Michelle Superle, 2011-05-09 Concurrent with increasing scholarly attention toward national children's literatures Contemporary English language Indian Children's Literature explores an emerging body of work that has thus far garnered little serious critical attention Superle critically examines the ways Indian children's writers have represented childhood in relation to the Indian nation Indian cultural identity and Indian girlhood From a framework of postcolonial and feminist theories children's novels published between 1988 and 2008 in India are compared with those from the United Kingdom and North America from the same period considering the differing ideologies and the current textual constructions of childhood at play in each Broadly Superle contends that over the past twenty years an aspirational view of childhood has developed in this literature a view that positions children as powerful participants in the project of enabling positive social transformation Her main argument formed after recognizing several overarching thematic and structural patterns in more than one hundred texts is that the novels comprise an aspirational literature with a transformative agenda they imagine apparently empowered child characters who perform in diverse ways in the process of successfully creating and shaping the ideal Indian nation their own well adjusted bicultural identities in the diaspora and or their own empowered girlhoods Michelle Superle is a Professor in the department of Communications at Okanagan College She has taught children's literature composition and creative writing courses at various Canadian universities and has published articles in *Papers and IRCL* **Historical Dictionary of**

TITAN Vinay Kamath,2018-12-15 When Titan Company Limited launched its quartz watches some 30 years ago the founders a merry bunch of Tata employees who started out simply wanting to do something different could not have foreseen just how completely they would capture the imagination of Indian consumers in the post liberalization era of the 1990s The brand they created at first against tremendous odds and restrictive norms injected freshness into the market and in retail spaces through its cutting edge marketing strategy and empathetic advertising Not only did the new watchmakers on the block transform watches from being utilitarian objects to fashion statements but it also systematically ventured into areas untapped by corporate entities with its brands Titan Tanishq Titan Eyeplus Skinn and Taneira and established itself as a winner across multiple verticals Titan Inside India s Most Successful Consumer Brand takes readers from boardrooms to back rooms to reveal how a quintessential Indian brand from the house of the Tatas not known till then for its success in the consumer goods market reached such remarkable heights It is a tale of innovation and fortitude of thinking outside the box and staying the course of obsession with detail and the courage to acknowledge failure A story that will inspire every reader here is the inside account of what continues to make Titan tick
