Or Is It A Game Or Is It Life:

If Life Is a Game, How Come I'm Not Having Fun? Paul Brenner, 2001-04-19 In this lively and enlightening book Paul Brenner suggests that treating life's events and everyday activities as a game would lead to a more socially functional and effective society Through compelling suggestions and dynamic anecdotes he conceptualizes all our economic political social and spiritual pursuits in terms of role play and demonstrates the contribution this perspective can make to the happiness of individuals and to the systemic welfare of an increasingly complex social order *Life Is a Game* DJ Con, 2012-12-14 DJ Con presents and explains his beliefs and theories as well as the concepts of astrology and numerology as he shares his journey to spiritual enlightenment As a seeker of the truth DJ Con offers insight into the lessons he gained from a wide variety of personal experiences throughout his lifetime By offering a fresh perspective on how he learned to stop visualizing life from a materialistic point of view and began moving to a spiritual awakening he allows others to envision a world of unlimited possibilities and new beginnings DJ Con passes on the wisdom and inspiration he acquired from each life experience and in doing so he sheds light on such introspective issues as battling with negative energy developing an awareness of the deep energies inside releasing anger and life's expectations and living consciously and intensely in the present moment Through sharing the often intimate details of his challenging spiritual journey DJ Con reveals exactly how he eventually reached a destination so peaceful alive clear and vibrant that he is now able to exist in the here and now achieving a level of awareness that once seemed impossible May his journey inspire yours

Life Is Simply A Game Steven Redhead, 2016-02-24 Life is indeed a game that we all play to pass time simply a series of days strung together made up of how you planned or decided to spend the moments Like any game how well it is played or whether life's circumstances are interpreted accurately then used to the best advantage makes losers and winners to varying degrees Senseless insanity is alive and well within the world The world is awash with unruly forces that if not intent upon harming you do desire to become a destabilising force either temporarily or over the long term We are all participants in a charade how life evolves and turns out all depend on how well the game is played It is not wise or ideal to treat life like a game of chance a random roll of the dice that can determine unpredictable outcomes The cost of success is the careful application of well thought out concepts and ideas Like any game preparation is critical understanding the rules knowing how to manipulate the dynamics at play efficiently to one's own advantage understanding the intricacies of the rules and how to capitalise upon or create opportunities pursuing whatever circumstances are present to maximise whatever potential exists to the best advantage The potential opportunities in life are only limited by the inability to firstly comprehend them and secondly to fully utilise personal abilities to maximise the potential that is available Don't wait for special times to evolve rather create them in accordance with your true desires to experience what you wish to make real Much like any game the game of life has things that can be obtained or things that can be lost How the game is played the value of the stakes the opposing factions all come to dictate an outcome be that

favourable or lacking any resemblance of being lucky A life lived based upon any reliance on luck or fate being favourable is tempting only to the over optimistic or those extremely lucky ones or who were fortunate in the past and believe that good fortune will continue in the future While it takes resources to control the world the control of your own specific world environment is really within your potential to achieve How you choose to control your world as well as to what extent your desires are put into action determine whether your life will meet your wishes or not The amount of thought and energy you exhort the persistence of that effort all comes to determine whether and to what degree what you want is what you actually get In life you may win or loose at times it s basically just like playing a game the right mentality is chancing the wheel of life by trusting and ensuring you will win just the same When Did My Life Become a Game of Twister? Lucifer White,2018-03-11 **With Or Without God, Life's Mysteries Continue Ruminations on God, Life, Death, Spirits, Reincarnation and the Future of Humankind** Sondlo Leonard Mhlaba, PhD,2010 Sooner or later we all face the questions explored in With or Without God Life s Mysteries Continue questions about the purpose of life human mortality spirituality God and life beyond the grave The title conveys the author s tentativeness perhaps humility There are no

postulates here no truths to be revealed These are ruminations What makes these ruminations notable is that they are those of a man who in his own words has traversed centuries of human experience in 66 years and in the process acquired a unique perspective on life and nature Mhlaba grew up in Zimbabwe in what he calls a pre modern age He has lived in fear of spooks and ghosts worshipping ancestral spirits and was subject to the tyranny of witches and the machinations of unseen forces He could have easily remained in that life as his forebears had done before him Fortunately his parents understood that he and his siblings would live much of their lives in a changed world and prepared them through education The book ends with a fascinating look into the future of humankind taking the reader through uncharted territory and a new sense of awe about the meaning of life and what may lie beyond Mhlaba went on to earn a Ph D and taught physics and mathematics at university level He now lives in Newton Massachusetts with his wife Nancy They have four grown children Mhlaba is currently writing a book on global governance
