Mary Hunter, 1999-04-12 Mozart's comic operas are among the masterworks of Western civilization and yet the musical environment in which Mozart and his librettist Lorenzo da Ponte wrote these now popular operas has received little critical attention In this richly detailed book Mary Hunter offers a sweeping synthetic view of opera buffa in the lively theatrical world of late eighteenth century Vienna Opera buffa Italian language comic opera persistently entertained audiences at a time when Joseph was striving for a German national theater Hunter attributes opera buffa's success to its ability to provide sheer pleasure and hence explores how the genre functioned as entertainment She argues that opera buffa like mainstream film today projects a social world both recognizable and distinct from reality It raises important issues while containing them in the merely entertaining frame of the occasion as well as presenting them as a series of easily identifiable dramatic and musical conventions Exploring nearly eighty comic operas Hunter shows how the arias and ensembles convey a multifaceted picture of the repertory's social values and habits In a concluding chapter she discusses *Cos fan tutte* as a work profoundly concerned with the conventions of its repertory and with the larger idea of convention itself and reveals the ways Mozart and da Ponte pointedly converse with their immediate contemporaries [Mozart-Bibliographien](#) Karl F. Magnus Tessing Schneider,2021-11-15 The Original Portrayal of Mozart's Don Giovanni offers an original reading of Mozart's and Da Ponte's opera Don Giovanni using as a lens the portrayal of the title role by its creator the baritone Luigi Bassi 1766 1825 Although Bassi was coached in the role by the composer himself his portrayal has never been studied in depth before and this book presents a large number of new sources first and second hand accounts which allows us to reconstruct his performance scene by scene The book confronts Bassi's portrayal with a study of the opera's early German reception and performance history demonstrating how Don Giovanni as we know it today was not only created by Mozart Da Ponte and Luigi Bassi but also by the early German adapters translators critics and performers who turned the title character into the arrogant and violent villain we still encounter in most of today's stage productions Incorporating discussion of dramaturgical thinking of the late Enlightenment and the difficult moral problems that the opera raises this is an important study for scholars and researchers from opera studies theatre and performance studies music history as well as conductors directors and singers **E. Since its beginnings opera has depended on recognition as a central aspect of both plot and theme Though a standard feature of opera recognition a moment of new awareness that brings about a crucial reversal in the action has been largely neglected in opera studies In *Recognition in Mozart's Operas* musicologist Jessica Waldoff draws on a broad base of critical thought on recognition from Aristotle to Terence Cave to explore the essential role it plays in Mozart's operas The result is a fresh approach to the familiar question of opera as drama and a persuasive new reading of Mozart's operas
