Divine Passions Owen M. Lynch, 2023-07-28 Naked holy men denying sexuality and feeling elderly people basking in the warmth and security provided by devoted and attentive family members fastidious priests concerned solely with rules of purity and the minutiae of ritual practice puritanical moralists concealing women and sexuality behind purdah's veils these are familiar Western stereotypes of India The essays in *Divine Passions* however paint other more colorful and emotionally alive pictures of India ecstatic religious devotees rolling in temple dust gray haired elders worrying about neglect and mistreatment by family members priests pursuing a lusty carefree ideal of the good life and jokers reviling one another with bawdy sexual insults at marriages Drawing on rich ethnographic data from emotion charged scenarios these essays question Western academic theories of emotion particularly

those that reduce emotions to physiological sensations or to an individual's private feelings. Presenting an alternative view of emotions as culturally constructed and morally evaluative concepts grounded in the bodily self, the contributors to *Divine Passions* help dispel some of the West's persistent misconceptions of Indian emotional experience. Moreover, the edition as a whole argues for a new and different understanding of India based on field research and an understanding of the devotional bhakti tradition. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Popular and Visual Culture Ricardo Campos, Rúben Pinho, Clara Sarmiento, 2014-10-02. *Popular and Visual Culture: Design, Circulation, and Consumption* is a transnational project that fosters a dialogue with multiple origins, both in geographical and academic terms. From the onset, this book questions the concepts of visual and popular culture terms which are currently applied both to describe scientific fields as operative concepts in theoretical discourse and to characterize specific cultural contexts. The book's analysis and categorization of visual and popular culture pursues discourses and practices which mark different historical eras and shape social orders. Because popular, iconic, and written productions are the outcome of a network of political, economic, ideological, and social circumstances that are often hardly detectable and too taken for granted to be critically recognized, even by those who draw, paint, or write and live under their influence, that is why visual figurations of popular culture should be studied as the support of a deeply motivated symbolic discourse on the values shared by a community. This book deals in a way or another with how popular and visual artefacts and sceneries are socially built, preserved, and/or contested. The volume brings together not only different disciplinary perspectives but also diverse empirical phenomena while approaching the wide subject of visibility and popular culture.

Sanskrit Non-Translatables Rajiv Malhotra, Satyanarayana Dasa Babaji, 2020. *Sanskrit Non-Translatables* is a path-breaking and audacious attempt at Sanskritizing the English language and enriching it with powerful Sanskrit words. It continues the original and innovative idea of non-translatability of Sanskrit first introduced in the book *Being Different*. For English readers, this should be the starting point of the movement to resist the digestion of Sanskrit into English by introducing loanwords into their English vocabulary without translation. The book presents a thorough mechanism of the process of digestion and examines the loss of *adhikara* for Sanskrit because of translating its core ideas into English. The movement launched by this book will resist this and stop the programs that seek to turn Sanskrit into a dead language by translating all its treasures to render it redundant. It discusses fifty-four non-translatables across various genres that are

being commonly mistranslated It empowers English speakers with the knowledge and arguments to introduce these Sanskrit words into their daily speech with confidence Every lover of India s sanskriti will benefit from the book and become a cultural ambassador propagating it through routine communications [The Indian Imagination](#) NA NA,2016-04-30 The Indian Imagination focuses on literary developments in English both in the colonial and postcolonial periods of Indian history Six divergent writers Aurobindo Ghose Sri Aurobindo Mulk Raj Anand Balachandra Rajan Nissim Ezekiel Anita Desai and Arun Joshi represent a consciousness that has emerged from the confrontation between tradition and modernity The colonial fantasy of British India was finally dissolved in the first half of this century only to be succeeded by another fantasy that of the reinstated sovereign nation state This study argues that the two phases of history like the two phases of Indian writing in English together represent the sociohistorical process of colonization and decolonization and the affirmation of identity

Performance serves as a corrective to this While the passive audience has long been acknowledged in works on response theory and audience studies for its contribution to the performance event performance styles that use the audience as an active contributing creative force have been appended to the studies as merely variations on a theme This anthology brings together essays on direct audience participation in the work of fourteen widely varied theatrical and dance artists covering performance genres of the past and present popular entertainment and high art Its comprehensiveness and uniqueness make it an important contribution to the literature on theater and its many forms and facets **Kathak** Mulk Raj Anand,1959

Theatre Theory and Performance Siddhartha Biswas,2017-08-21 Over the last few centuries the world as we know it has seen remarkable change and the arts including theatre have faced new challenges Theatre is now no longer a simple point of entertainment laced with instruction or dissent but is perceived as a more collaborative idea that looks at ever changing paradigms All over the world theatre now is a dynamic process that simultaneously retains tradition and delves into extreme experimentations This book represents a starting point for a much needed critical interrogation It looks at the constant features of European theatre and brings in some Indian elements positing both in their respective locations as well as looking at the symbiosis that has been functioning for some time **Mapping Gender** Nilima Srivastava,Sunita Dhal,2025-09-30
