

Random Thoughts are stray thoughts. It is also called automatic semantic memories that may or may not hold a deep seated meaning.

Are you doing the right thing by doing nothing?

McDonalds have 'Happy meals'. Do they keep 'Sad meals' too?

You can call someone and tell them 'you cannot call now'

Life is not by chance and choice, rather it is by change

If you enjoy wasting time then it cannot be a 'wasted time'

We say noses run but they are fixed in one place. How is it possible?

explores recent scientific interest in meditation which despite its Western orientation remains almost exclusively concerned with practices of Asian origin Until a few years ago a major obstacle to the study of specific meditation practices within the traditions explored here was a widespread scholarly orientation that prioritized doctrinal issues and sociocultural contexts over actual practice The contributors seek to counter this bias and supplement concerns over doctrine and context with the historical study of meditative practice Asian Traditions of Meditation will appeal broadly to readers interested in meditation mindfulness and spirituality and those in the emerging field of contemplative education as well as students and scholars of Asian and religious studies
