**Revision and Authority in Wordsworth** William H. Galperin, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas **Romanticism and Gender**

Anne K. Mellor, 2013-08-06 Taking twenty women writers of the Romantic period Romanticism and Gender explores a neglected period of the female literary tradition and for the first time gives a broad overview of Romantic literature from a feminist perspective *Revision and Authority in Wordsworth* William H. Galperin, 1989 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more

than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas **Impure Conceits** Alison Hickey, 1997 This book redefines the place of the Wordsworthian imagination in a cultural moment often classified as the transition from Romantic to Victorian Taking The Excursion and a constellation of related texts as a framework the book suggests that the staggering critical neglect of Wordsworth s major project is correlated with the persistent inability of literary historians to chart that transition To understand this elusive phase of literary and cultural history the author proposes we need to understand Wordsworth s role in it The book reevaluates the significance of The Excursion both in Wordsworth s corpus and in the contexts of the French Revolution and the post Napoleonic industrial imperial order leading up to the Reform Bill of 1832 Through a series of theoretically informed readings of The Excursion alongside other Wordsworthian texts the author reveals Wordsworth s ongoing vital engagement with questions of imagination and ideology questions that persist in ever shifting forms through the continuities and discontinuities of historical context Foregrounding problems of rhetorical interpretation as The Excursion s central concern this study focuses on the implications of these problems for the text s promotion of a social vision It examines various figural systems family narratives property education and imperialism and shows how diverse critical strategies of assimilating poetic text to doctrine meet with a resistant blankness at the heart of the figural production of meaning in the poem This blankness is suggestive of the gap between Wordsworth s poetry and its simple appropriation by cultural or political analysis Paradoxically it also suggests that an understanding of the dynamics of poetic figuration is crucially relevant to any study of Wordsworth s social and political theory **Wordsworth and the Poetry of What We Are** Paul H. Fry, 2008-10-01 Where others have oriented Wordsworth towards ideas of transcendence nature worship or more recently political repression Paul H Fry argues that underlying all this is a more fundamental insight Wordsworth is most astonished not that the world he experiences has any particular qualities but rather that it simply exists **William Wordsworth, Second-Generation Romantic** Jeffrey Cox, 2021-05-20

William Wordsworth Second Generation Romantic provides a truly comprehensive reading of late Wordsworth and the full arc of his career from 1814-1840 revealing that his major poems after Waterloo contest poetic and political issues with his younger contemporaries Keats Shelley and Byron Refuting conventional models of influence where Wordsworth fathers the younger poets Cox demonstrates how Wordsworth's later writing evolved in response to second generation romanticism After exploring the ways in which his younger contemporaries rewrote his *Excursion* this volume examines how Wordsworth's *Thanksgiving Ode* enters into a complex conversation with Leigh Hunt and Byron how the delayed publication of Peter Bell could be read as a reaction to the Byronic hero how the older poet's *River Duddon* sonnets respond to Shelley's *Mont Blanc* and how his later volumes particularly *Memorials of a Tour in Italy* 1837 engage in a complicated erasure of poets who both followed and predeceased him

**Experimentalism in Wordsworth's Later Poetry** Tim Fulford, 2023-06-29 Tim Fulford provides detailed readings of a range of little known late and difficult poems which together present an alternative Wordsworth to the one we are used to This newly revealed Wordsworth continued experimenting with form genre and style as his career progressed so as to ponder the challenging experiences presented by later life Fulford invites the reader to engage through Wordsworth's poetry with such broadly felt concerns as quarantine isolation mental illness and bereavement Focused yet broad in chronological scope this study also considers the literature of Wordsworth's old age in relation to his earlier work

**The Global Wordsworth** Katherine Bergren, 2019-05-24 The Global Wordsworth examines Anglophone writers who repurposed William Wordsworth's poetry By reading Wordsworth in dialog with J M Coetzee Lydia Maria Child and Jamaica Kincaid Katherine Bergren revitalizes our understanding of Wordsworth's career and its place in the canon

*Waterloo and the Romantic Imagination* Philip Shaw, 2002-07-23 *Waterloo and the Romantic Imagination* offers a new and challenging look at the cultural significance of the Battle of Waterloo and the impact it had on British Romantic culture Drawing on a range of approaches it aims to redefine the Romantic period as an age of inter and intra national conflict thus overturning conventional notions of The Romantic Project and re-writing the period from first principles Topics covered include the impact of Waterloo on Romantic ideas of individual and national identity the representation of the dead and wounded in poetry painting and prose the work of canonical and non canonical poets

**Lyrical Ballads** Michael Mason, 2014-06-06 *Lyrical Ballads* by William Wordsworth and Samuel Taylor Coleridge is a unique work of literature first published in 1798 it marked a radical change in the direction of English Literature *Lyrical Ballads* represented a movement away from the overwrought highly formal and learned verse of the 18th century and in so doing ushered in a new more democratic poetic era Written in the language of the common man and addressing the concerns of the common man *Lyrical Ballads* was the first and remains the most truly revolutionary collection of poetry paving the way for the great Romantic poets Keats Byron Shelley et al and proving that while there was no actual revolution on the ground England could still be the most revolutionary of places *Lyrical Ballads* was not a single phenomenon but a sequence of four editions spread over seven

years its appearance in English literature was not a historical moment but a sequence of moments 1798 1800 1802 1805 This edition based on the 1805 edition but looking back on each of the previous publications shows how this collection developed how it was refined and added to by the authors No other edition on the market has such a wealth of key background information Romantic Prayer Christopher Stokes,2021-01-21 Whilst religion and the secular have been continually debated contexts for literature of the Romantic era the dominant scholarly focus has been on doctrines and denominations In analysing the motif of devotion Romantic Prayer shifts attention to the quintessential articulation of religion as lived experience as practice and as a performative rather than descriptive phenomenon In an era when the tenability and rationality of prayer was much contested poetry a form with its own interlinked history with prayer was a unique place to register what prayer meant in modernity This study illustrates how the discourse of prayer continually intervened in the way that poetic practices evolved and responded to the religious and secular questions of the eighteenth and nineteenth century moment After laying out the details of prayer s historical position in the Romantic era across a spread of religious traditions Romantic Prayer turns to a range of writers from the identifiably religious to the staunchly sceptical William Cowper and Anna Letitia Barbauld are shown to use poetry to reflect and reinvent the ideals of prayer inherited from their own denominational histories Samuel Taylor Coleridge s work is analysed as part of a long engagement with the rationality of prayer culminating in an explicit philosophy of prayer William Wordsworth by contrast keeps prayer at an aesthetic distance continually alluding to prayerful language but rarely committing to devotional voice itself John Keats Percy Bysshe Shelley and Lord Byron are treated in the context of departing from Christianity under the influence of Enlightenment materialist and atheist critiques what happens to prayer in poetry when prayer as a language traditionally conceived is becoming impossible to maintain *The Broadview Anthology of Literature of the Revolutionary Period 1770-1832*,2010 **The**

**Broadview Anthology of Literature of the Revolutionary Period 1770-1832** D.L. Macdonald,Anne McWhir,2010-03-04 The selections from 132 authors in this anthology represent gender social class and racial and national origin as inclusively as possible providing both greater context for canonical works and a sense of the era s richness and diversity In terms of genre poetry non fiction prose philosophy educational writing and prose fiction are included Geographically America Canada Australia India and Africa are represented along with Britain emphasizing Romantic literature as a world literature Biographical headnotes explanatory footnotes and an extensive bibliography clarify and illuminate the texts for readers

Real and Imagined Women in British Romanticism Gaura Shankar Narayan,2010 Real and Imagined Women in British Romanticism uses feminist ideology and deconstructive criticism to reconstruct the cultural context embedded in Romantic canonical texts To achieve this end the book undertakes a close textual study of these texts and places them in the intellectual context of Mary Wollstonecraft s critique of culture As a result of intellectual contextualizing as well as theoretical applications the Romantic imagination as represented by William Wordsworth and John Keats emerges as the

place where gender division and gender certitude break down This book intervenes in the traditional critical debates about the Romantic imagination to show that the Romantic imagination as set forth in these texts registers the vigorous cultural politics of gender and aesthetics that defined the 1790s and continued to exert influence for decades Book Jacket Strange Power of Speech Susan Eilenberg, 1992 Eilenberg's subject is the relationship between tropes of literary property and signification in the writings and literary politics of Wordsworth and Coleridge She argues that a complex of ideas about property propriety and possession informs the images of literary authority textual identity and poetic figuration found in the two writers major work During the period of their closest collaboration as well as at points later in their careers Wordsworth and Coleridge took as their primary material the images of property and propriety upon which definitions of meaning and figuration have traditionally depended grounding these images in writings about landed and spiritual property material and intellectual theft dispossession by banks and possession by demons The writings and the politics generated by the literalization of such images can be read as allegorical of the structures and processes of signification Each such gesture addresses in some way the fundamental question who owns language or who controls meaning Eilenberg's approach brings to bear a combination of deconstructive psychoanalytic and both new and literary historical methods to provide a deeper understanding of the relationship between two of the major figures of English Romanticism as well as fresh insight into what is at stake in the analogy between the verbal and the material or the literary and the economic The Precocious Child in Victorian Literature and Culture Roisín Laing, 2024-05-06 This book examines representations of precocity in Victorian textual culture canonical literature children's fiction scientific texts and writing by children to argue that precocity challenges the idea of progress It considers how practitioners of literature and science from Wordsworth to Freud represented human development and the way in which Darwin's non progressive model of evolution troubled the existing model of progression by stages from childhood inexperience to adult maturity and understanding Roisín Laing argues that the precocious child undermines the equation of growth with progress and thereby facilitates other ways of imagining both individual and species development The idea represented by the precocious child in Victorian culture that the adult is not necessarily an improvement on the child the human not necessarily an improvement on the ape still troubles us today

Wordsworth's Poetry, 1815-1845 Tim Fulford, 2019-02-08 The later poetry of William Wordsworth popular in his lifetime and influential on the Victorians has with a few exceptions received little attention from contemporary literary critics In Wordsworth's Poetry 1815-1845 Tim Fulford argues that the later work reveals a mature poet far more varied and surprising than is often acknowledged Examining the most characteristic poems in their historical contexts he shows Wordsworth probing the experiences and perspectives of later life and innovating formally and stylistically He demonstrates how Wordsworth modified his writing in light of conversations with younger poets and learned to acknowledge his debt to women in ways he could not as a young man The older Wordsworth emerges in Fulford's depiction as a love poet of companionate

tenderness rather than passionate lament He also appears as a political poet bitter at capitalist exploitation and at a society in which vanity is rewarded while poverty is blamed Most notably he stands out as a history poet more probing and more clear sighted than any of his time in his understanding of the responsibilities and temptations of all who try to memorialize the past Buried Communities Kurt Fosso,2004-01-01 Offers an explanation for the poet s mysterious and longstanding

preoccupation with death and grief **Coleridge and the Romantic Newspaper** Heidi Thomson,2016-09-24 This book examines how Coleridge staged his private woes in the public space of the newspaper It looks at his publications in the Morning Post which first published one of his most famous poems Dejection An Ode It reveals how he found a socially sanctioned public outlet for poetic disappointments and personal frustrations which he could not possibly articulate in any other way Featuring fresh contextual readings of established major poems original readings of epigrams sentimental ballads and translations analyses of political and human interest stories this book reveals the remarkable extent to which Coleridge used the public medium of the newspaper to divulge his complex and ambivalent private emotions about his marriage his relationship with the Wordsworths and the Hutchinsons and the effect of these dynamics on his own poetry and poetics

*Classical Literary Careers and their Reception* Philip Hardie,Helen Moore,2010-10-14 This is a wide ranging collection of essays on ancient Roman literary careers and their reception in later European literature with contributions by leading experts Starting from the three major Roman models for constructing a literary career Virgil the rota Vergiliana Horace and Ovid the volume then looks at alternative and counter models in antiquity Propertius Juvenal Cicero and Pliny A range of post antique responses to the ancient patterns is examined from Dante to Wordsworth and including Petrarch Shakespeare Milton Marvell Dryden and Goethe These chapters pose the question of the continuing relevance of ancient career models as ideas of authorship change over the centuries leading to varying engagements and disengagements with classical literary careers The volume also considers other ways of concluding or extending a literary career such as bookburning and figurative metempsychosis
