**The Media and Sino-American Rapprochement, 1963-1972** Guolin Yi, 2020-11-11 Winner of the ACPSS Research Award. An important new cultural study of the Cold War. Guolin Yi's *The Media and Sino American Rapprochement 1963 1972* analyzes how the media in both countries shaped public perceptions of the changing relations between China and the United States in the decade prior to Richard Nixon's visit to Beijing. This book offers the first systematic study of Cankao Xiaoxi Reference News, an internal Chinese newspaper that carried relatively objective stories the Xinhua News Agency translated from world news media for circulation among Communist cadres. As the main channel for the cadres to learn about the outside world, this newspaper provides a window into China's evolving foreign policy, including the reception of signals from the Nixon administration. Yi compares this internal communications channel with the public accounts contained in the more widely circulated newspaper *People's Daily*, a chief propaganda outlet of the Chinese Communist Party (CCP) directed at its own people and China watchers all over the world. A third level of communication emerges in classified CCP instructions and government documents. By approaching the Chinese communication system on three levels: internal, public, and classified, Yi's analysis demonstrates how people at different positions in the political hierarchy accessed varying types of information, allowing him to chart the development of Beijing's approach to the U.S. government. In a corresponding analysis of the defining features of American reporting on China, Yi considers the impact of government media relationships in the United States during the Cold War. Alongside prominent magazines and newspapers, particularly the *New York Times* and the *Washington Post*, in their differing coverage of key events, Yi discusses television networks which proved vital for promoting the success of Ping Pong Diplomacy and the impact of Nixon's visit in 1972. With its comparative study of news outlets in the two countries, *The Media and Sino American Rapprochement 1963 1972* presents a thorough and comprehensive perspective on the role of the media in influencing domestic Chinese and American public opinion during a critical decade. *Missionalia*, 2008

*Emotional Expressionism* E. Deidre Pribram, 2024-01-04. In *Emotional Expressionism: Television Seriality, the Melodramatic Mode, and Socioemotionality*, E. Deidre Pribram examines emotions as social relations through the lens of dramatic television serials as contemporary melodrama. She develops the concept of socioemotionality, addressing sociocultural forms of felt experience and exploring the role of emotions in forging narrative worlds. Through detailed analyses of serials like *Killing Eve*, *How to Get Away with Murder*, and *The Marvelous Mrs. Maisel*, Pribram argues that the prominent role emotions play in popular mediated narratives demonstrates the crucial impact of collective emotions activated through aesthetic attributes on cultural storytelling. Scholars

of television communication media and cultural studies will find this book of particular relevance *The Erotics of Passage* NA NA,2016-04-30 **Qualitative Methods in Africana Studies** James L. **Playing Tough** Roger I. Abrams,2013 Playing Tough is an entertaining and thoroughly enlightening look at the unique and surprisingly outsized role that sports have played in politics and history Ever since the bread and circuses of Rome sports have been used as a tool to entertain the masses and to instill civic pride Abrams shows both the positive and the negative ways in which sports and politics have coalesced from the rabid nationalism of the 1936 Nazi Olympics the political grudge match of the Louis and Schmeling fights and the futbol war between Honduras and Costa Rica to the inspiring stories of South Africa s rugby nation building and Muhammad Ali s brave antiwar stance which nearly cost him his career Abrams is an informed and impassioned writer who chronicles the profoundly creative and destructive influence that sports have on the political life of our nation and the world This book will be of interest to any and all sports and politics enthusiasts and is a wonderful introduction for course creation and adoption Ekphrastic encounters David Kennedy,Richard Meek,2018-12-05 This book offers a comprehensive reassessment of ekphrasis the verbal representation of visual art Ekphrasis has been traditionally regarded as a form of paragone competition between word and image This interdisciplinary collection of essays seeks to complicate this critical paradigm and proposes a more reciprocal model of ekphrasis that involves an encounter or exchange between visual and textual cultures This critical and theoretical shift demands a new form of ekphrastic poetics which is less concerned with representational and institutional struggles and more concerned with ideas of ethics affect and intersubjectivity Ekphrastic encounters brings together leading scholars working in the field of word and image studies and offers a fresh exploration of ekphrastic texts from the Renaissance to the present day Taken together the chapters establish a new set of theoretical frameworks for exploring the ekphrastic encounter
