Anderson has just graduated from CSU Stentoria with his degree in Political Science It's an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his sett led view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christi an Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved Fox Populism Reece Peck, 2019-01-03 Shows how Fox News appeal is based on its populist presentational style not its conservative ideological bias **Culture Wars** Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today The Man Who Would Not Shut Up Marvin Kitman, 2007-01-09 Raising Your Kids Right Michelle Ann Abate, 2010-07-14 Dr Seuss s classic character the Lorax Publisher description has delighted children for decades while passing along a powerful message about environmental responsibility The book s young readers and their parents would likely be surprised by the emergence of a new character Truax a kindly logger created by a longtime employee of the wood products industry who not surprisingly has a far different viewpoint to share Yet the Truax character and the book of the same name is just one example of a growing genre of conservative themed narratives for young readers spawned by the continuing strength of the American political right Highlighting the works of William Bennett Lynne Cheney Bill O Reilly and others Michelle Ann Abate brings together such diverse fields as cultural studies

literary criticism political science childhood studies brand marketing and the cult of celebrity Raising Your Kids Right dispels lingering societal attitudes that narratives for young readers are unworthy of serious political study by examining a variety of texts that offer information ideology and even instructions on how to raise kids right not just figuratively but politically
