Orden Del Temple La:

The Templars and their Sources Karl Borchardt, Karoline Döring, Philippe Josserand, Helen Nicholson, 2017-01-20
Even 700 years after the suppression of the Order of the Temple and the execution of the last grandmaster Jacques de Molay there is no shortage of publications on this influential military order Yet unlike other medieval institutions the Templars are subject to speculative fiction and popular myth which threaten to swamp the fruits of scholarly endeavour Fortunately recent years have produced a thriving academic scholarship which is challenging these myths More and more sources are currently being edited particularly those for the trial of the Templars 1307 1312 Others are still awaiting indepth study among them surprisingly the greater part of the charters that cover more than 150 years of the Order s history The papers in this volume step into this gap and critically evaluate new directions in Templar studies on the basis of as yet unedited source material Open issues and desiderata regarding the sources are discussed and from a range of inspiring results a new status quaestionis is proposed that will not only provide a better understanding of the Order s archaeological economical religious administrative and military history but also set new points of departure for the editing of charters and administrative documents The papers here are grouped into six sections focusing on the headquarters of the Order its charters manpower and finance religious life and finally the suppression and the Order s afterlife

The Hospitallers of Rhodes and their Mediterranean World Anthony Luttrell, 2024-10-28 The studies in the present volume on the history of the Order of the Hospital between 1306 and 1522 are not only concerned with the part it played in the defence of the Latin Levant but also with its role in Western society The first articles deal with the settlement of Rhodes the conflicts with the Turks and with the Hospitallers participation in crusading expeditions As important however is the question of how they managed to support their military achievements Drawing on the results of many years research into the archives of the Hospital both in Malta and in the provincial archives Dr Luttrell examines their administration of the Rhodian islands and details some of the resources they drew from elsewhere notably the West whether in terms of recruitment money raising or the exploitation of their estates Particular attention is given to the Hospitaller properties in Italy and Spain and to the nature of Hospitaller life in these western priories and commanderies

Les tudes regroup es dans le pr sent volume qui traitent de l histoire de l Ordre de l H pital entre 1306 et 1522 ne s attachent pas seulement au r le jou par celui ci dans la d fense du Levant latin mais aussi son r le dans la soci t occidentale Les premiers articles s int ressent la colonisation de Rhodes aux conflits avec les Turcs et la participation des membres de l Ordre aux exp ditions crois es La question de savoir comment ils parvinrent financer leurs exploits militaires reste toutefois importante s appuyant sur les r sultats obtenus apr s de nombreuses ann es de recherches dans les archives de l H pital Malte et en province le Dr Luttrell examine leur administration des les rhodiennes et fait un compte rendu qu ils tir rent d ailleurs notamment de l Ouest que ce soit en terme de recrutement de collecte de fonds ou d exploitation de leurs terres Une attention plus particuli re est port e sur
