Robert Atkins An Unfinished Autobiography:

Robert Atkins Robert Atkins, John Courtenay Trewin, 1994 *The Oxford Companion to Shakespeare*, Shakespeare, Memory and Performance Peter Holland, Director Shakespeare Institute and Professor of Shakespeare Studies Peter Holland, 2006-11-02 This collection by leading Shakespeare scholars first published in 2006 brings together memory and performance

The Oxford Companion to Shakespeare Michael Dobson, Stanley Wells, Will Sharpe, Erin Sullivan, 2015-10-15 The Oxford Companion to Shakespeare is the most comprehensive reference work available on Shakespeare's life, times, works and his 400 year global legacy. In addition to the authoritative A-Z entries it includes nearly 100 illustrations, a chronology, a guide to further reading, a thematic contents list and special feature entries on each of Shakespeare's works. Tying in with the 400th anniversary of Shakespeare's death, this much loved Companion has been revised and updated reflecting developments and discoveries made in recent years and to cover the performance interpretation and the influence of Shakespeare's works up to the present day. First published in 2001, the online edition was revised in 2011 with updates to over 200 entries plus 16 new entries. These online updates appear in print for the first time in this second edition along with a further 35,000 new and revised words. These include more than 80 new entries ranging from important performers, directors and scholars such as Lucy Bailey, Samuel West and Alfredo Michel Modenessi to topics as diverse as Shakespeare in the digital age and the ubiquity of plants in Shakespeare's works to the interpretation of Shakespeare globally from Finland to Iraq. To make information on Shakespeare's major works easier to find, the feature entries have been grouped and placed in a centre section fully cross referenced from the A-Z. The thematic listing of entries described in the press as an invaluable panorama of the contents has been updated to include all of the new entries. This edition contains a preface written by much lauded Shakespearean actor Simon Russell Beale. Full of both entertaining trivia and scholarly detail, this authoritative Companion will delight the browser and reward students, academics as well as anyone wanting to know more about Shakespeare.

Coriolanus on Stage in England and America, 1609-1994 John Ripley, 1998 Drawing upon promptbooks and other theater documents, engravings and photographs, reviews, interviews, letters, diaries and memoirs, he creates a richly layered account of a play persistently denied its character and rarely staged without explicit or implicit apology.

The Masks of Anthony and Cleopatra Marvin Rosenberg, Mary Rosenberg, 2006 In his analysis Marvin Rosenberg sets out to steer a path between the extremes of Rome and Egypt and all they stand for and to explore the relentless to and back confrontation of their different sets of values which leads ultimately to destruction.

Performing Shakespeare in the Age of Empire Richard Foulkes, 2006-12-14 Explores the political and social uses of Shakespeare through the nineteenth and into the twentieth century.

The Cambridge Companion to Shakespeare on Stage Stanley Wells, Stanley W. Wells, Sarah Stanton, 2002-05-30 This 2002 Companion is designed for readers interested in past and present productions of Shakespeare's plays both in and beyond Britain. The first six chapters describe aspects of the British

performing tradition in chronological sequence from the early staging of Shakespeare's own time through to the present day. Each relates Shakespearean developments to broader cultural concerns and adopts an individual approach and focus on textual adaptation, acting, stages, scenery or theatre management. These are followed by three explorations of acting, tragic and comic actors and women performers of Shakespeare roles. A section on international performance includes chapters on interculturalism, on touring companies and on political theatre with separate accounts of the performing traditions of North America, Asia and Africa. Over forty pictures illustrate performers and productions of Shakespeare from around the world. An amalgamated list of items for further reading completes the book.

Shakespeare and Amateur Performance Michael Dobson, 2011-04-28. From the Hamlet acted on a galleon off Africa to the countless outdoor productions of A Midsummer Night's Dream that now defy each English summer, Shakespeare and Amateur Performance explores the unsung achievements of those outside the theatrical profession who have been determined to do Shakespeare themselves. Based on extensive research in previously unexplored archives, this generously illustrated and lively work of theatre history enriches our understanding of how and why Shakespeare's plays have mattered to generations of rude mechanicals and aristocratic dilettantes alike, from the days of the Theatres Royal to those of the Little Theatre Movement, from the pioneering Winter's Tale performed in eighteenth-century Salisbury to the Merchant of Venice performed by Allied prisoners for their Nazi captors, and from the how-to book which transforms Mercutio into Yankee Doodle to the Napoleonic counterspy who used Richard III as a tool of surveillance.

Great Shakespeareans Set IV Adrian Poole, Peter Holland, 2014-09-11. Great Shakespeareans presents a systematic account of those figures who have had the greatest influence on the interpretation, understanding and cultural reception of Shakespeare both nationally and internationally. This major project offers an unprecedented scholarly analysis of the contribution made by the most important Shakespearean critics, editors, actors and directors as well as novelists, poets, composers and thinkers from the seventeenth to the twentieth century. An essential resource for students and scholars in Shakespeare studies.

Delve into the emotional tapestry woven by Emotional Journey with in **Robert Atkins An Unfinished Autobiography** .
