Brenden,2017-07-31 Tragedy often strikes when least expected as was the case with Abigail McCarthy It was during the prosperous fifties when disaster struck when life should have been filled with optimism and joyous possibilities It was a time when Abigail was just beginning to enter midlife a peaceful time before unwelcome signs of what was to come would make themselves known But little did she know how tragedy can alter a persons life forcing them to take journeys they never would have thought possible searching for answers that are very difficult to find From having lived a sheltered life on a small prairie farm Abigail ventured to the great cities of Paris and Rome and on to the desert countries of North Africa searching for an understanding What she discovered along the way would change her life forever in ways she never thought possible
