BOOK JACKET      *Liberalism Versus Conservatism* François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author      **The Resurgence of Religion** David S. Zeidan, 2018-11-13 This book is a comparative study of basic themes in Christian and Islamic fundamentalist discourses analyzing and comparing texts from a wide variety of fundamentalist leaders and movements looking for family resemblances and significant differences in order to better understand the contemporary phenomenon of religious resurgence After placing fundamentalisms in a theoretical framework the study looks at selected themes important to fundamentalists noting resemblances and differences These themes include their anti secularist stance their theocentric worldviews their reliance on inerrant sacred scriptures and their attitudes to politics government state and democracy The study also looks at the fundamentalist view of the world as a perennial battlefield between the forces of good and those of evil in the realm of ideologies as well as politics and the legitimization of violence      A Companion to 20th-Century America Stephen J. Prisock, 2018-05-23 Providing an expansive view of the making and meaning of African American conservatism this volume examines the phenomenon in four spheres the political realm the academic world the black church and grass roots activism movements In his analysis of their activities in these realms Louis Prisock examines the challenges African American conservatives face as they operate within the context of largely white conservatism At the same time that African American conservatives challenge the white conservative movement's principle of

color blindness they are accused of being racial mascots or tokens from those outside of it Prisock unwinds the intricacies of black conservatives relationships to both the wider conservative movement and the everyday life experiences of black Americans showing that they are as vulnerable to the inescapability of race as any other individual in a racialized America
