C. Knoepfelmacher, 2024-03-29 This study shows how George Eliot a leader in the nineteenth century intellectual world of Darwin and the Industrial Revolution wrestled in her early novels with the esthetic problems of reconciling her art and her philosophy Attempting in her fiction to reproduce the real temporal world she lived in George Eliot also tried to reassure herself and her readers that their godless modern world still operated according to higher moral laws of justice and perfectibility U C Knoepfelmacher examines here for the first time in sequence George Eliot s development of increasingly sophisticated forms of fiction in her efforts to reconcile the two conflicting orientations in her thought We see this popular novelist as she progressed artistically from the flawed Amos Barton in 1857 up to the balance she achieved in Silas Marner in 1861 And we discover her in the context of her literary antecedents and surrounding in a way that brings many new affiliations to light particularly the connection of her novels to the writings of Milton the Romantic poets and her contemporaries Arnold and Carlyle Professor Knoepfelmacher thoroughly discusses each work in George Eliot s first stage brining new attention to minor works like The Lifted Veil and Scenes of Clerical Life and fresh insights to such well known works as Adam Bede The Mill on the Floss and Silas Marner This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1968 **The Cultural Work of the Late Nineteenth-Century Hostess** S. George Eliot,2015-06-25 Excerpt from Early Essays At the time of George Eliot s death or perhaps a few years later the manuscript which is here printed was placed in my hands for publication Ever since then it has lain among forgotten papers and now in order to prevent the total loss of a literary treasure for such I deem it I am accepting the responsibility of printing a few copies There exists I am aware a very pardonable weakness on the part of celebrated authors or their relatives which takes the form of a desire to remove all traces of the scaffolding by which the summit of fame has been attained The first fruits of literary genius are often interred in order that the reading public may concentrate its attention upon a masterpiece and whenever this principle of action is modified it is rather to exhibit a partiality for overripe rather than for immature productions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Selected Essays, Poems and Other Writings* George Eliot, This is a general introduction to George Eliot s work as an essayist translator and poet and should be useful as further reading for anyone studying her novels The essays show a wit and energy of a kind quite different from that of the novels which they nevertheless illuminate

theology and art **In the Face of Adversity** Thomas Nolden,2023-02-20 In the Face of Adversity explores the dynamics of translating texts that articulate particular notions of adverse circumstances The chapters illustrate how literary records of often painful experiences and dissenting voices are at risk of being stripped of their authenticity when not carefully handled by the translator how cultural moments in which the translation of a text that would have otherwise fallen into oblivion instead gave rise to a translator who enabled its preservation while ultimately coming into their own as an author as a result and how the difficulties the translator faces in intercultural or transnational constellations in which prejudice plays a role endangers projects meant to facilitate mutual understanding The authors address translation as a project of making available and preserving a corpus of texts that would otherwise be in danger of becoming censored misperceived or ignored They look at translation and adaptation as a project of curating textual models of personal communal or collective perseverance and they offer insights into the dynamics of cultural inclusion and exclusion through a series of theoretical frameworks as well as through a set of concrete case studies drawn from different cultural and historical contexts The collection also explores some of the venues that artists have pursued by transferring artistic expressions from one medium into another in order to preserve and disseminate important experiences in different cultural settings media and arts The Literary World ,1881
