Robert Frost Reader:

The Robert Frost Reader Robert Frost, 2002-04 No poet is more emblematically American than Robert Frost This is a collection of rich cornucopia of Frost's speeches interviews correspondence one act plays and other prose Toward Robert Frost Judith Oster, 1994-02-01 Every poem Robert Frost declared is an epitome of the great predicament a figure of the will braving alien entanglements This study considers what Frost meant by those entanglements how he braved them in his poetry and how he invited his readers to do the same In the process it contributes significantly to a new critical awareness of Frost as a complex artist who anticipated postmodernism a poet who invoked literary traditions and conventions frequently to set himself in tension with them Using the insights of reader response theory Judith Oster explains how Frost appeals to readers with his apparent accessibility and then because of the openness of his poetry's possibilities engages them in the process of constructing meaning Frost's poems she demonstrates teach the reader how they should be read at the same time they resist closure and definitive reading The reader's acts of encountering and constructing the poems parallel Frost's own encounters and acts of construction Commenting at length on a number of individual poems Oster ranges in her discussion from the ways in which the poet dramatizes the inadequacy of the self alone to the manner in which he reads the Book of Genesis or the writing of Emerson Oster illuminates finally the central conflict in Frost his need to be read well against his fear of being read his need to share his creation against his fear of its appropriation by others You Come Too Robert Frost, 1959 A collection of Frost's poems to be read to and by young people *Robert Frost: Sixteen Poems to Learn by Heart* Robert Frost, Jay Parini, 2024-03-05 Celebrate Robert Frost's 150th birthday with a deluxe keepsake edition featuring 16 of his greatest poems with brilliant essays highlighting his special genius and the power of memorization to unlock the magic of his language During a public reading Robert Frost was once asked why he so frequently recited his poems from memory With typical wit he replied If they won't stick to me I won't stick to them Remarkably among the modern poets his poems stick to the reader Mending Wall with its famous invocation of the rural maxim Good fences make good neighbors The Road Not Taken about the beguiling possibilities of life Birches which reminds us that One could do worse than be a swinger of birches Stopping by Woods on a Snowy Evening with its unforgettable final line And miles to go before I sleep Here poet and Frost biographer Jay Parini presents these and 12 other Frost poems to learn by heart In short accompanying commentaries Parini illuminates the stylistic and imaginative features of each of the poems drawing in biographical material from Frost's life to provide further context The goal of this little book is to encourage readers to slow down to listen to Frost's words and phrases to locate their deepest rhythms and hear the tune of each poem as it unfolds Memorizing a poem can teach us much about a poem's structure and argument and about the resonance of particular words And best of all memorization makes a poem part of our inner lives Once committed to memory a poem is available to us for recall at any time and the occasions for remembering it will make themselves known to us It isn't something we have to work at Anyone
