Accepted 14 December, 2010

The effectiveness of hormonal treatments to induce gamete emission in *Labeo parvus* was investigated in two spawning seasons (2007 and 2008). Brood fishes measuring 15 to 30 cm were gill netted in the Ouémé River (Benin) during their migration to their spawning habitat and then held in captivity (ponds). Captive fish (N = 30 males and N = 37 females) were treated with GnRHa combined with a dopamine antagonist during their natural spawning season from July through October. Ovulation was stimulated in four experimental groups of females by injecting Dagin (0.2 to 0.3 mlkg<sup>-1</sup> body weight) and Ovaprim (0.5 to 0.6 mlkg<sup>-1</sup> body weight). No female ovulated either in the groups receiving normal (as recommended by the manufacturers) dose injections of Dagin and Ovaprim (0.2 and 0.5 mlkg<sup>-1</sup> body weight respectively) or in the group treated with a Dagin injection of 0.3 mlkg<sup>-1</sup> body weight. Successful ovulation was only obtained with Ovaprim in the group treated with 0.6 mlkg<sup>-1</sup> body weight. Latency times ranged from 10 to 14 h after hormone injection. *L. parvus* eggs were nonadhesive and transparent at ovulation. Fertilisation rates ranged from 74.0 to 97.7%. Hatching occurred after 10 to 14 h of incubation at 27 to 30°C and lasted 5 to 7 h. Hatching rates ranged from 70.0 to 83.3%. Larvae were 3.0 ± 0.4 mm long (total length) at hatching. In the two reproductive seasons, fertilisation rates and hatching were not significantly different (P > 0.05). The water temperature was shown to significantly affect spawning latency and incubation time. Our study demonstrated that captive *L. parvus* could be successfully induced to produce sperm and ova using injection of a synthetic gonadotropin-releasing hormone coupled with a dopamine antagonist (Ovaprim). Their ova could also be artificially fertilised in an experimental hatchery at water temperatures ranging from 27 to 30°C. The results obtained indicate that Ovaprim is the most effective agent for inducing artificial reproduction in *L. parvus*.

**Key words:** GnRH analogues, Induced spawning, *Labeo parvus*.

### INTRODUCTION

Fishing pressure continues to increase in the inland waters of Benin even though studies and reports have revealed over-exploitation of some of the most important species (Lalèyè et al., 2003, 2007; Montchowui et al., 2008). Many fish species are in decline and some have

become endangered due to a combination of over-exploitation, aquatic pollution and habitat modification due to river-valley projects, excessive water abstraction for irrigation and siltation due to clearing.

*Labeo parvus* is one of the most exploited fish species and one of the more popular food fish in Benin (Montchowui, 2009). The available data on this species show that it is particularly vulnerable due to over fishing and environmental condition changes that influence its

## **Revision Of African Species Of Labeo Pisces Cyprinidae:**

**A Revision of African Species of Labeo (Pisces)** G. McG. Reid, 1985      Cyprinid Fishes Ian J. Winfield, Joe S. Nelson, 2012-12-06 Among the fishes a remarkably wide range of biological adaptations to diverse habitats has evolved. As well as living in the conventional habitats of lakes, ponds, rivers, rock pools, and the open sea, fish have solved the problems of life in deserts, in the deep sea, in the cold Antarctic, and in warm waters of high alkalinity or of low oxygen. Along with these adaptations we find the most impressive specializations of morphology, physiology, and behaviour. For example, we can marvel at the high speed swimming of the marlins, sailfish, and warm blooded tunas; air breathing in catfish and lungfish; parental care in the mouth brooding cichlids; and viviparity in many sharks and toothcarps. Moreover, fish are of considerable importance to the survival of the human species in the form of nutritious and delicious food of numerous kinds. Rational exploitation and management of our global stocks of fishes must rely upon a detailed and precise insight of their biology. The Chapman and Hall Fish and Fisheries Series aims to present timely volumes reviewing important aspects of fish biology. Most volumes will be of interest to research workers in biology, zoology, ecology, and physiology, but an additional aim is for the books to be accessible to a wide spectrum of non specialist readers ranging from undergraduates and postgraduates to those with an interest in industrial and commercial aspects of fish and fisheries.

*Fishes of the Cambodian Mekong* Walter J. Rainboth, Food and Agriculture Organization of the United Nations, 1996-01-01 This field guide covers the major resource groups likely to be encountered in the fisheries of the Cambodian Mekong. These groups include sharks, batoid fishes, and bony fishes. The introduction outlines the geographical, environmental, and ecological factors influencing fisheries, and the basic components of the fisheries of the Cambodian Mekong. As an aid to identification to higher taxonomic levels, a pictorial index to families and an illustrated guide to orders and families are included. Each species account provides scientific nomenclature, FAO names in English, local names, sizes, notes on fisheries, habitat, and biology, and one or more illustrations. The guide is fully indexed, and a list of related literature is appended. Finally, 27 colour plates are presented.

**Ecological Studies in Tropical Fish Communities** R. H. Lowe-McConnell, 1987-02-27 The result of compiling widely scattered research on fish in tropical rivers, lakes, and seas. A comprehensive overview of the ecology of fish communities in freshwater as well as marine environments.

### **Revision Of African Species Of Labeo Pisces Cyprinidae Introduction**

Revision Of African Species Of Labeo Pisces Cyprinidae Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Revision Of African Species Of Labeo Pisces Cyprinidae Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Revision Of African Species Of Labeo Pisces Cyprinidae : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Revision Of African Species Of Labeo Pisces Cyprinidae : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Revision Of African Species Of Labeo Pisces Cyprinidae Offers a diverse range of free eBooks across various genres. Revision Of African Species Of Labeo Pisces Cyprinidae Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Revision Of African Species Of Labeo Pisces Cyprinidae Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Revision Of African Species Of Labeo Pisces Cyprinidae, especially related to Revision Of African Species Of Labeo Pisces Cyprinidae, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Revision Of African Species Of Labeo Pisces Cyprinidae, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Revision Of African Species Of Labeo Pisces Cyprinidae books or magazines might include. Look for these in online stores or libraries. Remember that while Revision Of African Species Of Labeo Pisces Cyprinidae, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Revision Of African Species Of Labeo Pisces Cyprinidae eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short

stories for free on their websites. While this might not be the Revision Of African Species Of Labeo Pisces Cyprinidae full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Revision Of African Species Of Labeo Pisces Cyprinidae eBooks, including some popular titles.

## **FAQs About Revision Of African Species Of Labeo Pisces Cyprinidae Books**

1. Where can I buy Revision Of African Species Of Labeo Pisces Cyprinidae books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Revision Of African Species Of Labeo Pisces Cyprinidae book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Revision Of African Species Of Labeo Pisces Cyprinidae books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Revision Of African Species Of Labeo Pisces Cyprinidae audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media

or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Revision Of African Species Of Labeo Pisces Cyprinidae books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
