Richard Cowper SF Gateway Omnibus Richard

Cowper, 2014-11-25 From the vaults of the SF Gateway the most comprehensive digital library of classic SFF titles ever assembled comes an ideal introduction to one of the unique voices of British science fiction John Middleton Murry Jr who wrote his best work under the pen name Richard Cowper The son of the famous critic John Middleton Murry Cowper announced himself to the science fiction world in 1967 with BREAKTHROUGH which found favour for a subtlety and richness of characterisation not seen in most contemporary SF The idea of a transformed future England became his signature leitmotif and it is this theme that informs the Corlay tales contained in this omnibus This is the complete Corlay sequence featuring introductory novella PIPER AT THE GATES OF DAWN and novels THE ROAD TO CORLAY A DREAM OF KINSHIP and A TAPESTRY OF TIME THE ROAD TO CORLAY On the Eve of the Fourth Millennium a slowly building civilization struggling out of the rubble of the Drowning was crushed beneath the sceptre of a powerful and repressive Church But on the Eve of the Fourth Millennium the sound of a magical pipe was heard and the air was filled with songs of freedom and enlightenment And on the Eve of the Fourth Millennium the Boy appeared bringing the gift of sacrilege a harbinger of the future heralding the arrival of the White Bird of Dawning It is the coming of a New Age A glorious future bearing the presents of the past A DREAM OF KINSHIP They came to destroy The treacherous Falcons uniformed in the black leather tunics of the fanatic Secular Arm descended on Corlay to burn and kill Commanded by Lord Constant ruler of the Seven Kingdoms they were determined to crush the religious heresy of Kinship But a new dream rose from the ashes When four Kinsmen escaped the carnage of their beloved land each helped to fulfill the miracle that had been foretold the coming of the Child of the Bride of Time A TAPESTRY OF TIME Twenty years have passed since the martyrdom of the Boy piper at York twenty years in which his legacy the movement of Kinship has challenged the tyranny of the Church Militant in Britain's seven island kingdoms Now his namesake Tom bearing the Boy's own pipes and perhaps himself imbued with the spirit of the White Bird is wandering Europe in company with the girl Witchet But disaster overtakes them and Tom in a flurry of vengeance breaks his vow of Kinship A terrible path lies before him one that transcends his own world As he travels it Tom must come to understand the true nature of the wild White Bird of The Bride of Time and her Child and of the Song the Star Born sang

Anthropocene Fictions Adam Trexler, 2015-04-20 Since the Industrial Revolution humans have transformed the Earth's atmosphere committing our planet to more extreme weather rising sea levels melting polar ice caps and mass extinction This period of observable human impact on the Earth's ecosystems has been called the Anthropocene Age The anthropogenic climate change that has impacted the Earth has also affected our literature but criticism of the contemporary novel has not adequately recognized the literary response to this level of environmental crisis Ecocriticism's theories of place and planet meanwhile are troubled by a climate that is neither

natural nor under human control *Anthropocene Fictions* is the first systematic examination of the hundreds of novels that have been written about anthropogenic climate change Drawing on climatology the sociology and philosophy of science geography and environmental economics Adam Trexler argues that the novel has become an essential tool to construct meaning in an age of climate change The novel expands the reach of climate science beyond the laboratory or model turning abstract predictions into subjectively tangible experiences of place identity and culture Political and economic organizations are also being transformed by their struggle for sustainability In turn the novel has been forced to adapt to new boundaries between truth and fabrication nature and economies and individual choice and larger systems of natural phenomena *Anthropocene Fictions* argues that new modes of inhabiting climate are of the utmost critical and political importance when unprecedented scientific consensus has failed to lead to action Under the Sign of Nature Explorations in Ecocriticism
