Robert Mugabe A Political Life:

Robert Mugabe Stephen Chan, 2003 An informed insightful biography of Zimbabwe's first and only president which tells of his fateful path from revolutionary patriot to ruthless dictator

Robert Mugabe and the Will to Power in an African Postcolony William J. Mpfu, 2021-03-04 This book is a philosopher's view into the chaotic postcolony of Zimbabwe delving into Robert Mugabe's Will to Power The Will to Power refers to a spirited desire for power and overwhelming fear of powerlessness that Mugabe artfully concealed behind performances of invincibility Nietzsche's philosophical concept of the Will to Power is interpreted and expanded in this book to explain how a tyrant is produced and enabled and how he performs his tyranny Achille Mbembe's novel concept of the African postcolony is mobilised to locate Zimbabwe under Mugabe as a domain of the madness of power The book describes Mugabe's development from a vulnerable youth who was intoxicated with delusions of divine commission to a monstrous tyrant of the postcolony who mistook himself for a political messiah This account exposes how post political euphoria about independence from colonialism and the heroism of one leader can easily lead to the degeneration of leadership However this book is as much about bad leadership as it is about bad followership Away from Eurocentric stereotypes where tyranny is isolated to African despots this book shows how Mugabe is part of an extended family of tyrants of the world He fought settler colonialism but failed to avoid being infected by it and eventually became a native coloniser to his own people The book concludes that Zimbabwe faces not only a simple struggle for democracy and human rights but a Himalayan struggle for liberation from genocidal native colonialism that endures even after Robert Mugabe's dethronement and death

[The End of an Era? Robert Mugabe and a Conflicting Legacy](#)

Munyaradzi, Mawere, Marongwe, Ngonidzashe, 2018-11-17 Arguably one of the most polarising figures in modern times has been Robert Gabriel Mugabe the former President of the Republic of Zimbabwe The mere mentioning of his name raises a lot of debate and often times vicious if not irreconcilable differences both in Zimbabwe and beyond In an article titled Lessons of Zimbabwe Mahmood Mamdani succinctly captures the polarity thus It is hard to think of a figure more reviled in the West than Robert Mugabe and his land reform measures however harsh have won him considerable popularity not just in Zimbabwe but throughout southern Africa This together with his recent stylised ouster speaks volumes to his conflicted legacy The divided opinion on Mugabe's legacy can broadly be represented first by those who consider him as a champion of African liberation a Pan Africanist an unmatched revolutionary and an avid anti imperialist who literally spoke the truth to Western imperialists On the other end of the spectrum are those who seemingly paying scant regard to the predicament of millions of black Zimbabweans brutally dispossessed of their land and human dignity since the Rhodesian days have differentially characterised Mugabe as a rabid black fascist an anti white racist an oppressor and a dictator Drawing on all these opinions and characterisations the chapters ensconced in this volume critically reflect on the personality leadership style and contributions of Robert Mugabe during his time in office from 1980 to November 2017 The volume is timely in view

of the current contested transition in Zimbabwe and with regard to the ongoing consultations on the Land Question in neighbouring South Africa It is a handy and richly documented text for students and practitioners in political science African studies economics policy studies development studies and global studies *Mugabe* Stephen Chan,2019 On 21st November 2017 Robert Mugabe resigned as President of Zimbabwe after 37 years in power A week earlier the military had seized control of the country and forced him to step down as leader of the ruling Zanu PF party In this revised and updated edition of his classic biography Stephen Chan seeks to explain and interpret Mugabe in his role as a key player in the politics of Southern Africa In this masterly portrait of one of Africa s longest serving leaders Mugabe s character unfolds with the ebb and flow of triumph and crisis Mugabe s story is Zimbabwe s from the post independence hopes of idealism and reconciliation to electoral victory the successful intervention in the international politics of Southern Africa and the resistance to South Africa s policy of apartheid But a darker picture emerged early with the savage crushing of the Matabeleland rising the elimination of political opponents growing corruption and disastrous intervention in the Congo war all worsened by drought and the HIV AIDS crisis Stephen Chan s highly revealing biography based on close personal knowledge of Zimbabwe depicts the emergence and eventual downfall of a ruthless and single minded despot amassing and tightly clinging to political power We follow the triumphant nationalist leader who reconciled all in the new multiracial Zimbabwe degenerate into a petty tyrant consumed by hubris and self righteousness and ultimately face an ignominious endgame at the hands of his own army Mugabeism after Mugabe? Duri, Fidelis Peter Thomas,Marongwe, Ngonidzashe,Mawere, Munyaradzi,2019-10-22 Arguably one of the long waited political handover of power globally happened in November 2017 in Zimbabwe when the former and now late 37 year long serving and divisive President Robert Gabriel Mugabe was forced out of power by a combination of forces that were spearheaded by the military s Operation Restore Legacy Mugabe s departure ushered in President Emmerson Dambudzo Mnangagwa s reign This transition has variously been characterised as marking the inauguration of the Second Republic or New Dispensation or as heralding a new Zimbabwe that is Open for Business From the moment of the investiture of President Mnangagwa s government anticipations of seismic changes to the order of doing business by both the incoming government and the larger Zimbabwean society in general were extremely high There was an expectation that international cooperation with global partners especially in the West would be restored alongside the reinvigoration of a near comatose domestic economy But did this ever happen This volume interrogates the impact of the introduction of the Mnangagwa administration from November 2017 The book seeks to broadly dissect and troubleshoot issues of continuity and change from Mugabe s reign into Mnangagwa s Second Republic In doing so the book attempts to respond to the grand question To what extent has Mugabeism that was the hallmark of Mugabe s reign continued or discontinued into the Second Republic The volume which comes as a sequel to The end of an era Robert Mugabe and a conflicting legacy is sure to generate interest and responses from students and academics in the

Timothy J. Demy, Jeffrey M. Shaw Ph.D., 2019-09-19 With respect to the countries of the world this work addresses two basic questions How does religion affect politics in this country and How does politics affect religion in this country Although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends The present work does the latter contextualizing them within regional and national boundaries In so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology The work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s It is organized by global geographic regions including Africa Central and South America and the Middle East and presents countries alphabetically within those sections Each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region The work also includes an introduction sidebars and a bibliography *The Politics of the Dead in Zimbabwe, 2000-2020* Joost Fontein, 2022 Innovative and challenging study that provides fresh insights on the anthropology of death and postcolonial politics In 1898 just before she was hanged for rebelling against colonial rule Charwe Nyakasikana spirit medium of the legendary ancestor Ambuya Nehanda famously prophesised that my bones will rise again A century later bones bodies and human remains have come to occupy an increasingly complex place in Zimbabwe s postcolonial milieu From ancestral bones rising again in the struggle for independence and later land to resurfacing bones of unsettled wardead and from the troubling decaying remains of post independence gukurahundi massacres to the leaky tortured bodies of recent election violence human materials are intertwined in postcolonial politics in ways that go far beyond yet necessarily implicate contests over memory commemoration and the representation of the past In this book Joost Fontein examines the complexities of human remains in Zimbabwe s politics of the dead Challenging and innovative he takes us beyond current scholarship on memory commemoration and the changing significance of traditional death practices to examine the political implications of human remains as material substances as duplicitous rumours and as returning spirits Linking the indeterminacy of human substances to the productive but precarious uncertainties of rumours and spirits the book points to how the incompleteness of death is politically productive and ultimately derives from the problematic entangled excessivities of human material and immaterial existence and is deeply intertwined with the stylistics of postcolonial power and politics Joost Fontein is Professor of Anthropology University of Johannesburg He was previously Director of the British Institute in Eastern Africa and Lecturer in Social Anthropology at the University of Edinburgh His books include *Remaking Mutirikwi Landscape Water and Belonging* James Currey 2015 shortlisted for the African Studies Association 2016 Herskovits Prize Southern Africa South Africa Namibia Lesotho Swaziland and Botswana University of Johannesburg Press *Developing*

Civil Society Dr Senyo Adjibolosoo, 2006-07-28 Following on from his earlier volume *Globalization and the Human Factor* Senyo Adjibolosoo focuses attention on the prospects for establishing civil society through the development of a positive human factor As civil society can neither be brought into existence by factors such as stringent legislation economic development political manoeuvring and violent civil disobedience nor by chance these orthodox procedures have proved to be nothing more than unproductive quick fix solutions This study examines how previous social engineering programmes failed because of the preoccupation with the symptoms of severe human factor decay HFD The necessary conditions for a successful evolution of a principle centred civil society is the availability of a positive human factor without which no group of people can achieve and sustain civil liberties human rights or the rule of law Provocative and challenging this book illustrates how positive human factor is essential to not only developing but also industrialized countries **Neopatrimonialism in**

Africa and Beyond Daniel Bach, Mamoudou Gazibo, 2013-03-01 Neopatrimonialism a system whereby rulers use state resources for personal benefit and to secure the loyalty of clients in the general population is central to any teaching or conceptualisation of contemporary African politics This book is a theoretical and comparative study of neopatrimonialism in Africa and across world regions Although such practices are widespread in other parts of the world the African neopatrimonial state has also become a global prototype of the anti developmental state This volume calls for a reappraisal of the genesis and interpretations of the concepts of patrimonialism and neopatrimonialism Expert contributors consider recent debates in Africa through the study of democracy clientelism the big man syndrome Kenya the rise of godfatherism Nigeria warlordism Liberia and the neopatrimonial state on a day to day basis Niger They discuss patrimonialism and neopatrimonialism from Latin America to Europe Central Asia and Asia Pacific to weave a comparative analysis of the interplay between public policies and private interest Neopatrimonialism in Africa and Beyond is an important and timely volume that will be of interest to students and scholars of international politics African studies sociology and international development *The Cultural and Artistic Legacy of Oliver Mtukudzi* Munyaradzi Nyakudya, Bridget Chinouriri, Pauline

Mateveke, Ezra Chitando, 2022-09-10 This book delves into a critical and comprehensive analysis of Mtukudzi's legacy as an outstanding musician who anchored his music on cultural identity specifically through the artistic manipulation of language As a cultural worker his remit extended beyond performance This raised his stature to the levels of such African music icons as Fela Kuti of Nigeria Salif Keita of Mali and Miriam Makeba Hugh Masekela of South Africa all towering giants in African musical performance This volume examines how Mtukudzi artistically manipulated language to convey a timeless message of cultural identity fighting for the respect of rights for women children and all It unpacks how Mtukudzi subtly uses language to put across political views that speak truth to power harnessing Zimbabwean language to articulate and promote the nation's cultural heritage and to advocate for societal development and the promotion of rights of vulnerable groups The chapters in this volume are a mix of interdisciplinary Zimbabwean scholars of linguistics performance studies religion history

communication and media studies unravelling Mtukudzi as a fighter for human rights and justice who subtly critiqued political systems and practices It concludes that Mtukudzi strove to be a cultural worker who used the power of language through music to contribute towards the rehabilitation of a battered African identity *Muslim Identities and Political Strategies* Heinrich Matthee, 2008

HIV & AIDS: A Very Short Introduction Alan Whiteside, 2016-11-17 In 2008 it was believed that HIV AIDS was without doubt the worst epidemic to hit humankind since the Black Death The first case was identified in 1981 by 2004 it was estimated that about 40 million people were living with the disease and about 20 million had died Yet the outlook today is a little brighter Although HIV AIDS continues to be a pressing public health issue the epidemic has stabilised globally and it has become evident it is not nor will it be a global issue The worst affected regions are southern and eastern Africa Elsewhere HIV is found in specific usually marginalised populations for example intravenous drug users in Russia Although there still remains no cure for HIV there have been unprecedented breakthroughs in understanding the disease and developing drugs Access to treatment over the last ten years has turned AIDS into a chronic disease although it is still a challenge to make antiviral treatment available to all that require it We also have new evidence that treatment greatly reduces infectivity and this has led to the movement of Treatment as Prevention In this Very Short Introduction Alan Whiteside provides an introduction to AIDS tackling the science the international and local politics the demographics and the devastating consequences of the disease He looks at the problems a developing international AIDS fatigue poses to funding for sufferers but also shows how domestic resources are increasingly being mobilised despite the stabilisation of international funding Finally Whiteside considers how the need to understand and change our behaviour has caused us to reassess what it means to be human and how we should operate in the globalizing world
