## **Raskolnikov And Others:**

**Raskolnikov and Others** Edward Sagarin, 1981-01-01      **Raskolnikov's Rebirth** İlham Dilman, 2000 Author İlham Dilman explains why a thoughtful psychology encompassing the varied modes of being experienced by humans is the best tool for investigating the nature of good and evil To illustrate he employs Raskolnikov Dostoyevsky's axe murdering protagonist in Crime and Punishment following his alienation from goodness his return to it and finally his ethical rebirth

Napoleon in the Russian Imaginary Gary Rosenshield, 2023-03-08 Napoleon today is still a figure who fascinates both his admirers and detractors because of his seminal role in European history at the end of the eighteenth and beginning of the nineteenth centuries straddling the French Revolution and the enormous empire that he fashioned through military conquest Napoleon in the Russian Imaginary focuses on the response of Russia's greatest writers poets novelists critics and historians to the idea of Great Man as an agent of transformational change as it manifests itself in the person and career of Napoleon After Napoleon's defeat at Waterloo in 1815 and his subsequent exile to St Helena in much of Europe a re-evaluation of Napoleon's person stature and historical significance occurred as thinkers and writers witnessed the gradual reestablishment of repressive regimes throughout Europe This re-evaluation in Russia would have to wait until Napoleon's death in 1821 but when it came to pass it continued to occupy the imagination of Russia's greatest writers for over 130 years Although Napoleon's invasion of Russia and subsequent defeat had a profound effect on Russian culture and Russian history for Russian writers what was most important was the universal significance of Napoleon's desire for world conquest and the idea of unbridled ambition which he embodied Russian writers saw this for good or ill as potentially determining the spiritual and moral fate of future generations What is particularly fascinating is their attempt to confront each other about this idea in a creative dialogue with each succeeding writer addressing himself and responding to his predecessor and predecessors

Richard Wright's Native Son Harold Bloom, 2009 Richard Wright is one of the greatest African American writers of the 20th century His masterpiece Native Son is analyzed in this volume of essays      **Dostoevsky's "Crime and Punishment"** Deborah A. Martinsen, 2022-02-22 Crime and Punishment A Reader's Guide focuses on narrative strategy psychology and ideology Martinsen demonstrates how Dostoevsky first plunges the reader into Raskolnikov's fevered brain creating sympathy for him and she explains why most readers root for him to get away from the scene of the crime Dostoevsky subsequently provides outsider perspectives on Raskolnikov's thinking effecting a conversion in reader sympathy By examining the multiple justifications for murder Raskolnikov gives as he confesses to Sonya Dostoevsky debunks rationality based theories Finally the question of why Raskolnikov and others including the reader focus on the murder of the pawnbroker and forget the unintended murder of Lizaveta reveals a narrative strategy based on shame and guilt

Dostoevsky Joseph Frank, 1995 This volume the fourth of five planned in Joseph Frank's widely acclaimed biography of Dostoevsky covers the six most remarkably productive years in the novelist's entire career It was in this short span of time

that Dostoevsky produced three of his greatest novels Crime and Punishment The Idiot and The Devils and two of his best novellas The Gambler and The Eternal Husband All these masterpieces were written in the midst of harrowing practical and economic circumstances as Dostoevsky moved from place to place frequently giving way to his passion for roulette Having remarried and fled from Russia to escape importuning creditors and grasping dependents he could not return for fear of being thrown into debtor s prison He and his young bride who twice made him a father lived obscurely and penuriously in Switzerland Germany and Italy as he toiled away at his writing their only source of income All the while he worried that his recurrent epileptic attacks were impairing his literary capacities His enforced exile intensified not only his love for his native land but also his abhorrence of the doctrines of Russian Nihilism which he saw as an alien European importation infecting the Russian psyche Two novels of this period were thus an attempt to conjure this looming spectre of moral social disintegration while The Idiot offered an image of Dostoevsky s conception of the Russian Christian ideal that he hoped would take its place

*Approaches to Teaching Dostoevsky's Crime and Punishment* Michael R. Katz,Alexander Burry,2022-04-05 Offers techniques for teaching Dostoevsky s Crime and Punishment in undergraduate graduate and high school classrooms Topics include ethics gender money Orthodox Christianity psychoanalysis social justice teaching in prison and the use of digital media and film adaptations

*Portrait of the Psychiatrist as a Young Man* Allan Beveridge,2011-08-25 RD Laing remains one of the most famous psychiatrists of the last 50 years In the 1960s he enjoyed enormous popularity and received much publicity for his controversial views challenging the psychiatric orthodoxy He championed the rights of the patient and challenged the often inhumane methods of treating the mentally ill Based on a wealth of previously unexamined archives relating to his private papers and clinical notes Portrait of the Psychiatrist as a Young Man sheds new light on RD Laing and in particular his early formative years a crucial but largely overlooked period in his life The first half of the book considers Laing s intellectual journey through the world of ideas and his development as a psychiatric theorist An analysis of his notebooks and personal library reveals Laing s engagement not only with psychiatric theory but also with a wide range of other disciplines such as philosophy literature and religion This part of the book considers how this shaped Laing s writing about madness and his evolution as a clinician The second half draws on a rich and completely unexplored collection of Laing s clinical notes which detail his encounters with patients in his early years as a psychiatrist firstly in the British Army subsequently in the psychiatric hospitals of Glasgow and finally in the Tavistock Clinic in London These notes reveal what Laing was actually doing in clinical practice and how theory interacted with therapy The majority of patients who were to appear in Laing s first two books The Divided Self and The Self and Others have been identified from these records and this volume provides a fascinating account of how the published case histories compare to the original notes There is a considerable mythology surrounding Laing partly created by himself and partly by subsequent commentators By a careful examination of primary sources Allan Beveridge both a psychiatrist and an historian examines the many mythological

narratives about Laing and provide a critical but not unsympathetic account of this colourful and contradictory thinker who addressed questions about the nature of madness which are still being asked today This book will be of interest to mental health workers and social historians alike as well as anybody interested in the philosophy of psychiatry The Narrative Shape of Truth Ilya Kliger, 2011-04-18 Its champions and its detractors have often understood the novel as the genre par excellence of truthlessness The Narrative Shape of Truth counters this widely accepted view It argues instead that the novel has found new historically specific configurations of truth and narrative The nineteenth century novel in particular can be understood as responding to the emerging tendency to view truth as inseparable from rather than opposed to time Ilya Kliger offers a nonreductive way of reading the histories of philosophy and the novel side by side He identifies the crucial moment in the epistemological history of narrative when at the end of the eighteenth century a new structural affiliation between truth and time emerged This book examines novels by four authors Balzac Stendhal Dostoevsky and Tolstoy as well as the writings of leading European intellectuals and philosophers Kliger argues that the realist novel can be conceived as prompting us and giving us the means to think of truth differently as immanent in a temporal shape rather than transcendent in a principle a fact or a higher order **The Sinner and the Saint** Kevin Birmingham, 2021-11-16 A New York Times Book Review Editors Choice One of The East Hampton Star's 10 Best Books of the Year From the New York Times bestselling author of The Most Dangerous Book the true story behind the creation of another masterpiece of world literature Fyodor Dostoevsky's Crime and Punishment The Sinner and the Saint is the deeply researched and immersive tale of how Dostoevsky came to write this great murder story and why it changed the world As a young man Dostoevsky was a celebrated writer but his involvement with the radical politics of his day condemned him to a long Siberian exile There he spent years studying the criminals that were his companions Upon his return to St Petersburg in the 1860s he fought his way through gambling addiction debilitating debt epilepsy the deaths of those closest to him and literary banishment to craft an enduring classic The germ of Crime and Punishment came from the sensational story of Pierre Fran ois Lacenaire a notorious murderer who charmed and outraged Paris in the 1830s Lacenaire was a glamorous egoist who embodied the instincts that lie beneath nihilism a western influenced philosophy inspiring a new generation of Russian revolutionaries Dostoevsky began creating a Russian incarnation of Lacenaire a character who could demonstrate the errors of radical politics and ideas His name would be Raskolnikov Lacenaire shaped Raskolnikov in profound ways but the deeper insight as Birmingham shows is that Raskolnikov began to merge with Dostoevsky Dostoevsky was determined to tell a murder story from the murderer's perspective but his character couldn't be a monster No The murderer would be chilling because he wants so desperately to be good The writing consumed Dostoevsky As his debts and the predatory terms of his contract caught up with him he hired a stenographer to dictate the final chapters in time Anna Grigorievna became Dostoevsky's first reader and chief critic and changed the way he wrote forever By the time Dostoevsky finished his great novel he had fallen in love Dostoevsky's great

subject was self consciousness Crime and Punishment advanced a revolution in artistic thinking and began the greatest phase of Dostoevsky's career The Sinner and the Saint now gives us the thrilling and definitive story of that triumph **Past and Present Political Theology** Dennis Vanden Auweele, Miklos Vassányi, 2020-04-02 This book demonstrates how discussions of Political Theology have been a constant feature throughout philosophical modernity and that they continue to impact contemporary political debates By tracing the historical roots and detailing the contemporary outworking of Political Theology in Europe it contends that this growing field requires a broader canon in order for it to mature Political Theology is shown here to be about the diversity of relationships between religious beliefs and political orientations First engaging with historical debates chapters re-examine the relationship between personal conviction and societal orientation on such topics as the will to believe evil individualism the relationship between church and state and the relationship between belief and natural science The volume then establishes the relevance of these debates for the present day As such it invites engagement on the back and forth between religion and politics in a liberal democracy and a communist state on how communitarianism relates to religious language on the diversity of Christian and Jewish political theology and the politics of toleration By broadening out the field of Political Theology this book offers the reader a more nuanced understanding of its sustained influence on public life As such it will be of interest to academics working in Political Theology but also Theology Philosophy and Political Science more generally **The Routledge Companion to Literature and Religion** Mark Knight, 2016-04-28 This unique and comprehensive volume looks at the study of literature and religion from a contemporary critical perspective Including discussion of global literature and world religions this Companion looks at key moments in the story of religion and literary studies from Matthew Arnold through to the impact of 9/11 A variety of theoretical approaches to the study of religion and literature Different ways that religion and literature are connected from overtly religious writing to subtle religious readings Analysis of key sacred texts and the way they have been studied re-written and questioned by literature Political implications of work on religion and literature Thoroughly introduced and contextualised this volume is an engaging introduction to this huge and complex field **The Marvel of Martyrdom** Sophia Moskalenko, Clark R. McCauley, 2019 This text examines the psychological effects of martyrdom and martyrs across the world The authors discuss martyrdom and martyrs through the lens of current events iconic historical figures and popular culture **Fyodor Dostoevsky** Harold Bloom, 2009 Presents a biography the Russian author Fyodor Dostoevsky along with critical views of his work *Redemption and the Merchant God* Susan McReynolds Oddo, 2008 Dostoevsky's antisemitism manifested in his writings of the 1870s seems to contradict his humanism and many critics have tended to dismiss it as a marginal detail of the writer's views Argues however that antisemitism held an important place in Dostoevsky's ethical system and was linked to his vexed relationship with Christianity Notes that he staunchly held three ethical principles sanctity of children incompatibility of ethics with utilitarianism and calculation and the view that every kind of authority was bound by the same moral strictures as individuals

Thus he could not accept a God who had sacrificed his son or a redemption brought about by the suffering of a child Jesus. Dostoyevsky invented the image of a Jew onto whom he could project everything that was unacceptable to him in religion and Western ethics. He considered the merchant ethics of both liberalism and socialism to be a Jewish idea and in particular regarded the politics of the Jew Disraeli as an embodiment of such ethics to sacrifice innocent Balkan Slavs in the name of supreme political principles. In the 1870s Dostoyevsky increasingly contrasted the Russian conception of God and compassion for the weak with the Jewish Western merchant God and the idea of obtaining benefits for one person from the suffering of another innocent person. He developed a conception of principal opposition between things Russian and things Jewish.
