Rascal Takes Off Big:

The Scallywags - Memories of a Rascal's 1950's Childhood Peter Stockley,2016-07-07 Do you ever think about how the roads you walked as a child change the doors that open in your future In 1951 seven year old Peter Stockley s life was set down a dark path after losing his mother Her legacy to him was an optimism and spirit that even a vile step mother could not break and after an explosive confrontation Peter set off on a new journey via an orphanage to his aunt and uncle s home in a tenement block by the North Liverpool docks The Billogs It was here he became one of The Scallywags a group of streetwise young rascals who knew every inch of the canals docklands and railway lines With a turbulent home life intense family tragedy and a chronic heart murmur Peter had ground to make up in a golden age when children would play in the streets from dusk until dawn But with the Scallywags he had the run of the city Peter embarked on a youth of picaresque adventures clinging to the backs of speeding lorries treading the boards of bombed houses for firewood head spinning climbs up fivestorey block of flats nothing was out of bounds for the Scallywags But their adventures also gave him an iron clad sense of morality honesty and respect which would go on to shape the rest of his life This nostalgic deeply moving and often extremely funny memoir of youth and young manhood in the Liverpool of the fifties and sixties recalls the exuberant joy every child feels at being one of the gang and explores how the future can play out in very unexpected ways **Dog Helps Those**

The case begins rather simply with a request by James, the head of the Jerusalem church, to locate a missing fellow minister in the church. This puzzling disappearance has the entire Christian church in Jerusalem concerned and praying for their missing pastor. Soon the investigation for the missing person diverts Jake into a more elaborate course than that of trailing after a jewel known as The Black Diamond. Detective Jake Jezreel had never heard of The Black Diamond. And yet this mysterious object will plunge him and his wife Hannah into an adventurous investigation like he had never experienced before. What kind of power did this lustrous, gorgeous diamond have over men? How could it make men hate and attack each other to own it? Will Jake be drawn into the powerful magnetic influence this black beauty possesses? Only a nerve racking climax at the Hippodrome in Caesarea can bring the answers Jake is searching for. *The Mysteries of London. First and Second Series*[-*Third Series* by T. Miller-fourth Series by E. L. Blanchard]. George William MacArthur Reynolds, 1849 *Where the Trade-wind Blows* Mrs. Schuyler Crowninshield, 1899 **Between Gay and Straight** Lisa M. Tillmann-Healy, 2001-04-26 It started as a class project, a young married small town white woman interviewing a gay acquaintance and his circle of friends. From this developed a three year exploration of the complexities of carrying on gay/straight friendships. This reflexive, thoughtful and compellingly written study moves from gay bars to softball leagues to visits with families and friends, both gay and straight. During its course the author develops a growing understanding of the differences between the two communities, the difficulties of developing bonds across groups and the inherent rewards of seeking and being the Other in contemporary society. She explores sexuality, marriage, lifestyles and the meanings of friendship, culminating in a boisterous dissertation defense attended by her new community of friends. As a study of a gay

community a narrative of personal development and change and an exploration of the use of friendship in conducting research that transforms both participants and researcher Tillmann Healy's work will be compelling reading for scholars students and the broader community
