Inhibitor Phase Alastair Reynolds,2021-10-12 A stellar new science fiction adventure from the author who redefined space opera set in his bestselling Revelation Space universe For thirty years a tiny band of humans has been sheltering in the

caverns of an airless crater pocked world called Michaelmas Beyond their solar system lie the ruins of human interstellar civilization stalked by a ruthless infinitely patient cybernetic entity determined to root out the last few bands of survivors One man has guided the people of Michaelmas through the hardest of times and given them hope against the wolves Miguel de Ruyter When a lone human ship blunders into their system and threatens to lead the wolves to Michaelmas de Ruyter embarks on a desperate near suicide mission to prevent catastrophe But an encounter with a refugee from the ship the enigmatic woman who calls herself only Glass leads to de Ruyter s world being turned upside down **Scores** John Clute,2016-11-24 For more than 50 years John Clute has been reviewing science fiction and fantasy As Scores demonstrates his devotion to the task of understanding the central literatures of our era has not slackened There are jokes in Scores and curses and tirades and apologies and riffs but every word of every review in the end is about how we understand the stories we tell about the world Following on from his two previous books of collected reviews Strokes and Look at the Evidence this book collects reviews from a wide variety of sources but mostly from Interzone the New York Review of Science Fiction and Science Fiction Weekly Where it has seemed possible to do so without distorting contemporary responses to books these reviews have been revised sometimes extensively 125 review articles over 200 books reviewed in more than 214 000 words
