*Legal Aid Lawyers and the Quest for Justice* Daniel Newman, 2014-07-18 This book examines the state of access to criminal justice by considering the health of the lawyer client relationship under legal aid In the largest study of its kind for some two decades ethnographic fieldwork is used to gain a fresh perspective upon the interaction that lies at the heart of the criminal justice system s equality of arms The research produces two contradictory messages in interview lawyers claim a positive relationship with their clients while under participant observation there emerges quite the opposite Paying more heed to what was seen than what was said it is supposed that these lawyers were able to talk the talk but not walk the walk The lawyers treat their clients with wanton disrespect making fun of them talking over them and pushing them to plead guilty despite protestations to the contrary The evidence is damning for this branch of the legal profession and tragic for the clients who depend on them What is responsible for this malaise inadequate financial remuneration Increased time pressures Lapsed ethical training Whatever the origin this book is intended to show the profession that there is a problem one that could get worse unless they choose to learn from the mistakes made by the lawyers in this study **Empirical Theories**

**About Courts** Keith O. Boyum, Lynn Mather, 2015-11-17 The classic and groundbreaking study of trial courts and other dispute processes and foundational ways to think about researching them is now available in a modern digital edition It is edited by Professors Keith O Boyum and Lynn Mather and includes chapters from the leading theorists about courts and their research Much cited and relevant today in how it frames the analysis of courts this book s new republication features an additional Introduction and Afterword by the editors with updates and a new Foreword by Christina L Boyd As Boyd writes For nearly all civil and criminal cases the traditional model of court as a judge dominated formal adversary process of adjudication does not hold What exists instead is so variable complex and dynamic that a proper study of courts must return to first principles And that is precisely what an all star list of interdisciplinary court scholars many of whom have established storied careers as trial court experts does so well within the chapters of this book She adds I find the text to be very contemporary Empirical Theories About Courts design to focus on theory building rather than simply examining discrete datasets or engaging in data mining of a single set of observations is a key factor in the book s longevity Quality ebook features includes linked Contents and notes fully linked and paginated Index proper formatting and all of the tables and figures of the original properly presented Part of the Classics of Law Society Series from Quid Pro Books **Unravelling**

**Crime in Canada** Anthony N. Doob, Carla Cesaroni, 2004-01-01 The authors describe what is known about Canadian youth crime and the operation of the youth justice system in the context of the changes in the law that are taking place The authors posit that the youth justice system has a relatively modest impact on youth crime In order to respond intelligently to it and to

evaluate the response of the state two sets of information must be understood First society must try to understand what youth crime looks like in Canada Second in order to understand 1 and evaluate 1 the changes that are being made in youth justice legislation in Canada a clear understanding of the manner in which the youth justice system currently operates is necessary **Handbook on Sentencing Policies and Practices in the 21st Century** Cassia Spohn,Pauline

Brennan,2019-06-14 Sentencing Policies and Practices in the 21st Century focuses on the evolution and consequences of sentencing policies and practices with sentencing broadly defined to include plea bargaining judicial and juror decision making and alternatives to incarceration including participation in problem solving courts This collection of essays and reports of original research explores how sentencing policies and practices both in the United States and internationally have evolved explores important issues raised by guideline and non guideline sentencing and provides an overview of recent research on plea bargaining in the United States Australia and the United Kingdom Other topics include the role of criminal history in sentencing the past and future of capital punishment strategies for reducing mass incarceration problem solving courts and restorative justice practices Each chapter summarizes what is known identifies the gaps in the research and discusses the theoretical empirical and policy implications of the research findings The volume is grounded in current knowledge about the specific topics but also presents new material that reflects the thinking of the leading minds in the field and that outlines a research agenda for the future This is Volume 4 of the American Society of Criminology s Division on Corrections and Sentencing handbook series Previous volumes focused on risk assessment disparities in punishment and the consequences of punishment decisions The handbooks provide a comprehensive overview of these topics for scholars students practitioners and policymakers **Transforming Summary Justice** Jenni Ward,2016-11-10 Sweeping changes

are being introduced into the lower tier magistrates courts in England and Wales in efforts to modernise the system and speed up case processing They concentrate on delivering prompt justice within a modern efficient and technologically advanced system But these transformations are fundamentally changing the way justice is delivered This book analyses criminal court streamlining processes and argues that there are areas where due process protections are being undermined Transforming Summary Justice reports empirical research carried out with lay magistrates and criminal justice professionals Views and experiences drawn from magistrates are valuable because of the central role they perform in lower court justice Further magistrates provide a wider understanding of the context in which the lower criminal courts operate and enable a critical appraisal of this unique style of lay justice This book is directed at students of criminology criminal justice and socio legal studies who will find the debates stimulating and useful to engage with in contemporary analyses of criminal court justice It will also be of interest to justice and legal professionals who are seeing swingeing alterations to the field in which they work The book will have appeal in other common law jurisdictions where similar modifications to lower court justice are occurring and also across Europe where lay involvement in legal decision making is being debated and becoming accepted

practice     **Regulating Deviance** Bernadette McSherry, Alan Norrie, Simon Bronitt, 2008-12-12 The criminal attacks that occurred in the United States on 11 September 2001 have profoundly altered and reshaped the priorities of criminal justice systems around the world Domestic criminal law has become a vehicle for criminalising new terrorist offences and other transnational forms of criminality Preventative detention regimes have come to the fore balancing the scales in favour of security rather than individual liberty These moves complement already existing shifts in criminal justice policies and ideologies brought about by adjusting to globalisation economic neo liberalism and the shift away from the post war liberal welfare settlement This collection of essays by leading scholars in the fields of criminal law and procedure criminology legal history law and psychology and the sociology of law focuses on the future directions for the criminal law in the light of current concerns with state security and regulating deviant behaviour

**Gender, Sexualities and Law** Jackie Jones, Anna Grear, Rachel Anne Fenton, Kim Stevenson, 2011-03-17 Bringing together an international range of academics Gender Sexualities and Law provides a comprehensive interrogation of the range of contemporary issues both topical and controversial raised by the gendered character of law legal discourse and institutions The gendering of law persons and the legal profession along with the gender bias of legal outcomes has been a fractious but fertile focus of reflection It has moreover been an important site of political struggle This collection of essays offers an unrivalled examination of its various contemporary dimensions focusing on issues of theory and representation violence both national and international reproduction and parenting and partnership sexuality marriage and the family Gender Sexualities and Law will be invaluable for all those engaged in research and study of the law and related fields as a form of gendered power

Baderin,2017-07-05 Islamic substantive law otherwise called branches of the law furu al fiqh covers the textual provisions and jurisprudential rulings relating to specific transactions under Islamic law It is to Islamic substantive law that the rules of Islamic legal theory are applied The relationship between Islamic legal theory and Islamic substantive law is metaphorically described by Islamic jurists as a process ofcultivation istithmar whereby the qualified jurist mujtahid as

the cultivator uses relevant rules of legal theory to harvest the substantive law on specific issues in form of fruits thamarat from the sources. The articles in this volume engage critically with selected substantive issues in Islamic law including family law, law of inheritance, law of financial transactions, criminal law, judicial procedure and international law (al siyar). These areas of substantive law have been selected due to their contemporary relevance and application in different parts of the Muslim world today. The volume features an introductory overview of the subject as well as a comprehensive bibliography to aid further research.
