through the eyes of a skateboarder using stories from the world of skateboarding to explain who God is and what God is like. When a skater first learns to street skate, pop an ollie or ride a ramp, there is a buzz of excitement. It's the thrill of riding a skateboard joined with the fun of learning a new trick. There's a similar thrill when someone begins a relationship with God. Each step into faith can bring fun and joy like learning a new trick. Life's journey is a bit like skating through a town. There may be high ledges and the ideal double set, but is there a purpose for it all? Is there a God who created us? What happens at the end of our lives? By exploring core issues, a skater's identity when a skate park feels so good, it's almost like heaven, the near-miraculous nature of some skate tricks, the dark slide of life, and whether we worship, this book aims to help skaters and non-skaters alike take a fresh look at the God who is totally for all people who calls us to come just as we are.

*Miracles and Wonders in the Middle Ages and Early Modern Period* Albrecht Classen,2025-10-20 Despite the assumption that we live today in a rather rationalist and mechanized world there remain many aspects that neither medicine nor physics can fully explain The Catholic Church continues to pronounce individuals as saints because scientifically confirmed miracles are associated with them If we want to gain a solid understanding of the pre modern history of mentality emotions and everyday culture it proves to be highly revealing to examine what miracles and wonders had meant at that time both in the theological and medical field in the visual arts and literature As a matter of fact people both in the East and in the West have consistently flocked to pilgrimage sites all over the world in the hope that a miracle might happen and solve issues for them The contributors to this volume based on a symposium at the University of Arizona May 2024 approach this critically important topic from many different perspectives taking us from the early Middle Ages to the early modern age examining hagiographical medical literary and alchemical texts discussing both miracles and wonders as relevant themes in the public discourses Both the passage through Inferno and Purgatorio as the crucial pathway toward Paradiso and the experience of women s miraculous conception are identified as deeply impactful for the pre modern world and this both in Christian and Muslim cultures

Studying miracles and wonders through a kaleidoscope of different materials and concepts makes it possible to gain a closer understanding of people's mindsets, power structures and the debate between medicine and religion. These topics were also greatly important in other cultures as several papers on Arabic medieval literature indicate. Further pursuing this global issue, we recognize easily that the separation line between the Middle Ages and the early modern period is only a modern construct and often not that helpful because the discourse on miracles and wonders has continued and influences even us today.

God of Miracles Jeff Barnhardt, 2017-12-15 This book is filled with incredible true stories of modern day miracles coupled with powerful insights and life-changing prayers. You will journey with ordinary people who the Holy Spirit uses in extraordinary ways. It will strengthen your faith and provoke you to reach higher for miracles in your own life. **The Branch Exposition of the Bible, Volume 1** Michael A. Eaton, 2020-08-31 If you picture the Bible to be a mighty tree and every word a little branch, I have shaken every one of these branches because I wanted to know what it was and what it meant. MARTIN LUTHER A great deal of biblical scholarship is written for academics and fails to edify readers or strengthen their Christian ministry. Yet Christians need to be nourished by the word of God so they can mature in faith and righteousness. Filling this gap, *The Branch Exposition of the Bible* is a resource for preachers, scholars and everyday Christians alike to help open God's word and shed its light into life, ministry and teaching. Inspired by the words of the great reformer Martin Luther about shaking every branch of Scripture and with experience in ministering across Africa, India and the West, Michael A. Eaton helps us understand the meaning of the Bible and taste its fruit. With an Old Testament volume to follow, this exposition of the New Testament accessibly engages with the biblical languages, gives application for our lives and leads us through each book of the New Testament so that we can meet the resurrected Jesus Christ in the pages of Scripture. *Chosen, 15 Minutes with Jesus* Victorya, 2012-01-16 The Book of Forgiveness And suddenly the Son of God stood manifested before me the darkness was turned to snow white and the brilliant light surrounded Him. For 15 minutes I was wrapped in the realm of God and Jesus asked Can you forgive I had been lifted I was in the middle of the brightest whitest light I had ever seen I felt him and then I saw him from the corner of my right eye I began turning my head slowly to the right until I was looking directly at him. Here he stood wholly and right next to me. The light surrounding Him was as white as snow and it was protruding from his chest it was so bright I could not see his eyes yet I knew who he was. He spoke Can You Forgive [www.Victorya.net](http://www.Victorya.net)
