Pfc Programmers Reference Manual:

PFC Programmer's Reference Manual Richard Brooks,1998 This comprehensive guide to the PowerBuilder Foundation Classes lists all the objects and functions that a programmer might use for a project including notes on each function Service based architecture and appropriate object oriented techniques are stressed throughout *Series 32000 Programmer's Reference Manual* Colin B. Hunter,1987 **The Definitive DataWindow** Richard Brooks,2000 For PowerBuilder PowerJ and PowerSite developers the DataWindow object offers remarkable power and most developers have only scratched the surface of what it can do Part reference part tutorial The Definitive DataWindow is a systematic guide covering everything from the basics to the most advanced skills and techniques The CD ROM contains all example code including a complete application plus a natural language application demo from Elf Software **Software Engineering Education** Rosalind L. Ibrahim,1995-02-17 This volume constitutes the proceedings of the 8th Conference on Software Engineering Education SEI CSEE 1995 held in New Orleans Louisiana USA in March April 1995 The volume presents 25 carefully selected full papers by researchers educators trainers and managers from the relevant academic industrial and governmental communities in addition there are abstracts of keynote speeches panels and tutorials The topics covered include curriculum issues Goals what should we be teaching Process issues Software engineering in special domains Requirements and designs People management and leadership skills Technology issues Education and training needs and trends **American Book Publishing Record Cumulative 1998** R R Bowker Publishing,1999-03 **Distributed Application Development with PowerBuilder 6** Michael Barlotta,1999 Covering PowerBuilder DPB in great detail going over various concepts and components that are involved with building an application and making it available over the network this resource begins with an explanation of the main thrust behind distributed computing followed by the steps of creating a simple application An exploration of how PowerBuilder can be used in distributed solutions both with and without using DPB is also provided Reliable Software Technologies - Ada Europe 96 Alfred Strohmeier,1996-05-29 Content Description Includes bibliographical references and index **Cumulated Index to the Books** ,1999 *Energy Research Abstracts* ,1992-05 **The Publishers Weekly** ,1998 **The AT&T Documentation Guide** ,1993-06 Catalog of the most often requested AT T documents **Primer on Computer Graphics Programming** Waterways Experiment Station (U.S.),1978 **Computer Graphics Research Project** United States Military Academy. Instruction Support Division,1974 The document represents one of a trilogy of manuals designed to outline the scope of GCS in a form which may be readily assimilated by the user This particular manual is intended for individuals who are already familiar with GCS but require instructions on the use of specific options and or facilities Each GCS user level subroutine is covered along with all of the available USET UPSET options for that subroutine There is a separate chapter which discusses the important concepts supported by each USET and UPSET option The manual is intended to be a definite treatise on all of the capabilities and

facilities available with GCS For easy reference the subroutines are presented in alphabetical order within one chapter The chapter also contains an index table at the beginning that further facilitates a quick reference option Each example presented is intended to illustrate specific characteristics about functioning of a particular subroutine or option It is impossible because of the inherent flexibility of GCS to describe all of the possible effects which can be obtained by the interaction of various options Users are encouraged to use their imagination and experiment Modified author abstract
