## **Oratio Ad Graecos And Fragments:**

**Oratio Ad Graecos and Fragments** Tatianos,1982      *Oratio Ad Graecos and Fragments* Tatian,1982 Oratio ad Graecos and fragments      **Apologetic Discourse and the Scribal Tradition** Wayne Campbell Kannaday,2004 Annotation It is commonly acknowledged that the original manuscripts of Matthew Mark Luke and John did not survive the exigencies of history What modern readers refer to as the canonical Gospels are in fact compositions reconstructed from copies transmitted by usually anonymous scribes Apologetic Discourse and the Scribal Tradition examines an important facet of the fascinating but seldom reported story of the interests that shaped the formation of the text of the New Testament With an informed awareness of the dynamic discourse between pagan critics and early defenders of early Christianity and careful scrutiny of more than one hundred variant readings located in the literary tradition of the New Testament text the author drafts a compelling case that some scribes occasionally modified the text of the Gospels under the influence of apologetic interests      **Early Christian Thinkers** Paul Foster,2012-04-10 This book introduces twelve key Christians from the second and third centuries a formative period for the Church These figures are Justin Martyr Irenaeus Tatian Theophilus of Antioch Clement of Alexandria Tertullian Perpetua Origen Hippolytus Cyprian Gregory Thaumaturgos and Eusebius Each chapter is self contained and requires no preliminary knowledge of the figure under discussion making this an ideal book for laity and for undergraduates studying Christian origins or Patristics      **A Companion to Second-Century Christian 'Heretics'** Antti Marjanen,Petri Luomanen,2008 The book deals with thinkers and movements that were embraced by many second century religious seekers but which are now largely forgotten or known only as heretics Basilides Sethianism Valentinus school Marcion Tatian Bardaisan Montanists Cerinthus Ebionites Nazarenes Jewish Christianity of the Pseudo Clementines and Elchasites      **Cosmology and Fate in Gnosticism and Graeco-Roman Antiquity** Nicola F. Denzey,2013-04-09 In *Cosmology and Fate in Gnosticism and Graeco Roman Antiquity* Nicola Denzey Lewis dismisses Hans Jonas mischaracterization of second century Gnosticism as a philosophically oriented religious movement built on the perception of the cosmos as negative or enslaving A focused study on the concept of astrological fate in Gnostic writings including the Apocryphon of John the recently discovered Gospel of Judas Trimorphic Protennoia and the Pistis Sophia this book reexamines their language of enslavement to fate Gk heimarmene from its origins in Greek Stoicism its deployment by the apostle Paul to its later use by a variety of second century intellectuals both Christian and non Christian Denzey Lewis thus offers an informed and revisionist conceptual map of the ancient cosmos its influence and all those who claimed to be free of its potentially pernicious effects      *Worshipping a Crucified Man* Jeremy Hudson,2021-01-01 By the mid second century Christian writers were engaging in debates with educated audiences from non Jewish Graeco Roman cultural backgrounds A remarkable feature of some of the texts from this period is how extensively they refer to the Jewish scriptures even though those scriptures were unfamiliar to non Jewish Graeco Romans In *Worshipping a Crucified Man* Jeremy Hudson explores for

the first time why this should have been so by examining three works by Christian converts originally educated in Graeco Roman traditions Justin Martyr's First Apology Tatian's Oratio and Theophilus of Antioch's Ad Autolycum Hudson considers their literary strategies their use of quotations and allusions and how they present the Jewish scriptures all against the background of the Graeco Roman literary culture familiar to both authors and audiences The scriptures are presented as a critically defining feature of Christianity instrumental in shaping the way the new religion presented itself as it strove to engage with and challenge the cultural traditions of the Graeco Roman world

**Traditional Christian Ethics** David W. T. Brattston, 2014 Volume One of Traditional Christian Ethics describes the terminology discusses popular approaches to ethical decision making today illustrates that the earliest Christians conducted themselves in accordance with a large number of specific moral rules states the method of this set of books for reconstructing the content of early Christian ethics law as attested before the devastating epidemic and mass apostasy of AD 249-251 gives reasons for regarding this as the terminal date and provides a guide to using the lists At a number of points this volume deals with objections to its theses Volume One also furnishes you with complete information as to where you can find and look up the ancient sources cited in translation Traditional Christian Ethics will help you solve problems in moral decision making when Scripture is unclear or silent You can solve them through its comprehensive itemized concordances of citations to precepts of Christian ethics from all translated ancient texts Its sources possess unassailable authority that cannot be fabricated and are persuasive among most Christian denominations Preachers and professional scholars will find them invaluable as a starting point in preparing their own sermons books articles and essays on specific points of ethics

**The Stoic Sage** René Brouwer, 2014-01-09 The first ever book length study of the influential Stoic concept of wisdom

**Tatian and the Jewish Scriptures** Robert F. Shedinger, 2001 It has long been argued that Tatian in the production of the Diatessaron made regular reference to the Old Testament Peshitta when he came across Old Testament citations in the Gospels This book argues on the contrary that Tatian made little or no use of the Old Testament Peshitta but regularly took over the text of the Old Testament citations as he found them in the Gospel sources out of which he created his harmony Where they differ from the form of these citations in the standard Greek text tradition of the Gospels it is because in the second century Tatian had access to Gospel sources which may have varied significantly from the text of the later manuscripts on which our modern critical editions are based Thus Tatian's Diatessaron becomes a window into an early state of the Gospel texts and supports the idea that a significant amount of textual fluidity characterized the Gospel texts in the first two centuries of their transmission This study will be of interest to those working in the fields of Diatessaronic studies New Testament Textual Criticism and the history of the Syriac Church

Thyestean banquets and Oedipean unions So a late second century Christian Apologist wrote with reference to his critics Against these and other charges the Apologists rallied Not so they maintained It was not the Christians but their critics who were the atheists and the Christians were the true theists They were atheists only insofar as they denied the fabricated gods of the cults and the immoral deities of theaters That they explained was why Christians absented themselves whatever the cost from the imperial cult theaters and amphitheaters They were not cannibals as Thyestes was when he ate the flesh of his children To suggest otherwise was to misunderstand Christians consuming Christ s flesh and blood at the Eucharist Nor were they imitators of Oedipus who entered into sexual relations with Jocasta his Queen and though he knew it not also his mother Christians did exchange the kiss of peace They did love one another They were not however incestuous Any promiscuous love on their part extended only to a very practical love of every needy soul This book explores these arguments especially noting the Apologists commitment to God s oneness to Christians not worshipping anything made and to humans properly caring for fellow creatures **Demons in the Details** Sara Ronis,2025-04-15 The Babylonian Talmud is full of stories of demonic encounters and it also includes many laws that attempt to regulate such encounters In this book Sara Ronis takes the reader on a journey across the rabbinic canon exploring how late antique rabbis imagined feared and controlled demons Ronis contextualizes the Talmud s thought within the rich cultural matrix of Sasanian Babylonia placing rabbinic thinking in conversation with Sumerian Akkadian Ugaritic Syriac Christian Zoroastrian and Second Temple Jewish texts about demons to delve into the interactive communal context in which the rabbis created boundaries between the human and the supernatural and between themselves and other religious communities Demons in the Details explores the wide range of ways that the rabbis participated in broader discussions about beliefs and practices with their neighbors out of which they created a profoundly Jewish demonology **Schools of Faith** David Fergusson,Bruce McCormack,2019-01-10 Schools of Faith represents a diversity of essays from scholars in several continents The contributors all leading theologians and ethicists offer reflections on historical and contemporary themes which are significant for wider debates in theological education and church life in today s world The range of contributor and content provides a fitting tribute to the work of Iain R Torrance over many years Amid the numerous subjects discussed the authors focus on liturgy textual criticism public theology the ethics of war Christian doctrine divine action ecumenism inter faith dialogue spiritual formation the office of the minister and the interface between religion and literature The multi faceted nature of this collection signifies its importance for historical systematic and practical theology MOTHERHOOD OF THE BLESSED VIRGIN MARY IN THE WRITINGS OF MAR EPHREM THE SYRIAN NOBBY XAVIER MANATT,2025-01-20 *The Routledge Companion to Early Christian Thought* D.

Conceptions of "Gospel" and Legitimacy in Early Christianity James A. Kelhoffer,2014-05-14 Whether he is asking about the role of New Testament exegesis among other academic disciplines the suppression of anger in Pauline writings or at what point came to designate a written Gospel James A Kelhoffer's patient and careful exegesis provides an intriguing lens through which to view early Christianity Many struggles of early Christ believers he finds reflect intra ecclesial struggles to establish the legitimacy of a view or a religious leader vis a vis competing

ideologies or leaders Those already familiar with Kelhoffer's *Miracle and Mission* 2000 *The Diet of John the Baptist* 2005 and *Persecution Persuasion and Power* 2010 will find in this volume refreshing insights suggested but not developed in his other books

**Divine Simplicity in the Theology of Irenaeus** Jonatán Simons, 2023-07-31 This book focuses on Irenaeus as key to the early Christian appropriation of divine simplicity as a philosophical principle since he is the first Christian source to explain his usage in relation to God Beyond providing limits for what a simple God can and cannot mean he also applies this principle to God's activity i.e. creating and to God's names and powers There is a growing interest in the early Christian appropriation of divine simplicity Simons' study is timely as the first book to focus exclusively on the earliest explanation and application
