1924 with him at the helm The forest research effort east of the Cascade Range picked up speed with establishment in 1931  
of the Pringle Falls Experimental Forest to research the ecologically and economically viable silvicultural systems that would  
convert the stagnant old growth forests into more productive secondgrowth forests During the ensuing six and one half  
decades a small group of Forest Service researchers and their university counterparts working at the experimental forest and  
beginning in 1963 the Bend Silviculture Laboratory pioneered and pursued the practical silvicultural research that both led
