Revelation At Hand A:

The Final Countdown Steve Spence, 2023 The world is rapidly changing the future is filled with uncertainty We seem to be going from one crisis to another Are the events happening on earth just random unrelated events or are they being orchestrated and planned by powerful elites or even a higher power Are these events signs pointing to a coming apocalypse and the return of Jesus Christ The answers to these questions are found in the pages of this book *Doctrine and Development* Hastings Rashdall, 1898 What the Prophets Foretold: a Compendium of Scripture Prediction, with Special Reference to the Duration and Doom of the Papal Antichrist, the Judgments of the Great Day of God Almighty, and the Dawn of Millennial Glory John Algernon Clarke, 1862 **The Theology of the Gospel of John** Dwight Moody Smith, 1995-01-26 D Moody Smith treats the theology of the Gospel of John in its narrative form and historical context both ancient Jewish and early Christian His work draws upon the most recent scholarly investigations of the Gospel's historical purpose and setting The major theological themes of the Gospel especially its christology are treated in relation to the context of the work since Johannine theology is not simply a by product of controversies that produced the Gospel but is rather related to them in significant ways As Professor Smith shows John marks an important watershed between Christianity and Judaism His study will thus serve equally well as an introduction to the question of the origin of John and as an introduction to its theology It also consistently pays attention to the relationship of the Gospel to other major New Testament witnesses as well as to its important influence upon the development of later Christian doctrine **The Reformed Quarterly Review**, 1892

Decoding Revelation's Mysteries , Spirits Realm Ross Rozani, 2019-09-29 Being human we are so pre occupied with worldly task until we ignore the fact that we carry spirit within ourselves which is the Soul It is said its nourishment is only Faith in God At times we struggle with our own faith as it doesn't jive with current logic and reasoning We neglected the presence of other spirits that is tirelessly working against our faith With technology advancement spiritual life becomes less relevant until towards the end of our physical life when we are no longer needed by the system By then it may be too late It is said that our physical life span is so short compare to spiritual life span including the Afterlife Yet we are being tested if we remain believer or became non believer Test of Faith in God which is acquiescent to the Afterlife The biggest test is yet to come once Dajjal or the Anti Christ appear with the most powerful witchcraft human and Jinn ever seen that can easily misled us that he is God Appearance of Dajjal was prophesized and conspired to mark that Doomsday is near When will the Doomsday be Let's find out what was said and what was prophesized **Pacific Medico-dental Gazette**, 1914 The Stars of Heaven Clifford A. Pickover, 2004-05-06 Do a little armchair space travel rub elbows with alien life forms and stretch your mind to the furthest corners of our uncharted universe With this astonishing guidebook you don't have to be an astronomer to explore the mysteries of stars and their profound meaning for human existence Clifford A Pickover tackles a range of topics from stellar evolution to the fundamental reasons why the universe permits life to flourish He alternates

sections that explain the mysteries of the cosmos with sections that dramatize mind expanding concepts through a fictional dialog between futuristic humans and their alien peers who embark on a journey beyond the reader's wildest imagination. This highly accessible and entertaining approach turns an intimidating subject into a scientific game open to all dreamers. Told in Pickover's inimitable blend of fascinating state of the art science and whimsical science fiction and packed with numerous diagrams and illustrations, *The Stars of Heaven* unfolds a world of paradox and mystery, one that will intrigue anyone who has ever pondered the night sky with wonder.
