Raising A Reader:

Raising A Reader Jennie Nash, 2013-07-30 What were my kids born to do That is the question I hope to help them answer And because reading is the thing I love most it s only natural for me to hope it will become something they love too The trouble is that reading is a particularly slippery passion to want to pass along because it s a skill most parents would agree their children have to master to one degree or another from *Raising a Reader* Can passion be passed along from parent to child Can you in other words make someone love baseball ballet or books Of course you can t but that doesn t stop parents from trying Jennie Nash was one of those parents a parent so obsessed about getting her kids to read that her desire sometimes strayed into desperation her hope often became an obsession and instead of helping her resolve got in the way In the end she found that like so many of the things we do as parents passing along a passion for reading happens in the push and pull of digging in and letting go day in and day out both because of and in spite of our efforts Nash shares stories and misadventures from the years when her young daughters were learning what it meant to have a relationship with words and she was learning to let them She reminds us how the magic moments happen in their own sweet time by being together in the presence of good books and seeing each child as unique Each chapter of *Raising a Reader* ends with personal practical tips and games that spring straight from the narrative A comprehensive index discusses many of the books Nash has enjoyed with her children providing a year s worth of titles for parents and their children to explore *Raising a Reader* Bonnie D. Schwartz, 2003-11-05 With so many discussions and theories on reading and how children learn to read it can be very confusing for parents to know the best way to get their kids to read In *Raising a Reader* Bonnie Schwartz lays out simple researched and practice proven approaches that a parent can do to promote literacy in the home and encourage children to explore the great adventures to be found in books The first step in fostering literacy and good reading strategies in the home is to learn a little bit about how language is acquired and how this affects the development of reading The purpose of this book is to expose parents to these processes and build a knowledge base of basic games activities and strategies parents can easily use at home to foster reading development **Raising A Reader Gr. 2** Summers, Eleanor, *Raising A Reader Gr. 4* Summers, Eleanor, *Raising A Reader Gr. 3* Summers, Eleanor, **Raising A Reader Gr. 1** Summers, Eleanor, *Raising a Reader* Paul Kropp, 1996 *Raising a Reader, Raising a Writer* National Association for the Education of Young Children, International Reading Association, 1998 *12 Secrets to Raising a Reader* Sandy Fleming, 2012-01-27 This book will help parents and teachers determine how to get young children literate **Promising Practices for Partnering with Families in the Early Years** Mary M. Cornish, 2008-08-01 This volume is directed toward research to practice issues related to partnering with families of children birth through age 5 This monograph and the next monograph focuses on family and school involvement issues in two age categories This sixth volume analyzes family involvement practices across a variety of settings and programs at the early childhood level The seventh monograph in this series addresses research and practices

related to family school issues in middle and secondary schools The chapters address to varying degrees five themes based on the principles of familycentered partnerships 1 Recognizing and respecting one another's knowledge and expertise 2 Sharing information through two way communication 3 Sharing power and decision making 4 Acknowledging and respecting diversity and 5 Creating networks of support The monograph supports the accomplishment of these goals as a whole by providing important insights about exemplary programs and promising practices informed by current research Also it highlights policies and theoretical perspectives relevant to these aims Individual chapters offer a variety of practical strategies and recommendations that families early childhood practitioners policymakers and researchers can use to enhance their knowledge and strengthen their skills for partnering effectively

Handbook of Research on Family Literacy Practices and Home-School Connections Fox, Kathy R.,Szech, Laura E.,2022-06-24 Research has shown that families and schools that partner together improve literacy outcomes for their students Family literacy includes homework and shared book reading but goes beyond these school to home activities to encompass family generated practices These literacies include family connections around activities such as cooking play religion social and community groups Further study on the importance of the partnership between the home and school is required to implement best practices and provide students with the best possible education The Handbook of Research on Family Literacy Practices and Home School Connections seeks to understand the connections made and new information learned during the COVID 19 pandemic surrounding family literacy and shares updated practices and new perspectives on what it means to partner with families and embrace diverse family literacies in this new world The book also provides teachers perspectives on how future relationships between the school and home can be shaped through both narrative and research based chapters Covering key topics such as parenting homework and social distancing this major reference work is ideal for administrators school faculty academicians scholars practitioners instructors and students

Promising Practices for Engaging Families in Literacy Holly Kreider,Diana Hiatt-Michael,Margaret Caspe,2013-03-01 sponsored by the Family School Community Partnership Issues SIG Promising Practices for Engaging Families in Literacy fulfills the need from parents and teachers to improve home school assistance in every child's literacy development Literacy skills are required and valued in all academic areas and at all levels of education from preschool through adulthood This volume provides suggestions and support to improve parent child involvement in literacy activities from preschool through teacher education programs Research is provided to undergird the documented practices that increase student academic achievement through improved literacy skills across academic areas Practices include connections between home and school across age groups developmental needs groups universities community groups and technologies

How to Raise a Reader Pamela Paul, Maria Russo, 2019-09-03 An indispensable guide to welcoming children from babies to teens to a lifelong love of reading written by Pamela Paul and Maria Russo editors of The New York Times Book Review Do you remember your first visit to where the wild things are How about curling up for hours on end to discover the secret of the Sorcerer s Stone Combining clear practical advice with inspiration wisdom tips and curated reading lists How to Raise a Reader shows you how to instill the joy and time stopping pleasure of reading Divided into four sections from baby through teen and each illustrated by a different artist this book offers something useful on every page whether it s how to develop rituals around reading or build a family library or ways to engage a reluctant reader A fifth section More Books to Love By Theme and Reading Level is chockful of expert recommendations Throughout the authors debunk common myths assuage parental fears and deliver invaluable lessons in a positive and easy to act on way

Raising a Reader, 2006* **Raising a Child, Raising a Reader**, 2007 Educational hurrying has ignited a pushing down of curriculum which has resulted in higher expectations placed on kindergarteners As their children s first teachers parents are expected to prepare their children for these new demands prior to their entrance into formal schooling Parents who are concerned about these increased demands may postpone sending their child to kindergarten in order to ensure that their child will not be among those left behind Many parents fall prey to the misconception that literacy is introduced in kindergarten or grade one This school of thought shortchanges young learners who require years of literacy experiences prior to the outset of kindergarten Many parents are not aware of the profound effect they can have on their children s literacy development There are many strategies that parents can employ as they try to provide the building blocks necessary for their children s literacy acquisition Activities which are usually reserved for older learners can be adapted in order to enhance the parent child literacy partnership The extensive research contained within this Applied Thesis is intended to highlight the crucial role that parents play in their children s early literacy learning In addition this Applied Thesis

contributes strategies and resources which parents may find useful as they accompany their children on the quest for literacy. Ultimately parents have the responsibility of immersing their children in literacy related activities and of transferring to their children a love of books and reading which will last a lifetime.
