Pylodet, Augusta Harriet Garrigue Leypoldt, 1902 *Conspiracy, Revolution, and Terrorism from Victorian Fiction to the Modern Novel* Adrian Wisnicki, 2013-01-11 Drawing on critical and theoretical work by Miller Boone Foucault Jameson and others as well as cultural history affect theory and contemporary psychiatric literature the author defines and explores what he calls the Victorian conspiracy narrative tradition a tradition which embraces classic Victorian works like Bleak House Great Expectations Villette and The Moonstone as well as later Victorian and Edwardian novels by James Conrad and Chesterton and early spy thrillers such as The Riddle of the Sands and The Thirty Nine Steps In reading these works as instances of a single literary tradition the conspiracy narrative tradition the author traces how the representation of conspiracy changes in nineteenth century British literature and argues that many of these changes occur in response to significant Victorian era developments such as the European revolutions of 1848 49 the rise of British law enforcement agencies the growth of Irish Fenian terrorism and the fin de si cle waning of the British Empire The book also explores the roles that conspiratorial indeterminacy and irony play in shaping the Victorian conspiracy narrative tradition and examines how modern works by Proust Kafka and Pynchon appropriate elements from Victorian conspiracy narratives Finally in using recent work on affect theory as well as studies of paranoia by Freud Shapiro and Meissner the book traces how Victorian works fashion the paranoid subject a discursive process that ultimately leads to the emergence of the modern fictional conspiracy theorist Colorado School Journal , 1905 **Index to Short Stories** Grace Emily Salisbury, 1906 **Art Work** April F. Masten, 2014-10-31 I was in high spirits all through my unwise teens considerably puffed up after my drawings began to sell with that pride of independence which was a new thing to daughters of that period The Reminiscences of Mary Hallock Foote Mary Hallock made what seems like an audacious move for a nineteenth century young woman She became an artist She was not alone Forced to become self supporting by financial panics and civil war thousands of young women moved to New York City between 1850 and 1880 to pursue careers as professional artists Many of them trained with masters at the Cooper Union School of Design for Women where they were imbued with the Unity of Art ideal an aesthetic ideology that made no distinction between fine and applied arts or male and female abilities These women became painters designers illustrators engravers colorists and art teachers They were encouraged by some of the era s best known figures among them

Tribune editor Horace Greeley and mechanic philanthropist Peter Cooper who blamed the poverty and dependence of both women and workers on the separation of mental and manual labor in industrial society The most acclaimed artists among them owed their success to New York's conspicuously egalitarian art institutions and the rise of the illustrated press Yet within a generation their names accomplishments and the aesthetic ideal that guided them virtually disappeared from the history of American art Art Work Women Artists and Democracy in Mid Nineteenth Century New York recaptures the unfamiliar cultural landscape in which spirited young women daring social reformers and radical artisans succeeded in reuniting art and industry In this interdisciplinary study April F Masten situates the aspirations and experience of these forgotten women artists and the value of art work itself at the heart of the capitalist transformation of American society
