Return of the Children of Light Judith Bluestone Polich,1999 The Incan and Mayan cultures saw themselves as children of light descended from celestial realms and their prophecies foretell a time of great spiritual awakening As the ancients predicted the human god seed is beginning to awaken and modern civilization is finally beginning to perceive human potential in ways that the ancient cultures accepted as truth Polich introduces techniques for awakening our own human potential Copyright Libri GmbH All rights reserved [Return of the Children of Light](#) Judith Bluestone Polich,2001-08-01 A personal exploration of the conjunction between ancient Mesoamerican prophecy and New Age higher consciousness Selected by the Independent Publisher s Book Awards as one of the top two New Age books of the year Explores ancient prophecies and their relevance in the contemporary world The Incan and Mayan cultures saw themselves as children of light descended from celestial realms and their prophecies foretell a time of great spiritual awakening They prophesied a time when the gateways to higher consciousness would open once again That time is now Award winning author Judith Bluestone Polich draws on her extensive research in quantum physics archeoastronomy holography cosmology and pioneering studies of human consciousness to show how science and contemporary thought are consistent with this ancient knowledge As the ancients predicted the human god seed is beginning to awaken and modern civilization is finally beginning to perceive human potential in ways that the ancient cultures accepted as truth Polich introduces techniques for awakening our own human potential through dreaming meditations and the power of sacred sites **Return of the Children of Light** Judith Bluestone Polich,1999-10 *The Mayan Calendar and the Transformation of Consciousness* Carl Johan Calleman,2004-03-25 Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future Shows the connection between cosmic evolution and actual human history Provides a new science of time that explains why time not only seems to be speeding up in the modern world but is actually getting faster Explains how the end of the Mayan calendar is not the end of the world but a path toward enlightenment The prophetic Mayan calendar is not keyed to the movement of planetary bodies Instead it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows providing a new science of time The calendar is associated with nine creation cycles which represent nine levels of consciousness or Underworlds on the Mayan cosmic pyramid Through empirical research Calleman shows how this pyramidal structure of the development of consciousness can explain things as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster Time in fact is speeding up as we transition from the materialist Planetary Underworld of time that governs us today to a new and higher frequency of consciousness the Galactic Underworld in preparation for the final Universal level of conscious enlightenment Calleman reveals how the Mayan calendar is a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history and the concrete steps we can take to align ourselves with this growth toward

enlightenment The Connectivity Principle Stephen Long,2017-08-18 The New Children and Near-Death Experiences P. M. H. Atwater,2003-11-06 Presents an in depth look at children who have experienced the near death phenomenon and the heightened abilities that these children exhibit Provides compelling evidence for the existence of a generation of children who represent the spiritual evolution of the human race Includes firsthand testimonies of children who have returned from near death The New Children and Near Death Experiences is the first book to provide from the view of the child an in depth study of children who have experienced the near death phenomenon and its aftereffects Atwater notes that the child who returns from a near death experience is not the same child as before but is a remodeled rewired reconfigured refined version of the original Presenting data to support her contention that these children have experienced structural chemical and functional changes in the brain she also shows how their greater empathic abilities as well as dramatically higher intelligence are qualities that are also present in children born since 1982 enhanced abilities that cannot be tied to simple genetics Atwater shows that understanding the near death experiences of children can help us prepare for a quantum leap in the evolution of humanity *History of Humans* Trung Nguyen,2016-12-22 The truth about humans and humanity shall set your life free History of Humans the third book in the series Is There a God discusses the origin of humans and humanity Chapters include Chapter 1 Science versus Religion Chapter 2 The Three Worlds Chapter 3 The Physical World Chapter 4 The Psychological World Chapter 5 The Spiritual World Chapter 6 Beings of Love and Light Chapter 7 The ISMs of Existence Chapter 8 Naturalogy Chapter 9 Terminologies and Notations **Beyond 2012: Catastrophe or Awakening?** Geoff Stray,2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell s sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date *Do You QuantumThink?*

Dianne Collins, 2011 The author presents QuantumThink her system of thinking that contains twenty two principles and practices combining ideas from quantum science and spiritual insights Provided by publisher **Pyramid of Fire: The Lost Aztec Codex** John Major Jenkins, Martin Matz, 2004-11-03 The first translation of a previously unknown Aztec codex and its initiatory teachings for 2012 Discloses the potential for great spiritual awakening offered at the end of the Aztec calendar cycle Presents the only existing English language transcription of the Aztec codex with line by line commentary Contains the epic poetry and metaphysical insights of Beat poet Marty Matz 1934 2001 In 1961 an unknown Aztec codex was revealed to Beat poet and explorer Marty Matz by a Mazatec shaman in the mountains of Oaxaca Mexico Originally intended for dramatic performance this codex presents a profound metaphysical teaching describing how the end of time will bring about a visionary ascent At the behest of his Mazatec teacher Matz transcribed this pictorial codex into a literary form that would preserve its initiatory teachings and reveal its secret meanings to a wider audience Pyramid of Fire is an epic poem that provides a vehicle to transport the initiate into the higher realms of consciousness It represents a barely surviving thread of teachings that have been passed down in secret since the time of the Spanish Conquest Revealed are the techniques by which man is transported to the stellar realm after death via the solar energy within what the ancients called the serpent of consciousness Line by line commentary by Matz and John Major Jenkins provides insights into the perennial philosophy contained in the codex and its relevance to our times **Decoding the Butterfly Promise** Dr. Gail Siler PhD, 2014-07-08 Haunted by an urgent voice she hears each time she reads a book by Carlos Castaneda Gail seeks out Castanedas apprentice and she finds herself catapulted into a strange world of shamans metaphysics and ancient beings She is thrust forward onto a dangerous path that takes her from the safety of her everyday world into the radiant landscape where true power lives Here she is introduced to an ancient couple who have lived and loved beyond time itself She offers up her heart to become a co conspirator with them in an unbelievable task She must journey into the ancient records and retrieve the knowledge that broke this ancient couple and humanity itself apart The death bed promise this ancient couple made to each other eons ago is also the key to humanitys own resurrection It is this the Butterfly Promise that will return us to our true powers and to our wholeness once again **Catastrophobia** Barbara Hand Clow, 2001-05-01 Bestselling author Barbara Hand Clow examines legendary cataclysms and shows how we are about to overcome the collective fear they have instilled in us The long awaited follow up that continues the revelations begun in The Pleiadian Agenda which has sold more than 60 000 copies Explains why contrary to many prophets of doom we are actually on the cusp of an era of incredible creative growth The recent discovery of the remains of ancient villages buried beneath the Black Sea is the latest instance of mounting evidence that many of the mythic catastrophes of history the fall of Atlantis the Biblical Flood were actual events In Catastrophobia Barbara Hand Clow shows that a series of cataclysmic disasters caused by a massive disturbance in the Earth s crust 11 500 years ago rocked the world and left humanity s collective psyche permanently scarred We are a wounded species and this unprocessed fear passed

from generation to generation is responsible for our constant expectations of apocalypse from Y2K to the famed end of the Mayan calendar in 2012. Catastrophobia reveals the insidious global forces that have used these collective fears to control humanity for thousands of years. But we are in the midst of a tremendous shift in the Earth's 26,000-year precessional cycle, and there is every indication that the changes in consciousness over the last 30 years are the beginnings of a collective healing from these deep fears, heralding a new age where we will see that the era of cataclysms is ending and a time of extraordinary creative activity is at hand.

2012 Robert Roskind, 2008-02 *Conscious Healing* Sol Luckman, 2009-05-10

Homo Luminous Kiara Windrider, 2023-08-19 This book **Homo Luminous** is a companion to **Gaia Luminous**. While **Gaia Luminous** provides a road map to understanding and creating the New Earth, **Homo Luminous** is an eminently practical guide for building the energy structures within our bodies to manifest our latent multi-dimensional destiny as divine humans. There are several sources of insight woven together here. We begin with the shamanic traditions, which are about learning to see differently and specifically the Q'ero Inka tradition, which offers uniquely simple and powerful practices for opening doorways between the worlds. There are practices from the Ilahinoor tradition, birthed in Turkey, designed to open doorways between various structures of the mind and to anchor galactic frequencies of light into the cells of our physical bodies. The Advaita traditions of India offer a glimpse into who we are, not simply as a philosophy to nourish the mind but also as a way of empowering ourselves as creators of destiny. We are both divine and human, creator and creation, and the distinction between them melts away as we understand these truths. Integral Yoga, the supramental vision of Sri Aurobindo, and the Mother allows us to envision and manifest an entirely new species of humanity, no longer bounded by separation and duality but genetically programmed to live in states of cosmic awareness and unity. And finally, there are insights from neuroscience, evolutionary biology, astrophysics, plasma cosmology, and systems theory, which provide clues for what collective human evolution might look like.

Spaceship in the Desert Gökçe Günel, 2019-02-14 In 2006 Abu Dhabi launched an ambitious project to construct the world's first zero carbon city, Masdar City. In **Spaceship in the Desert**, Gökçe Günel examines the development and

construction of Masdar City's renewable energy and clean technology infrastructures providing an illuminating portrait of an international group of engineers, designers and students who attempted to build a post oil future in Abu Dhabi. While many of Masdar's initiatives such as developing a new energy currency and a driverless rapid transit network have stalled or not met expectations, G nel analyzes how these initiatives contributed to rendering the future a thinly disguised version of the fossil fueled present. *Spaceship in the Desert* tells the story of Masdar at once a utopia sponsored by the Emirati government and a well resourced company involving different actors who participated in the project each with their own agendas and desires.

The Gospel of the Toltecs Frank Díaz, 2002-06-01 A compilation of the teachings of Quetzalcoatl, avatar of the Toltecs reconstructed from original source texts and the legends told at his birthplace in Amatlan, Morelos, Mexico. The first complete historical account of the life and teachings of Quetzalcoatl, the most important figure in Mesoamerican spirituality. Includes 86 chronological teaching stories accompanied by 27 codex illustrations. Quetzalcoatl, Ce Acatl, born in A.D. 947, whose stature has been compared to that of Christ, Buddha and Krishna, was the key figure in the development of the spiritual culture of the Toltecs. In *The Gospel of the Toltecs*, the author has gathered Nahuatl and Maya codexes, Spanish chronicles of conquest and native oral tradition to recount the life of Quetzalcoatl: his temptation and fall, his initiation with sacred mushrooms, his long journey in search of spiritual enlightenment, his triumphant return to the Toltec land and his subsequent teaching, self-immolation, ascension and promise of return. Quetzalcoatl's teachings make up the *Toltecayotl* or *Toltequity*, the art of intentional doing which provides an initiatic guide for the transformation of individuals and society, while his personal history is a guide for the development of *Nahualli*, the magical side of human awareness. For all those who wish to deepen their knowledge of the roots of Toltec spirituality or who wish to grow from the teachings of one of the world's great spiritual leaders, *The Gospel of the Toltecs* offers a unique and authentic access to the life and ministry of one of the most important figures in the ancient world.

The Whole Elephant Revealed Marja de Vries, 2012-05-25 *The Whole Elephant Revealed* offers clear insights into the existence and operation of universal laws and the golden ratio. It is a synthesis based on common insights found in all wisdom traditions into the operation of universal laws on the one hand and on cutting edge scientific discoveries that are in line with those insights on the other hand. These principles are called universal because they work on all levels of existence, apply to everything that exists and create order and harmony in the universe. Insights into the operation of the universal laws reveals a whole new worldview. It helps us to understand how everything works in the universe, who we really are and how we can make conscious choices that are more in line with these universal laws. Above all, it helps us to understand what works and what doesn't work in the long term. Everything that operates in line with the universal laws follows the path of least resistance and is in harmony with the greater whole. It makes us realize that while everything in the universe works in harmony with these principles, many aspects of our personal life and our Western culture are not in line with the operation of these underlying principles. If we choose to act in line with the operation of the universal laws, it will go

easier will be more in tune with who we really are and more in harmony with the greater whole This choice is hard to make though if we don't know those principles For that reason the rediscovery of the working of these principles seems to be of extreme importance In this time of great changes and global unbalance a growing number of people begin to feel the need for a clear and well founded insight into the universal laws because this gives an understanding of what is needed to restore the balance and harmony in ourselves as well as worldwide Because the nature of these principles is universal they apply to all aspects of our individual and social life Therefore they can be used as a frame of reference for all personal and social transformations which aim at a greater harmony within ourselves and with the greater whole
