Religious Orders End Of The Middle Ages:

The Religious Orders in England David Knowles, 1970 *The Religious Orders in England* David Knowles, 1948 This book covers a period 1336-1485 neglected by historians when many features of the modern world were germinating under the surface of medieval institutions the age of Chaucer Langland Bradwardine and Wyclif of the new Nominalism and the Conciliar Movement David Knowles devotes part of his book to narrative and part to analysis The great abbeys are at their height of outward splendour we see the building schemes of Ely and Gloucester the impact of the Black Death and the recovery from it we see the monks and friars in controversy at Oxford the attacks of Wyclif and the Lollards helped by the satire of the poets the conservative reaction and the foundations and reforms of Henry V followed by the Indian summer of the feudal aristocracy *The Religious Orders in England* David Knowles, 1957 **Monastic Women and Religious Orders in Late**

Medieval Bologna Sherri Franks Johnson, 2014-04-10 Sherri Franks Johnson explores the roles of religious women in the changing ecclesiastical and civic structure of late medieval Bologna demonstrating how convents negotiated a place in their urban context and in the church at large During this period Bologna was the most important city in the Papal States after Rome Using archival records from nunneries in the city Johnson argues that communities of religious women varied in the extent to which they sought official recognition from the male authorities of religious orders While some nunneries felt that it was important to their religious life to gain recognition from monks and friars others were content to remain local and autonomous In a period often described as an era of decline and the marginalization of religious women Johnson shows instead that they saw themselves as active participants in their religious orders in the wider church and in their local communities Historical Theology Alister E. McGrath, 2012-07-23 Freshly updated for this second edition with

considerable new material this authoritative introduction to the history of Christian theology covers its development from the beginnings of the Patristic period just decades after Jesus's ministry through to contemporary theological trends A substantially updated new edition of this popular textbook exploring the entire history of Christian thought written by the bestselling author and internationally renowned theologian Features additional coverage of orthodox theology the Holy Spirit and medieval mysticism alongside new sections on liberation feminist and Latino theologies and on the global spread of Christianity Accessibly structured into four sections covering the Patristic period the Middle Ages and Renaissance the reformation and post reformation eras and the modern period spanning 1750 to the present day addressing the key issues and people in each Includes case studies and primary readings at the end of each section alongside comprehensive glossaries of key theologians developments and terminology Supported by additional resources available on publication at www.wiley.com/go/mcgrath **Monastic and Religious Orders in Britain, 1000-1300** Janet Burton, 1994-01-28 This book traces the development of monasticism in England Scotland and Wales from the last half century of Anglo Saxon England to 1300 It explores the nature of the impact of the Norman settlement on monastic life and how Britain responded to new European

ideas on monastic life In particular it examines Britain's response to the needs of religious women It covers every aspect of the life and work of the religious orders their daily life the buildings in which they lived their contribution to intellectual developments and to the economy Particular attention is paid to the relationship between religious houses and their founders and patrons This shows the degree of dependence of religious houses on local patrons Indeed one major theme which emerges from the book is the constant tension between the ideals of monastic communities and the demands of the world

The Religious Orders in England: The end of the Middle Ages. The historical framework ; The institutional background David Knowles,1948 **The Rise and Fall of Catholic Religious Orders** Patricia Wittberg,1994-10-25

The Routledge History of Medieval Christianity R. N. Swanson,2015-04-10 The Routledge History of Medieval Christianity explores the role of Christianity in European society from the middle of the eleventh century until the dawning of the Reformation Arranged in four thematic sections and comprising 23 originally commissioned chapters plus introductory overviews to each part by the editor this book provides an authoritative survey of a vital element of medieval history Comprehensive and cohesive the volume provides a holistic view of Christianity in medieval Europe examining not only the church itself but also its role in influence on and tensions with contemporary society Chapters therefore range from examinations of structures theology and devotional practices within the church to topics such as gender violence and holy warfare the economy morality culture and many more besides demonstrating the pervasiveness and importance of the church and Christianity in the medieval world Despite the transition into an increasingly post Christian age the historic role of Christianity in the development of Europe remains essential to the understanding of European history particularly in the medieval period This collection will be essential reading for students and scholars of medieval studies across a broad range of disciplines **Saints' Lives in Middle English Collections** Anne B Thompson,Robert K Upchurch,E Gordon

Whatley,2005-04-01 This volume is conceived as a complement to another Middle English Texts series text Sherry Reames Middle English Legends of Women Saints This selection is intended to be broadly representative of saints lives in Middle English and of the classic types of hagiographic legend as these were presented to the lay public and less literate clergy of late medieval England *The Later Middle Ages* Isabella Lazzarini,2021-04-29 Of all the sub periods in which European medieval history has been divided over time the later middle ages is possibly the one on which the burden of past and current grand narratives weighs the most Its chronological and geopolitical boundaries are shaped by a heavy narrative of decline or transition and consequently this period is often interpreted through the lenses of previous or following developments becoming in turn the tail end of the feudal communal imperial versus papal era or the announcement of modernity The Later Middle Ages addresses the urgent need to revise and rewrite the story of this period forging new critical and technical vocabularies not derived from the study of other periods By adopting a conscious approach towards temporal and spatial variety and by breaking the traditional and unitary narrative of decline and transition into one of many changes and

continuities it charts the principal developments of late medieval Europe while opening up to different political cultures and societies throwing new light on older concepts and revealing analogies and differences with other geopolitical contexts Including maps illustrations a detailed chronology and a rich range of reading suggestions The Later Middle Ages aims at providing a first introduction to a very complex dynamic and fascinating period for Europe and beyond *Christian Theology* Alister E. McGrath, 2016-08-04 Christian Theology An Introduction one of the most internationally acclaimed Christian theology textbooks in use has been completely rewritten for the 6th edition It now features new and extended material and companion resources ensuring it retains its reputation as the ideal introduction for students A new edition of the bestselling Christian theology textbook to celebrate its 25th anniversary Rewritten throughout for exceptional clarity and accessibility and adds substantial new material on the Holy Spirit Features increased coverage of postcolonial theology and feminist theology and prodigious development of world theology Increases the focus on contemporary theology to complement the excellent coverage of historical material A new 2 color design includes more pedagogical features including textboxes and sidebars to aid learning *Inventing the Middle Ages* Norman Cantor, 2023-06-29 The Middle Ages in our cultural imagination are besieged with ideas of wars tournaments plagues saints and kings knights lords and ladies In his era defining work *Inventing the Middle Ages* Norman Cantor shows that these presuppositions are in fact constructs of the twentieth century Through close study of the lives and works of twenty of the twentieth century's most prominent medievalists Cantor examines how the genesis of this fantasy arose in the scholars spiritual and emotional outlooks which influenced their portrayals of the Middle Ages In the course of this vigorous scrutiny of their scholarship he navigates the strong personalities and creative minds involved with deft skill Written with both students and the general public in mind *Inventing the Middle Ages* provided an alternative framework for the teaching of the humanities Revealing the interconnection between medieval civilisation the culture of the twentieth century and our own assumptions Cantor provides a unique standpoint both forwards and backwards As lively and engaging today as when it was first published in 1991 his analysis offers readers the core essentials of the subject in an entertaining and humorous fashion *Religious Orders and Religious Identity Formation, ca. 1420-1620*, 2016-01-12 This volume deals with the transformative force of Observant reforms during the long fifteenth century and with the massive literary output by Observant religious a token of a profound pastoral professionalization that provided religious and lay people alike with encompassing models of religious perfection as well as with new tools to shape their religious identity The essays in this work contend that these models and tools had an ongoing effect far into the sixteenth century on all sides of the emerging confessional divide At the same time the controversies surrounding Observant reforms resulted in new sensibilities with regard to religious practices and religious nomenclature which would fuel many of the early sixteenth century controversies Contributors are Michele Camaioni Anna Campbell Fabrizio Conti Anna Dlabová Sylvie Duval Koen Goudriaan Emily Michelson Alison More Bert Roest Anne Thayer

Johanneke Uphoff Alessandro Vanoli Ludovic Viallet and Martina Wehrli Johns The Sociology of Health and Illness Peter Conrad, 2005 This collection of 49 readings offers an integrated analysis of the most important issues regarding health and health care from a critical and sociological perspective Substantive introductions provide context for the readings With ten new and two revised essays the Seventh Edition contains more coverage of key areas such as alternative medicine the pharmaceutical industry and the relationship between healthcare and politics Encyclopaedia of Religion and Ethics James Hastings, John Alexander Selbie, Louis Herbert Gray, 1910 *The World of Medieval Monasticism* Gert Melville, 2016-03-04 This book surveys the full panorama of ten centuries of Christian monastic life It moves from the deserts of Egypt and the Frankish monasteries of early medieval Europe to the religious ruptures of the eleventh and twelfth centuries and the reforms of the later Middle Ages Throughout that story the book balances a rich sense of detail with a broader synthetic view It presents the history of religious life and its orders as a complex braid woven from multiple strands individual and community spirit and institution rule and custom church and world The result is a synthesis that places religious life at the center of European history and presents its institutions as key catalysts of Europe's move toward modernity *The Catholic Encyclopedia* Charles George Herbermann, Edward Aloysius Pace, 1913 **History for Ready Reference...** Josephus Nelson Larned, 1913 **Encyclopaedia of Religion and Ethics** Louis Herbert Gray, 1928
