Peterson,1995-06-01 Lincoln s death like his life was an event of epic proportions When the president was struck down at his moment of triumph writes Merrill Peterson sorrow indescribable sorrow swept the nation After lying in state in Washington Lincoln s body was carried by a special funeral train to Springfield Illinois stopping in major cities along the way perhaps a million people viewed the remains as memorial orations rang out and the world chorused its sincere condolences It was the apotheosis of the martyred President the beginning of the transformation of a man into a mythic hero In *Lincoln in American Memory* historian Merrill Peterson provides a fascinating history of Lincoln s place in the American imagination from the hour of his death to the present In tracing the changing image of Lincoln through time this wide ranging account offers insight into the evolution and struggles of American politics and society and into the character of Lincoln himself Westerners Easterners even Southerners were caught up in the idealization of the late President reshaping his memory and laying claim to his mantle as his widow son memorial builders and memorabilia collectors fought over his visible legacy Peterson also looks at the complex responses of blacks to the memory of Lincoln as they moved from exultation at the end of slavery to the harsh reality of free life amid deep poverty and segregation at more than one memorial event for the great emancipator the author notes blacks were excluded

He makes an engaging examination of the flood of reminiscences and biographies from Lincoln's old law partner William H Herndon to Carl Sandburg and beyond. Serious historians were late in coming to the topic for decades; the myth makers sought to shape the image of the hero President to suit their own agendas. He was made a voice of prohibition, a saloon keeper, an infidel, a devout Christian, the first Bull Moose Progressive, a military blunderer, and after the First World War, a military genius, a white supremacist according to D W Griffith and other Southern admirers, and a touchstone for the civil rights movement. Through it all, Peterson traces five principal images of Lincoln: the savior of the Union, the great emancipator, man of the people, first American, and self-made man. In identifying these archetypes, he tells us much not only of Lincoln but of our own identity as a people.
