*The Nationalist Revolution in China, 1923-1928 C.* Martin Wilbur, 1984-11-29 This lively history of China's Nationalist revolution tells the story of a small group of Chinese patriots headed by Sun Yat sen until his death in 1925 They mobilised men money and propaganda to create a provincial base from which they launched a revolutionary military campaign to unify the country end imperialist privilege and bring the Kuomintang to power Soviet Russia induced the fledgling Chinese Communist Party to join the effort and sent money arms military and political experts to guide the revolution But there was a fatal flaw in this co operation and when the fighting was over the remnant Communist Party had been driven underground the Russian experts had been expelled and a faction riven Nationalist Party led by Chiang Kai shek could claim to be China's new government This study of a key period in China's history reprinted from Volume 12 of The Cambridge History of China is solidly based in Chinese Russian and Western languages sources

groundbreaking chronicle of the violent early years of the People's Republic of China by the author of the BBC Samuel  
Johnson Prize winning *Mao's Great Famine* The Chinese Communist party refers to its victory in 1949 as a liberation In China  
the story of liberation and the revolution that followed is not one of peace liberty and justice It is first and foremost a story of  
calculated terror and systematic violence So begins Frank Dikötter's stunning and revelatory chronicle of Mao Zedong's  
ascension and campaign to transform the Chinese into what the party called New People Following the defeat of Chiang Kai  
shek in 1949 after a bloody civil war Mao hoisted the red flag over Beijing's Forbidden City and the world watched as the  
Communist revolution began to wash away the old order Due to the secrecy surrounding the country's records little has been  
known before now about the eight years that followed preceding the massive famine and Great Leap Forward Drawing on

accounts of those who survived and more *The Tragedy of Liberation* bears witness to a shocking largely untold history  
Interweaving stories of ordinary citizens with tales of the brutal politics of Mao's court Frank Dikötter illuminates those who  
shaped the liberation and the horrific policies they implemented in the name of progress People of all walks of life were  
caught up in the tragedy that unfolded and whether or not they supported the revolution all of them were asked to write

Challenging both the bureaucratic one-party regime and the Western neoliberal paradigm China's leading critic shatters the  
myth of progress and reflects upon the inheritance of a revolutionary past In this original and wide-ranging study Wang Hui  
examines the roots of China's social and political problems and traces the reforms and struggles that have led to the current  
state of mass depoliticization Arguing that China's revolutionary history and its current liberalization are part of the same  
discourse of modernity Wang Hui calls for alternatives to both its capitalist trajectory and its authoritarian past From the  
May Fourth Movement to Tiananmen Square *The End of the Revolution* offers a broad discussion of Chinese intellectual  
history and society in the hope of forging a new path for China's future **China's Second Revolution** Harry  
Harding, 2010-12-01 China has since 1976 been enmeshed in an extraordinary program of renewal and reform The obvious

changes the T shirts blue jeans makeup and jewelry worn by Chinese youth the disco music blaring from radios and loudspeakers on Chinese streets the television antennas mushrooming from both urban apartment complexes and suburban peasant housing the bustling free markets selling meat vegetables and clothing in China's major cities reflect a fundamental shift in the government's policy toward the economy and political life Although doubts about the long term commitment to reform arose after the student protests in December 1986 and the dismissal of Party General Secretary Hu Yaobang in January 1987 the scope of reform has been so broad and the pace of change so rapid that the post Mao era fully warrants Deng Xiaoping's description of it as the second revolution undertaken by the Chinese Communist Party

**China in War and Revolution, 1895-1949** Peter Zarrow, 2006-06-07 Providing historical insights essential to the understanding of contemporary China this text presents a nation's story of trauma and growth during the early twentieth century It explains how China's defeat by Japan in 1895 prompted an explosion of radical reform proposals and the beginning of elite Chinese disillusionment with the Qing government The book explores how this event also prompted five decades of efforts to strengthen the state and the nation democratize the political system and build a fairer and more unified society Peter Zarrow weaves narrative together with thematic chapters that pause to address in depth themes central to China's transformation While the book proceeds chronologically the chapters in each part examine particular aspects of these decades in a more focused way borrowing from methodologies of the social sciences cultural studies and empirical historicism Essential reading for both students and instructors alike it draws a picture of the personalities ideas and processes by which a modern state was created out of the violence and trauma of these decades

**A Bitter Revolution** Rana Mitter, 2004-05-06 China is now poised to take a key role on the world stage but in the early twentieth century the situation could not have been more different Rana Mitter goes back to this pivotal moment in Chinese history to uncover the origins of the painful transition from a premodern past into a modern world By the 1920s the seemingly civilized world shaped over the last two thousand years by the legacy of the great philosopher Confucius was falling apart in the face of western imperialism and internal warfare Chinese cities still bore the imprints of its ancient past with narrow lanes and temples to long worshipped gods but these were starting to change with the influx of foreign traders teachers and missionaries all eager to shape China's ancient past into a modern present Mitter takes us through the resulting social turmoil and political promise the devastating war against Japan in the 1940s Communism and the Cultural Revolution of the 1960s and the new era of hope in the 1980s ended by the Tiananmen uprising He reveals the impetus behind the dramatic changes in Chinese culture and politics as being China's New Culture a strain of thought which celebrated youth individualism and the heady mixture of strange and seductive new cultures from places as far apart as America India and Japan
