

A man and a woman are standing in a high-rise office, looking at each other. The woman is wearing a purple dress and has her arms crossed. The man is wearing a dark suit and has his hand on his chin. They are in front of a large window that looks out over a city skyline. A desk lamp is visible on the left, and an office chair is on the right.

Choices And Chances Lorne Tepperman, 2019-03-11 Choices and Chances is an ideal supplement to introductory textbooks. By showing how theories can apply to everyday life, it demonstrates the ways sociology, a living growing discipline, can shed light on issues of immense personal and social importance.

The Words of My Life Christina Marra, 2016-06-30 Vivid at times raw with emotion and dripping with sentiment, Christina Marra traces the timeline of her life with soulful imagery and profound emotion. She speaks of relatable experiences using the poetry she calls the Words of Her Life. Marra begins with the birth of self and traces the development of her thoughts and feelings as she experiences love, life, and a full range of emotions during her adolescence and into her adulthood. She exasperates the development of self through profound images that speak to the very heart of your soul. She speaks of family upbringing, dreams, and love. She speaks of the foundation of emotions that she associates with every aspect of her living. She questions learned truths and visits the very nature of her being. Marra finds herself in her writings and through her loving acceptance, she is the woman she is today.

Daterviewing Greg Churchman, 2004-08 Written for business professionals at all levels and companies of all sizes, *Daterviewing* reaches deep into the fundamentals of emotion where prejudices run rampant and first impressions rule. In an engaging and entertaining manner, nationally known interviewing and staff retention strategist Greg Churchman reflects upon the dating world as he encourages business leaders to recognize the similar biases that develop when they select employees and candidates for employment. Churchman's process for selecting qualified employees and keeping them on board is based on specific sets of criteria developed for each available position. Following are some easy-to-follow steps to help you to hire successfully: Surveying, Distinguish what you want versus what your company needs in an employee, Searching, Learn where to find candidates, Screening, Develop and ask questions that relate to the desired characteristics, Selecting, Make the best selection by avoiding biases, Sustaining, Examine differences between successful and failed professional and personal relationships. A poor choice in any relationship can be very costly, both financially and emotionally. *Daterviewing* explores how interviewing is strikingly similar to dating, shows how to avoid the drawbacks of both, and assists you in making choices that will help you succeed.

Sexual Generations Robin Roberts, 1999 Boldly going where no one has gone before, Robin Roberts forges intriguing links between feminist politics and theory and the second *Star Trek* series, *Star Trek: The Next Generation*. This lively discussion shows how science fiction's ability to make the familiar strange allows *Star Trek* to expose and comment on entrenched attitudes toward gender roles and feminist issues. By having aliens or sexually neutral beings enact female dominance or passivity, experience pregnancy or maternity, or suffer rape or abortion, *Star Trek* provides viewers with a new perspective on these experiences and an antidote to explicit and implicit cultural biases. Roberts maintains that the relevance of *Star Trek: The Next Generation* to feminist issues accounts as no other factor can for the program's huge following of female fans. The incisive and innovative readings in *Sexual Generations* provide food for thought.

external and internal environments Grace shows that bringing your focus to both of these worlds is a powerful way to design the life you're meant to live. In these pages Grace takes you on a journey to design your living spaces using the classic Bagua map, a chart separating physical spaces into nine areas, each representing a different aspect of life such as wealth, family, and career. But perhaps more importantly, she goes one step further, teaching you the inner work of feng shui using her own Inner Wisdom Bagua map, which correlates the characteristics, beliefs, and attitudes that will help you flourish in each area of your life. Sharing anecdotes from her own experience switching careers from an ESPN executive to a feng shui consultant, as well as her clients' success stories, Grace walks you through each area of the standard and Inner Wisdom Bagua maps to create unique solutions for your life. She teaches you to harness the power of your intuition to determine what's true and important for you. And she offers practical tools based on concepts such as Yin and Yang, the Five Elements, and the Magical Day to help you figure out which enhancements will be the most effective in transforming your life. By celebrating key principles like universal gratitude, a positive outlook, and living in the present moment, she shows you how to manage life on a day-to-day basis and points you toward your life's true purpose.

Eros and Ethos Jason Stotts, 2018-02-09 Sexual ethics has historically been a bleak landscape of three false alternatives: resist, abstain, or indiscriminately indulge. In *Eros and Ethos*, philosopher Jason Stotts presents a radical new alternative in which sex is an ethically important part of a rich human life. He shows how sex is a significant expression of our character because sex arises out of the deepest and most fundamental parts of who we are. On his account, virtue lies in proudly bringing desire in line with our flourishing so that we can create rich and meaningful lives.

Beyond the Veil Quinn Loftis, 2012-12-05 Though the Serbian pack has been brought to heel thanks to the downfall of their Alpha, the war is far from over. Desdemona, a witch of unfathomable power, has escaped the wolves' wrath, but she will not go quietly into the night. She takes refuge in a place where even the smallest sliver of light does not dare to enter. Though she had to flee, she has not given up on the treasure she wishes to acquire. Her depravity knows no bounds; she's even willing to search for the one who can assist her in opening a Veil that has not been opened in millennia. With good reason, the danger is incalculable. Meanwhile, there are major changes rippling through the Romanian Grey wolves. Decebel has become Alpha to the Serbian pack in an effort to begin to unite the *Canis lupus* species. Their numbers are dwindling in the wake of the shortage of true mates and lack of offspring. The wolves are beginning to lose faith, and darkness seems to be crashing in on them from all sides. But the winds of change are blowing changes that will alter the future of not only the *Canis lupus* but of another ancient race as well. Amidst all of this, Sally is continuing to come to terms with her relationship with the playful, charming, flirty, unbelievably handsome bartender who happens to be a member of the Romanian pack. If all that weren't enough, the Fates have decided to pay a little visit to Jen. It's time to collect. She cheated the Fates of a life, her life. Now they want what they are due. The problem? It's more than Jen is willing to pay. Yes, the war is indeed far from over. Bargains will be struck, declarations will be made, sacrifices will be given, love will be tested, and trust will be questioned as
