Burke's Handbook to the Most Excellent Order of the British Empire A. Winton Thorpe,1921 [A Virtuous Knight](#) Craig Taylor (Historian),2019 A radical re interpretation of the chivalric biography of Boucicaut The Livre des fais du bon messire Jehan le Maingre 1409 is one of the most famous chivalric biographies of the Middle Ages It presents Jean II Le Meingre known as Boucicaut 1366 1421 as an ideal knight and role model and has frequently been seen by modern scholars as a last ditch effort to defend traditional chivalric values that were supposedly in decline Here however Craig Taylor argues that the biography is a much more complex and interesting text fusing traditional notions of chivalry with the most fashionable new ideas in circulation at the French court at the start of the fifteenth century Rather than a nostalgic criticism of contemporary knighthood it should be seen as a showcase of the latest ideas on chivalry written to renew the enthusiasm of the great French princes for a man who was in grave danger of falling out of favour its purpose was to celebrate and to defend a beleaguered Boucicaut against his critics at the royal court and to explain his actions as governor of Genoa his failed crusading enterprises in the Eastern Mediterranean and his unsuccessful efforts to broker a solution to the Papal Schism CRAIG TAYLOR is a Reader in Medieval History at the University of York he was Director of its Centre for Medieval Studies from 2010 to 2011 and from 2014 to 2017 [Official Index to the Times](#) ,1923 **On the Margins of Crusading** Professor Helen J Nicholson,2013-07-28 Founded to support Christian pilgrims to the Holy Land and most famous for their support for crusading the Military Religious Orders activities and interests stretched far beyond the frontiers of Christendom Representing some of the most recent advances in research in this volume eleven scholars from Europe and North America explore important and hitherto under researched aspects of the Orders history scrutinising their relations with the papacy their organisational structure their devotional practices their fortresses and their presence in the localities of Western Europe Particular attention is given to the Templars trial of 1307 12 and the question of how the surviving Orders reorganised themselves after the loss of the kingdom of Jerusalem in 1291 The majority of the papers consider the leading Military Orders the Hospitallers and Templars but there are also studies of the Orders of Mountjoy and of St Lazarus showing how they adapted their activities to local requirements These studies reflect the vitality of current scholarship on the Military Religious Orders **On the Margins of Crusading** Helen Nicholson,2016-05-23 Founded to support Christian pilgrims to
