Knirck, 2006 The key turning point in modern Ireland's history the Anglo Irish Treaty of 1921 has shadowed Ireland's political life for decades In this first book length assessment of the treaty in over seventy years Jason Knirck recounts the compelling story of the nationalist politics that produced the Irish Revolution the tortuous treaty negotiations and the deep divisions within Sinn Féin that led to the slow unraveling of fragile party cohesion Focusing on broad ideological and political disputes as well as on the powerful personalities involved the author considers the major issues that divided the pro and anti treaty forces why these issues mattered and the later judgments of historians He concludes that the treaty debates were in part the result of the immaturity of Irish nationalist politics as well as the overriding emphasis given to revolutionary unity A fascinating story in their own right the treaty debates also open a wider window onto questions of European nationalism colonialism state building and competing visions of Irish national independence Treaty Documents **The Nanjing Massacre and Sino-Japanese Relations** Zhaoqi Cheng, 2020-10-17 Based on extensive research on the International Military Tribunal for the Far East this book closely examines the claims and controversy surrounding the Nanjing Massacre a period of murder in 1937 1938 committed by Japanese troops against the residents of Nanjing Nanking after the capture of the then capital of the Republic of China during the Second Sino Japanese War Focusing on weighing up arguments denying Nanjing Massacre this book considers the Japanese Illusion school of thought which contests the truth of the Nanjing Massacre claims including the death toll and the scale of the violence The Nanjing Massacre remains a controversial issue in Sino Japanese relations despite the normalization

of bilateral relations and this book goes to great lengths to examine the events through comparative narratives investigating different perspectives and contributing to the debate from the extensive research of the Tokyo Trial Research Centre at Shanghai as well as volumes of Chinese and Japanese historical documents
