HISTORY OF THE
FIRST CRUSADE

CAROL SWEETENHAM

Robert The Monks History Of The First Crusade Historia Iherosolimitana Crusade Texts In Translati

John D. Hosler

Robert The Monks History Of The First Crusade Historia Iherosolimitana Crusade Texts In Translati:

Robert the Monk's History of the First Crusade, 2006-08-14 Robert the Monk's chronicle of the First Crusade was one of the most popular such accounts in the Middle Ages. As such, it gives an invaluable window onto contemporary perceptions of the crusade as well as providing new and unique information, and all this in a racy style which on occasion would not disgrace a modern journalist. This is the first translation of the Latin text into English. **Robert the Monk's History of the First Crusade** Carol Sweetenham, 2017 This is the first English translation of Robert the Monk's *Historia Iherosolimitana*, a Latin prose chronicle describing the First Crusade. In addition to providing new and unique information on the Crusade, Robert claims to have been an eyewitness of the Council of Clermont in 1095; its particular interest lies in the great popularity it enjoyed in the Middle Ages. The text has close links with the vernacular literary tradition and is written in a racy style which would not disgrace a modern tabloid journalist. Its reflection of contemporary legends and anecdotes gives us insights into perceptions of the Crusade at that time and opens up interesting perspectives onto the relationship of history and fiction in the twelfth century. The introduction discusses what we know about Robert, his importance as a historical source, and his place in the literary tradition of the First Crusade. Provided by publisher. **The Miraculous and the Writing of Crusade Narrative** Beth C. Spacey, 2020 First comprehensive study of miracles in Crusade narrative showing how and why they were deployed by their authors. **Logistics of the First Crusade** Gregory D. Bell, 2019-10-23 This study examines the logistics of the First Crusade. The author analyzes how its participants managed to feed and sustain themselves across diverse landscapes, travel through foreign kingdoms, and have the ability to capture the holy city of Jerusalem.

Writing the Early Crusades Marcus Graham Bull, Damien Kempf, 2014 A pioneering approach to contemporary historical writing on the First Crusade, looking at the texts as cultural artefacts rather than simply for the evidence they contain. The First Crusade, 1095-1101, was the stimulus for a substantial boom in Western historical writing in the first decades of the twelfth century, beginning with the so-called eyewitness accounts of the crusade and extending to numerous second-hand treatments in prose and verse. From the time when many of these accounts were first assembled in printed form by Jacques Bongars in the early seventeenth century, and even more so since their collective appearance in the great nineteenth-century compendium of crusade texts, the *Recueil des historiens des croisades*, narrative histories have come to be regarded as the single most important resource for the academic study of the early crusade movement. But our understanding of these texts is still far from satisfactory. This ground-breaking volume draws together the work of an international team of scholars. It tackles the disjuncture between the study of the crusades and the study of medieval history writing, setting the agenda for future research into historical narratives about or inspired by crusading. The basic premise that informs all the papers is that narrative accounts of crusades and analogous texts should not be primarily understood as repositories of data that contribute to a reconstruction of events, but as cultural artefacts that can be interrogated from a wide range of theoretical

methodological and thematic perspectives MARCUS BULL is Andrew W Mellon Distinguished Professor of Medieval and Early Modern Studies at the University of North Carolina at Chapel Hill DAMIEN KEMPF is Senior Lecturer in Medieval History at the University of Liverpool Contributors Laura Ashe Steven Biddlecombe Marcus Bull Peter Frankopan Damian Kempf James Naus L an N Chl irigh Nicholas Paul William J Purkis Luigi Russo Jay Rubenstein Carol Sweetenham *War and Violence in the Western Sources for the First Crusade* Sini Kangas,2024-05-27 Medieval Westerners accepted killing for religion and praised the outcome of the First Crusade 1096 1099 At the same time their attitude to violence was ambivalent Theologians shunned the practical use of force while the warrior aristocracy valued the capacity for physical destruction In the absence of theological doctrine on the practicalities of holy warfare the first crusaders draw their ideas about killing from diverse and sometimes conflicting traditions This book answers questions about how religious violence was described justified and remembered in the sources of the First Crusade What was the relation between faith convention and action

The Battle Rhetoric of Crusade and Holy War, c. 1099-c. 1222 Connor Christopher Wilson,2022-11-25 This book examines Latin narratives produced in the aftermath of the First Crusade and challenges the narrative of supposed brutality and amorality of warfare in this period instead focusing on the moral and didactic concerns surrounding warfare and violence with which medieval authors wrestled The battle oration a rousing harangue exhorting warriors to deeds of valour has been regarded as a significant aspect of warfare since the age of Xenophon and has continued to influence conceptions of campaigning and combat to the present day While its cultural and chronological pervasiveness attests to the power of this trope scholarly engagement with the literary phenomenon of the pre battle speech has been limited Moreover previous work on medieval battle rhetoric has only served to reinforce the supposed brutality and amorality of warfare in this period highlighting appeals to martial prowess a hatred for the enemy and promises of wealth and glory This book through an examination of Latin narratives produced in the aftermath of the First Crusade and the decades that followed challenges this understanding and illuminates the moral and didactic concerns surrounding warfare and violence with which medieval authors wrestled Furthermore while battle orations form a clear mechanism by which the fledgling crusading movement could be explored ideologically this comparative study reveals how non crusading warfare in this period was also being reconceptualised in light of changing ideas about just war authority and righteousness in Christian society This volume is perfect for researchers students and scholars alike interested in medieval history and military studies Shaping Identities in a Holy Land Gil Fishhof,2023-12-21 In the 88 years between its establishment by the victorious armies of the First Crusade and its collapse following the disastrous defeat at Hattin the Latin Kingdom of Jerusalem was the site of vibrant artistic and architectural activity As the crusaders rebuilt some of Christendom s most sacred churches or embellished others with murals and mosaics a unique and highly original art was created Focusing on the sculptural mosaic and mural cycles adorning some of the most important shrines in the Kingdom such as the Church of the Holy Sepulchre The Basilica of the

Annunciation and the Church of the Nativity this book offers a broad perspective of Crusader art and architecture Among the many aspects discussed are competition among pilgrimage sites crusader manipulation of biblical models the image of the Muslim and others Building on recent developments in the fields of patronage studies and reception theory the book offers a study of the complex ways in which Crusader art addressed its diverse audiences Franks indigenous eastern Christians pilgrims while serving the intentions of its patrons Of particular interest to scholars and students of the Crusades and of Crusader art as well as scholars and students of medieval art in general this book will appeal to all those engaging with intercultural encounters acculturation Christian Muslim relations pilgrimage the Holy Land medieval devotion and theology Byzantine art reception theory and medieval patronage *The Crusades and Nature* Jessalynn L. Bird, Elizabeth Lapina, 2024-07-31 *The Crusades and Nature* Natural and Supernatural Environments in the Middle Ages explores the intersection of crusader studies and studies of nature The volume addresses encounters with responses to and representations of a broad variety of phenomena celestial objects and events familiar and unfamiliar fauna and flora seascapes and landscapes the elements and the seasons etc It introduces readers to crusaders actual but also largely or entirely imaginary encounters with natural phenomena as well as literary references to nature in crusader sources more generally such as for example animal metaphors Finally this project investigates the relationships between the natural and the supernatural and between nature and human made environments The volume will define crusades broadly to include not only crusades to the East but also crusades to frontier regions such as the Baltic and Iberian peninsula and extends to representations of crusades and nature in later medieval and early modern sources **Jerusalem Falls** John D. Hosler, 2022-11-15 The first full account of the medieval struggle for Jerusalem from the seventh to the thirteenth century The history of Jerusalem is one of conflict faith and empire Few cities have been attacked as often and as savagely This was no less true in the Middle Ages From the Persian sack in 614 through the bloody First Crusade and beyond Jerusalem changed hands countless times But despite these horrific acts of violence its story during this period is also one of interfaith tolerance and accord In this gripping history John D Hosler explores the great clashes and delicate settlements of medieval Jerusalem He examines the city s many sieges and considers the experiences of its inhabitants of all faiths The city s conquerors consistently acknowledged and reinforced the rights of those religious minorities over which they ruled Deeply researched this account reveals the way in which Jerusalem s past has been constructed on partial histories and urges us to reckon with the city s broader historical contours

Yeah, reviewing a books **Robert The Monks History Of The First Crusade Historia Iherosolimitana Crusade Texts In Translati** could ensue your close associates listings. This is just one of the solutions for you to be successful. As understood, ability does not suggest that you have astonishing points.
