Speaking Out for Equality

ANDREA MOORE KERR

Lucy Stone Speaking Out For Equality

John Shaw

Lucy Stone Speaking Out For Equality:

Lucy Stone Andrea Moore Kerr,1992 No study of women s history in the United States is complete without an account of Lucy Stone s role in the nineteenth century drive for legal and political rights for women This first fully documented biography of Stone describes her rapid rise to fame and power and her later attempt at an equitable marriage Lucy Stone was a Massachusetts newspaper editor abolitionist and charismatic orator for the women s rights movement in the last half of the nineteenth century She was deeply involved in almost every reform issue of her time Charles Sumner Frederick Douglass William Lloyd Garrison Julia Ward Howe Horace Greeley and Louisa May Alcott counted themselves among her friends Through her public speaking and her newspaper the Woman s Journal Stone became the most widely admired woman s rights spokeswoman of her era In the nineteenth century Lucy Stone was a household name Kerr begins with Stone s early roots in a poor family in western Massachusetts She eventually graduated from Oberlin College and then became a full time public speaker for an anti slavery society and for women s rights Despite Stone s strident anti marriage ideology she eventually wed Henry Brown Blackwell and had her first child at the age of thirty nine Although Kerr tells us about Stone s public accomplishments she emphasizes Stone s personal struggle for autonomy Lucy Stone Only was Stone s trademark signature following her marriage Her refusal to surrender her birth name was one example of her determination to retain her individuality in an era where a woman s right to a separate identity ended with marriage Of equal importance is Kerr s discussion of Stone s relationship with Susan B Anthony and Elizabeth Cady Stanton as well as her revisionist treatment of the schism which eventually divided Stone from Stanton and Anthony Stone urged legislators not to ignore the need for women s suffrage as they rushed to enfranchise black males Stanton and Anthony dwelt only on the need for women s suffrage at the expense of black suffrage Women s historians the general reader and historians of the family will appreciate the story of Stone s attempt to balance the conflicting demands of career and family Lucy Stone Andrea Moore Kerr,1995

10 Women who Helped Shape America Sarah Glasscock,1996 This collection highlights the lives of only ten American women but there are many many more who have contributed in significant ways to our country **Sojourner Truth's America** Margaret Washington,2009-03-11 An expansive new biography of Sojourner Truth charismatic preacher and activist *No Vote for Women* Bernadette Cahill,2019-10-23 From 1865 Susan B Anthony and Elizabeth Cady Stanton led campaigns for equal rights for all but were ultimately defeated by a Congress and reformers intent on applying suffrage established with constitutional amendments and legislation to men only Ignoring all women black and white advocates argued that enfranchising black men would solve race problems masking the effect on women This book weaves Anthony s and Stanton s campaigns together with national and congressional events in the process uncovering relationships among these events and revealing the devastating impact on the women and their campaign for civil rights for all citizens

Women, Gays, and the Constitution David A. J. Richards,1998-07-20 In this remarkable study David A J Richards

combines an interpretive history of culture and law political philosophy and constitutional analysis to explain the background development and growing impact of two of the most important and challenging human rights movements of our time feminism and gay rights Richards argues that both movements are extensions of rights based dissent rooted in antebellum abolitionist feminism that condemned both American racism and sexism He sees the progressive role of such radical dissent as an emancipated moral voice in the American constitutional tradition He examines the role of dissident African Americans Jews women and homosexuals in forging alternative visions of rights based democracy He also draws special attention to Walt Whitman s visionary poetry showing how it made space for the silenced and subjugated voices of homosexuals in public and private culture According to Richards contemporary feminism rediscovers and elaborates this earlier tradition And similarly the movement for gay rights builds upon an interpretation of abolitionist feminism developed by Whitman in his defense both in poetry and prose of love between men Richards explores Whitman s impact on pro gay advocates including John Addington Symonds Havelock Ellis Edward Carpenter Oscar Wilde and Andr Gide He also discusses other diverse writers and reformers such as Margaret Sanger Franz Boas Elizabeth Stanton W E B DuBois and Adrienne Rich Richards addresses current controversies such as the exclusion of homosexuals from the military and from the right to marriage and concludes with a powerful defense of the struggle for such constitutional rights in terms of the principles of rights based feminism

Suffrage Susan L. Poulson, 2019-09-03 Four generations of women fought for the right to vote This book shows how their grand reform effort overcame resistance from traditionalists fearing social decay religious leaders citing scriptural prohibitions and a stodgy political establishment reluctant to share power What was it like to be among the founders of the women s movement in the middle of the nineteenth century with no script to follow and self doubt dogging their every move This book not only reminds us of the laws that conspired against women s equality in the post Civil War United States but it also illustrates through the eyes of the suffragists themselves the cultural and religious norms that had held women in second class status for centuries Early suffragists grappled with isolation and outright hostility as they lectured around the nation even as they tried to reassure the public that politicized women would still serve the family Others espoused outrage by organizing public protests This book shows how lasting political change comes about through a combination of working from within the system and outside of it and deftly illustrates the tensions within the movement Although the vote was finally won in 1920 it was not without tremendous sacrifice The book lays bare the strategies that led to the single minded focus on the vote and the consequences of postponing action on so many other issues that remained for later generations to address including reproductive freedom labor rights and equal pay

Lucretia John Shaw, 2004 Fame did not interest Lucretia Garfield wife of our twentieth President In 1882 and again in 1887 she was invited to have her biography included in books about distinguished or famous American women She refused in both cases stating that she was not distinguished The story of James A Garfield s spectacular rise to the presidency of the United States has been told many times But the forceful influence

of his wife Lucretia has received little attention So successful was she in staying out of the public eye that her name gradually vanished from sight This new book explores the life of this accomplished and fascinating woman

Women, Power, and Political Change Bonnie G. Mani, 2007-01-01 Women Power and Political Change analyzes the lives of fourteen American women who facilitated social and political changes since America's founding Bonnie G Mani describes the social and political context of each time period and uncovers how women can influence public policy without holding elected office and without personal wealth

Suffrage Ellen Carol DuBois, 2020-02-25 Honoring the 100th anniversary of the 19th amendment to the Constitution this exciting history explores the full scope of the movement to win the vote for women through portraits of its bold leaders and devoted activists Distinguished historian Ellen Carol DuBois begins in the pre Civil War years with foremothers Lucretia Mott Elizabeth Cady Stanton Susan B Anthony and Sojourner Truth as she explores the links of the woman suffrage movement to the abolition of slavery After the Civil War Congress granted freed African American men the right to vote but not white and African American women a crushing disappointment DuBois shows how suffrage leaders persevered through the Jim Crow years into the reform era of Progressivism She introduces new champions Carrie Chapman Catt and Alice Paul who brought the fight into the 20th century and she shows how African American women led by Ida B Wells Barnett demanded voting rights even as white suffragists ignored them DuBois explains how suffragists built a determined coalition of moderate lobbyists and radical demonstrators in forging a strategy of winning voting rights in crucial states to set the stage for securing suffrage for all American women in the Constitution In vivid prose DuBois describes suffragists' final victories in Congress and state legislatures culminating in the last most difficult ratification in Tennessee DuBois follows women's efforts to use their voting rights to win political office increase their voting strength and pass laws banning child labor ensuring maternal health and securing greater equality for women Suffrage Women's Long Battle for the Vote is sure to become the authoritative account of one of the great episodes in the history of American democracy

Votes for Women! The American Woman Suffrage Movement and the Nineteenth Amendment Marion W. Roydhouse, 2020-07-08 This contextual narrative of the 70 year history of the woman suffrage movement in the United States demonstrates how an important mass political and social movement coalesced into a political force despite class racial ethnic religious and regional barriers Votes for Women provides an updated consideration of the questions raised by the mass movement to gain equality and access to power in our democracy It interprets the campaigns for woman suffrage from the 1830s until 1920 analyzes the impact of the Nineteenth Amendment and presents primary documents to allow a glimpse into the minds of those who campaigned for and against woman suffrage The book's examination of the 70 year woman suffrage campaign shows how the movement faced enormous barriers was perceived as threatening the very core of accepted beliefs and was a struggle that showcased the efforts of strong protagonists and brilliant organizers who were intellectually innovative and yet were reflective of the great divides of race ethnicity religion economics and region

existing across the nation Included within the narrative section are biographies of significant personalities in the movement such as militant Alice Paul and anti suffragist Ida Tarbell as well as more commonly known leaders Elizabeth Cady Stanton and Susan B Anthony

Parker Pillsbury Stacey M. Robertson,2018-09-05 Parker Pillsbury one of the most important and least examined antislavery activists of the nineteenth century was a man of intense contradictions Was he a disruptive eccentric who lashed out at authority proclaiming Lincoln the worst president in the nation s history or a sensitive visionary committed to social justice In the first full length biography of this remarkable American Stacey M Robertson depicts a man who became a leading voice in the antebellum period Crisscrossing the North for twenty five years Pillsbury denounced slavery to all who would listen In his travels he often endured the violent rage of mob opposition but he also received the passionate support of fellow advocates Robertson s vivid portrayal of this itinerant agitator revises standard views of the antislavery movement by highlighting the interplay between activists such as Pillsbury and the national leadership which they often challenged She also reveals how Pillsbury one of the nation s first male feminists struggled to reject the notion of male dominance in his political philosophy public activism and personal relationships The biography of a man devoted to justice and equality this book places his motivations and experiences in the context of nineteenth century social reform but never strays far from Pillsbury himself His voice irascible and fiery whimsical and compassionate offers a vivid reminder that history is the story of individual lives

Elizabeth Cady Stanton Lori D. Ginzberg,2010-08-31 Elizabeth Cady Stanton was a brilliant activist intellectual That nearly all of her ideas that women are entitled to seek an education to own property to get a divorce and to vote are now commonplace is in large part because she worked tirelessly to extend the nation s promise of radical individualism to women In this subtly crafted biography the historian Lori D Ginzberg narrates the life of a woman of great charm enormous appetite and extraordinary intellectual gifts who turned the limitations placed on women like herself into a universal philosophy of equal rights Few could match Stanton s self confidence loving an argument she rarely wavered in her assumption that she had won But she was no secular saint and her positions were not always on the side of the broadest possible conception of justice and social change Elitism runs through Stanton s life and thought defined most often by class frequently by race and always by intellect Even her closest friends found her absolutism both thrilling and exasperating for Stanton could be an excellent ally and a bothersome menace sometimes simultaneously At once critical and admiring Ginzberg captures Stanton s ambiguous place in the world of reformers and intellectuals describes how she changed the world and suggests that Stanton left a mixed legacy that continues to haunt American feminism

The Laws That Shaped America Dennis W. Johnson,2009-05-31 For better and sometimes for worse Congress is a reflection of the aspirations wants and priorities of the American people It reflects the kaleidoscope of special interests and unselfish service to others of favors sought and sacrifices made During each two year session of Congress thousands of pieces of legislation are proposed many hundreds are given serious consideration but far fewer are eventually enacted into law Most enactments

have limited impact affect few and are quietly forgotten in the flow of legislative activity However a small number of laws have risen to the level of historical consequence These are the laws that have shaped America and they are the subject of this book Which pieces of legislation were the most significant for the development of the nation Which have had an immediate or lasting impact on our society Which laws so affected us that we could not imagine how our lives would be without them Dennis W Johnson vividly portrays the story of fifteen major laws enacted over the course of two centuries of American democracy For each law he examines the forces and circumstances that led to its enactment the power struggles between rival interests the competition between lawmakers and the administration the compromises and principled stands and the impact of the legislation and its place in American history *A New Moral Vision* Andrea L. Turpin, 2016-08-25 In *A New Moral Vision* Andrea L Turpin explores how the entrance of women into U S colleges and universities shaped changing ideas about the moral and religious purposes of higher education in unexpected ways and in turn profoundly shaped American culture In the decades before the Civil War evangelical Protestantism provided the main impetus for opening the highest levels of American education to women Between the Civil War and World War I however shifting theological beliefs a growing cultural pluralism and a new emphasis on university research led educators to reevaluate how colleges should inculcate an ethical outlook in students just as the proportion of female collegians swelled In this environment Turpin argues educational leaders articulated a new moral vision for their institutions by positioning them within the new landscape of competing men s women s and coeducational colleges and universities In place of fostering evangelical conversion religiously liberal educators sought to foster in students a surprisingly more gendered ideal of character and service than had earlier evangelical educators Because of this moral reorientation the widespread entrance of women into higher education did not shift the social order in as egalitarian a direction as we might expect Instead college graduates who formed a disproportionate number of the leaders and reformers of the Progressive Era contributed to the creation of separate male and female cultures within Progressive Era public life and beyond Drawing on extensive archival research at ten trend setting men s women s and coeducational colleges and universities *A New Moral Vision* illuminates the historical intersection of gender ideals religious beliefs educational theories and social change in ways that offer insight into the nature and cultural consequences of the moral messages communicated by institutions of higher education today **We Will Be Free** Nancy Koester, 2023-02-21 Christianity Today Book Award of Merit in History Biography 2024 Sojourner Truth s powerful voice calls to us through this evocative narrative of faith in action and her words are more relevant than ever Though born into slavery Sojourner Truth would defy the limits placed upon her as a Black woman to become one of the nineteenth century s most renowned female preachers and civil rights advocates In *We Will Be Free* Nancy Koester chronicles her spiritual journey as an enslaved woman a working mother and an itinerant preacher and activist On Pentecost in 1827 the course of Sojourner Truth s life was changed forever when she had a vision of Jesus calling her to preach Though women could not be trained as

ministers at the time her persuasive speaking powerful singing and quick wit converted many to her social causes During the Civil War Truth campaigned for the Union to abolish slavery throughout the United States and she personally recruited Black troops for the effort Her activism carried her to Washington DC where she met Abraham Lincoln and ministered to refugees of Southern slavery Truth s faith driven action continued throughout Reconstruction as she aided freed people campaigned for reparations advocated for women s rights and defied segregation on public transportation Sojourner Truth s powerful voice once echoed in the streets of Washington and New York Her passion rings out again in Nancy Koester s vivid writing As the legacy of slavery and segregation still looms over the United States today students of American history Christians and all interested readers will find inspiration and illumination in Truth s story **Boston and the Civil War** Barbara F

Berenson,2022-05-10 A history of the American Civil War as experienced by the people of Boston Boston s black and white abolitionists forged a second American revolution dedicated to ending slavery and honoring the promise of liberty made in the Declaration of Independence Before the war Bostonians were bitterly divided between those who supported the Union and those opposed to its endorsement of slavery The Fugitive Slave Act brought the horrors of slavery close to home and led many to join the abolitionists March to war with Boston s brave soldiers including the grandson of Patriot Paul Revere and the Fighting Irish The all black Fifty fourth Massachusetts Regiment battled against both slavery and discrimination while Boston s women fought tirelessly against slavery and for their own right to be full citizens of the Union Join local historian and author Barbara F Berenson on a thrilling and memorable journey through Civil War Boston *Women in Congress, 1917-2006* Matthew Andrew Wasniewski,2006 Contains profiles contextual essays historical images and appendices that provide information about the 229 women who have served in Congress from 1917 through 2006 **Picturing Political**

Power Allison K. Lange,2021-09-27 For as long as American women have battled for equitable political representation those battles have been defined by images whether drawn etched photographed or filmed Some of these have been flattering many of them have been condescending and some have been scabrous They have drawn upon prevailing cultural tropes about the perceived nature of women s roles and abilities and they have circulated both with and without conscious political objectives Allison K Lange takes a systematic look at American women s efforts to control the production and dissemination of images of them in the long battle for representation from the mid nineteenth century onward **Elizabeth Cady Stanton and Susan**

B. Anthony Penny Colman,2013-07-23 Weaving events quotations personalities and commentary into a page turning narrative Penny Colman s Elizabeth Cady Stanton and Susan B Anthony vividly portrays a friendship that changed history In the Spring of 1851 two women met on a street corner in Seneca Falls New York Elizabeth Cady Stanton a thirty five year old mother of four boys and Susan B Anthony a thirty one year old unmarried former school teacher Immediately drawn to each other they formed an everlasting and legendary friendship Together they challenged entrenched beliefs customs and laws that oppressed women and spearheaded the fight to gain legal rights including the right to vote despite fierce opposition

daunting conditions scandalous entanglements and betrayal by their friends and allies
