The Butcher's Guide to Well-Raised Meat Joshua Applestone, Jessica Applestone, Alexandra Zissu, 2011-06-07. The definitive guide to buying cutting and cooking local and sustainable meats from the owners of Applestone Meat Company and the founders of Fleisher's Grass Fed and Organic Meats. The butcher has reemerged in American culture as an essential guide in avoiding the evils of industrial meat which not only tastes bad but is also bad for one's health and for the environment. Joshua and Jessica Applestone a former vegan and vegetarian are trailblazers in this arena. They owned Fleisher's an old school butcher shop with a modern day mission sourcing and selling only grass fed and organic meat. The Applestones return to the nearly lost tradition of the buying and nose to tail carving of whole animals all humanely raised close to their shop in New York's Hudson Valley has helped to make them rising stars in the food world. The Butcher's Guide to Well Raised Meat is a compendium of their firsthand knowledge. This unique book a guide memoir manifesto and reference in one shares everything one needs to know about well raised meat including why pastured meats are so much better than conventional ones and how to perfectly butcher and cook them at home. Readers will learn which cut of steak to look for as an alternative to the popular hanger of which each steer has only one how to host a driveway pig roast and even how to break down an entire lamb or just butterfly the shoulder all with accompanying step by step photographs. Differences among breeds and ideal cooking methods for various cuts and offal are covered and the Applestones decoding of misleading industry terminology and practices will help consumers make smarter healthier purchases that can also help change what's wrong with meat in America today. Complete with color and black and white photographs illustrations and more than a dozen recipes. The Butcher's Guide to Well Raised Meat is the definitive guide to eating great meat responsibly.
