 Yasmin, 2006-02-01 Animation is one of the fastest growing fields in film and television and it is also integral to video games
 and web development Once an esoteric and hard won skill technology has advanced to the point that simple animated
 projects can now be produced on a home PC Its many enthusiasts have fuelled a range of new courses in universities and in
 public and private colleges Drawing on their extensive experience in the field the authors offer a systematic overview of the
 role of the animation producer and the production process They explain how to develop a concept pitch it to obtain funding
 and find a market They offer detailed advice on recruiting a team managing different stages of production including overseas
 suppliers quality control budgeting and scheduling They also outline the key aspects of 2D and 3D production From project
 development seeking investment to pre and post production for film television and the web The Animation Producer's
 Handbook is the one stop shop for budding animators everywhere *The Palgrave Handbook of Screenwriting Studies*
