Bowen,2017-09-11 In A History of Conversion to Islam in the United States Volume 2 The African American Islamic Renaissance 1920 1975 Patrick D Bowen offers an in depth account of African American Islam as it developed in the United States during the fifty five years that followed World War I Having been shaped by a wide variety of intellectual and social influences the African American Islamic Renaissance appears here as a movement that was characterized by both great complexity and diversity Drawing from a wide variety of sources including dozens of FBI files rare books and periodicals little known archives and interviews and even folktale collections Patrick D Bowen disentangles the myriad social and religious factors that produced this unprecedented period of religious transformation      [The Lives of Jean Toomer](#) Cynthia Earl Kerman,Richard Eldridge,1989-03-01      *Gurdjieff and Hypnosis* Mohammad Tamdgidi,2009-11-23 This book explores the life and ideas of the enigmatic twentieth century philosopher mystic and teacher of esoteric dances George Ivanovitch Gurdjieff performing a hermeneutic textual analysis of all his writings to illuminate the place of hypnosis in his teaching Foreword by J Walter Driscoll      **Explorations in Active Mentation** Keith A. Buzzell,2006      **Impossible Heights** Adnan Morshed,2015-01-15 The advent of the airplane and skyscraper in 1920s and 30s America offered the population an entirely new way to look at the world from above The captivating image of an airplane flying over the rising metropolis led many Americans to believe a new civilization had dawned In Impossible Heights Adnan Morshed examines the aesthetics that emerged from this valorization of heights and their impact on the built environment The lofty vantage point from the sky ushered in a modernist impulse to cleanse crowded twentieth century cities in anticipation of an ideal world of tomorrow Inspired by great new heights American architects became central to this endeavor and were regarded as heroic aviators Combining close readings of a broad range of archival sources Morshed offers new interpretations of works such as Hugh Ferriss s Metropolis drawings Buckminster Fuller s Dymaxion houses and Norman Bel Geddes s Futurama exhibit at the 1939 New York World s Fair Transformed by the populist imagination into master builders these designers helped produce a new form of visuality the aesthetics of ascension By demonstrating how aerial movement and height intersect with popular superman discourses of the time Morshed reveals the relationship between architecture art science and interwar pop culture Featuring a marvelous array of never before published illustrations this richly textured study of utopian imaginings illustrates America s propulsion into a new cultural consciousness      **Gurdjieff and Orage** Paul Beekman Taylor,2001-03-01 This title provides a glimpse into the nature of the thought of two influential men and the origins of the

spiritual path they taught Known as esoteric teachers Gurdjieff especially is well known in the West to those who follow the occult tradition

*Psychological Subjects* Mathew Thomson,2006-05-25 This is a history of how twentieth century Britons came to view themselves and their world in psychological terms and how this changed over time It examines the extent to which psychological thought and practice could mediate not just understanding of the self but also a wide range of social and economic political and ethical issues that rested on assumptions about human nature In doing so it brings together high and low psychological cultures it focuses not just on health but also on education economic life and politics and it reaches from the start of the century right up to the 1970s Mathew Thomson highlights the intense excitement surrounding psychology at the start of the century and its often highly unorthodox expression in thought and practice He argues that the appeal of psychological thinking has been underestimated in the British context partly because its character has been misconstrued Psychology found a role because rather than shattering values it offered them new life The book considers the extent to which such an ethical and social psychological subjectivity survived the challenges of an industrial civilization a crisis in confidence regarding human nature wrought by war and political extremism and finally the emergence of a permissive society It concludes that many of our own assumptions about the route to psychological modernity centred on the rise of individualism and interiority and focusing on the liberation of emotion and on talk relationships and sex need substantial revision or at least setting alongside a rather different path when it comes to the Britain of 1900 70

*America's Alternative Religions* Timothy Miller,1995-07-01 This is a single volume source of reliable information on the most important alternative religions covering for each such essentials as history theology impact on the culture and current status The chapters of the book were written by experts who study the movements they have written about

[Gurdjieff Groups in America](#) A. Orage,George Gurdjieff,2015-10-23 The volumes of The Force of Gurdjieff Magisteria publishing collection reunite various rare important and sometimes unknown texts written by people who were influenced by the remarkable force of the Gurdjieff s teaching This volume reunites all the material from volumes 1 2 and 5 in our collection While being the only disciple acknowledged by Gurdjieff in his own writings referring to him as my inner world essence friend Orage besides having an important contribution to Gurdjieff s teaching through his help with the first translation of Gurdjieff s books in English language and through his own writings and lectures was a crucial self standing spiritual figure through his own work and ideas This book contains explanations of Gurdjieff exercises

*Gurdjieff* John Shirley,2004 A dramatic and literate introduction to one of the twentieth century s most influential and intriguing spiritual teachers Born in the shifting border between Turkey and Russia in 1866 G I Gurdjieff is a man who would continually straddle borders between East and West between man and something higher than man between the ancient teachings of esoteric schools and the modern application of those ideas in contemporary life In many respects from the concept of group meetings to the mysterious workings of the enneagram to his critique of humanity as existing in a state of sleep Gurdjieff pioneered the culture of spiritual search that

has taken root in the West today While many of Gurdjieff s students including Frank Lloyd Wright Katharine Mansfield and P D Ouspensky are well known few understand this figure possessed of complex writings and sometimes confounding methods In Gurdjieff An Introduction to His Life and Ideas the acclaimed novelist John Shirley one of the founders of the cyberpunk genre presents a lively reliable explanation of how to approach the sage and his ideas In accessible dramatic prose Shirley retells that which we know of Gurdjieff s life he surveys the teacher s methods and the lives of his key students and he helps readers to enter the unparalleled originality of this remarkable teacher

**Encyclopedia of the Harlem Renaissance: A-J** Cary D. Wintz,Paul Finkelman,2004 From the music of Louis Armstrong to the portraits by Beauford Delaney the writings of Langston Hughes to the debut of the musical Show Boat the Harlem Renaissance is one of the most significant developments in African American history in the twentieth century The Encyclopedia of the Harlem Renaissance in two volumes and over 635 entries is the first comprehensive compilation of information on all aspects of this creative dynamic period For a full list of entries contributors and more visit the Encyclopedia of Harlem Renaissance website

**Sapphists and Sexologists: Histories of Sexualities** Mary McAuliffe,Sonja Tiernan,2009-03-26 Sapphists and Sexologists Histories of Sexualities Volume II contributes to the ever evolving debates on lesbian lives and histories This volume includes a mixture of engaging essays from established and young scholars and opens with a succinct incisive and often comical take on lesbian lives relationships and cats by internationally esteemed scholar Sally R Munt Unique essays include the personal reflections on writing historical fiction by the celebrated author Emma Donoghue and an exclusive conversational record from Joan Nestle on her life loves and activism The scope of this collection is truly international a collaborative work of scholars from many different disciplines universities and countries The central theme of the book continues from the first volume Tribades Tommies and Transgressives Histories of Sexualities in its questioning of established histories of sexualities methodologies and theoretical practices

*Intellectuals Incorporated* Robert Vanderlan,2011-06-06 Publishing tycoon Henry Luce famously championed many conservative causes and his views as a capitalist and cold warrior were reflected in his glossy publications Republican Luce aimed squarely for the Middle American masses yet his magazines attracted intellectually and politically ambitious minds who were moved by the democratic aspirations of the New Deal and the left Much of the best work of intellectuals such as James Agee Archibald MacLeish Daniel Bell John Hersey and Walker Evans owes a great debt to their experiences writing for Luce and his publications Intellectuals Incorporated tells the story of the serious writers and artists who worked for Henry Luce and his magazines Time Fortune and Life between 1923 and 1960 the period when the relationship between intellectuals the culture industry and corporate capitalism assumed its modern form Countering the notions that working for corporations means selling out and that the true life of the mind must be free from institutional ties historian Robert Vanderlan explains how being embedded in the corporate culture industries was vital to the creative efforts of mid century thinkers Illuminating their struggles through careful research and biographical vignettes Vanderlan shows how their

contributions to literary journalism and the wider political culture would have been impossible outside Luce's media empire. By paying attention to how these writers and photographers balanced intellectual aspiration with journalistic perspiration, *Intellectuals Incorporated* advances the idea of the intellectual as a connected public figure who can engage and criticize organizations from within. **Gurdjieff Groups in America** George I. Gurdjieff, Alfred R. Orage, Magisteria, 2015-03-03 As we live in the age of electronic transmitted knowledge we have compiled a short selection from Magisteria's *Force of Gurdjieff* volumes 1, 2 and 5 in order to present you with a taste of Gurdjieff's ideas presented by Alfred Orage at the groups in America. As far as we are concerned these short texts are food for pondering which represents that basic human activity leading to formal reasoning as Orage used to say. They should be consumed and digested amidst our modern life for the special energy they release and this is why we have made them available as such. For the full texts of Orage transcriptions please see the aforementioned volumes. You must also know that we have also prepared a complete extended edition on paper for everyone who desires to have these three volumes under the same cover.

**America's Early Montessorians** Gerald L. Gutek, Patricia A. Gutek, 2020-09-05 This book traces the early history of the Montessori movement in the United States through the lives and careers of four key American women: Anne George, Margaret Naumburg, Helen Parkhurst, and Adelia Pyle. Caught up in the Montessori craze sweeping the United States in the Progressive era, each played a significant role in the initial transference of Montessori education to America and its implementation from 1910 to 1920. Despite the continuing international recognition of Maria Montessori and the presence of Montessori schools world-wide, Montessori receives only cursory mention in the history of education, especially by recognized historians in the field and in courses in professional education and teacher preparation. The authors, in seeking to fill this historical void, integrate institutional history with analysis of the interplay and tensions between these four women to tell this educational story in an interesting and often dramatic way.

*The Inner West* Jay Kinney, 2004-06-17 The founder of the influential *Gnosis* magazine collects essays by some of today's finest spiritual writers to explore the West's magical and esoteric traditions: Rosicrucianism, Freemasonry, Gnosticism, The Knights Templar. Even before the success of *The Da Vinci Code*, many readers knew of these and other aspects of Western esoterica. But few understand their true meaning. In *The Inner West*, more than twenty essays by seventeen leading authors shine a light on some of the most mysterious and closely held aspects of the Western tradition. Its authors bring to life the symbolist and occult philosophies that populate the history and beliefs of the Western way. These same philosophies, which include variants of Christian and Jewish mysticism and the teachings of figures like Rudolf Steiner and G. I. Gurdjieff, can present a deep and different spiritual path for today's seekers. Spiritual seekers have often looked to the East for inspiration and guidance. Yet increasing numbers of people are discovering that many helpful wisdom traditions have existed right here in the West. With the Kabbalah and Tarot cards more popular than ever and alternative spirituality from Wicca to Sufism gaining a new audience, *The Inner West* is a timely book for this expanding

audience
