between history people and place that has shaped the character of a single region in a manner perhaps unique within the New Zealand experience It explores the evolution of a distinctive regional literature that both shaped and was shaped by the physical and historical environment that inspired it Looking westwards towards Australia and long shut off within New Zealand by the South Island's rugged Southern Alps the West Coast was a land of gold coal and timber In the 1950s and 1960s it nurtured a literature that embodied a sense of belonging to an Australasian world and captured the aspirations of New Zealand's emergent radical nationalism More recent West Coast writers observing the hollowing out of their communities saw in miniature and in advance the growing gulf between city and regional economies aligned to an older economic order losing its relevance Were they chronicling the last hurrah of a retreating age or crafting a literature of regional resistance
