Wounded Masculinity and the Search for (Father) Self in American Film Susan Mackey-Kallis, Brian Johnston, 2023-12-12
Drawing on texts and theorists of Greek myth psychoanalysis and masculinities Susan Mackey Kallis and Brian Johnston develop and offer a model of rhetorical and mythic criticism to analyze popular American film In this book Mackey Kallis and Johnston focus their analysis on films that point to the need for father atonement ego decentering and the resurrection of the lost feminine to heal our collective gendered cultural wounds Many of these mystic films they contend affirm the role of meaningful suffering compassion integration of the feminine self sacrifice and transcendence as antidotes to the inevitable woundedness of the human condition Ultimately the authors argue for the

importance of digging into the substance of cultural wounds rather than superficially suturing them over to change the conversation about woundedness and provide a roadmap for healing gendered relations in contemporary American culture. The book concludes with a discussion of Joseph Campbell's interpretation of the metaphorical power of myth and its transcendent function to argue for a theory of us rather than a theory of us versus them. Scholars of film, gender studies, American studies, cultural studies, gender studies, and psychology will find this book of particular interest.

Transforming the Rebel Self: Quest Patterns in Fiction by William Styron, Flannery O'Connor and Bobbie Ann Mason Sharon Therese Nemeth, 2010. Originally written as the author's dissertation.

Shadows of Tyranny Ken McGoogan, 2024-08-24. Bestselling historian and author Ken McGoogan delves into dictatorships of the twentieth century to sound this crucial alarm about the possibility of democratic collapse in the United States and its implications for Canada. Twentieth century novels such as George Orwell's 1984 and Margaret Atwood's The Handmaid's Tale produced visions of future dystopia that rang with echoes of past tyrannies. Always implied was a warning that history's worst chapters are never truly closed and that we must not fail as many of our forebears did to recognize that the threat of totalitarianism cannot simply be wished away.

Awakening to Invasion an alarming and engrossing work of non-fiction from acclaimed Canadian author Ken McGoogan draws on this sense of looping history to show how figures like Donald Trump replay many aspects of the authoritarianism that spread in the middle of the last century. Calling not only on Orwell and Atwood but also on H.G. Wells, Yevgeny Zamyatin, Jack London, and Hannah Arendt, McGoogan traces the ways democracy succumbed to paranoia, polarization, scapegoating, and demagoguery less than a hundred years ago. These same forces he argues are now driving a far right movement in the United States that seems devoted to using Trump's warped charisma as a wrecking ball to clear the way for autocracy that closely resembles the dictatorships that stoked the Second World War. With this prospect, McGoogan's central questions become all the more pressing: How should Canadians respond, officially and individually, to the possibility of democratic collapse in our powerful neighbour to the south? Is talk of manifest destiny from right-wing American firebrands like Tucker Carlson just chatter for the sake of notoriety? Or is it a hint of the expansionist urges that always lie at the heart of authoritarianism and that may one day point the American military machine in our direction on the pretext of liberating us? In the cautionary spirit of earlier visionary works, *Awakening to Invasion* offers a galvanizing image of a dark possible future as well as an urgent call to act in the belief that we still have the time and ability to ward it off.

The Search for Sam Goldwyn Carol Easton, 2014-05-05. Sam Goldwyn's career spanned almost the entire history of Hollywood. He made his first film *The Squaw Man* in 1913 and he died in 1974 at the age of ninety-one. In the many years between, he produced an enormous number of films including such classics as *Wuthering Heights*, *Street Scene*, *Arrowsmith*, *Dodsworth*, *The Little Foxes*, and *The Best Years of Our Lives*, and worked with many luminaries: Gary Cooper, Ronald Colman, Laurence Olivier, George Balanchine, Lillian Hellman, Howard Hawks, John Ford.

Eddie Cantor Busby Berkeley Danny Kaye Merle Oberon and Bob Hope among them When Samuel Goldfish was born in the Warsaw ghetto he was penniless when Sam Goldwyn died in Los Angeles he was worth an estimated 19 million The Search for Sam Goldwyn locates the real Sam Goldwyn and shatters the hostile conspiracy of silence that protected his legend In writing Goldwyn's story Carol Easton has given us a fine examination of the civilization known as Hollywood and how Goldwyn himself shaped that culture

The Bible, Homer, and the Search for Meaning in Ancient Myths John Heath, 2019-04-29 The Bible Homer and the Search for Meaning in Ancient Myths explores and compares the most influential sets of divine myths in Western culture the Homeric pantheon and Yahweh the God of the Old Testament Heath argues that not only does the God of the Old Testament bear a striking resemblance to the Olympians but also that the Homeric system rejected by the Judeo Christian tradition offers a better model for the human condition The universe depicted by Homer and populated by his gods is one that creates a unique and powerful responsibility almost directly counter to that evoked by the Bible for humans to discover ethical norms accept death as a necessary human limit develop compassion to mitigate a tragic existence appreciate frankly both the glory and dangers of sex and embrace and respond courageously to an indifferent universe that was clearly not designed for human dominion Heath builds on recent work in biblical and classical studies to examine the contemporary value of mythical deities Judeo Christian theologians over the millennia have tried to explain away Yahweh's Olympian nature while dismissing the Homeric deities for the same reason Greek philosophers abandoned them they don't live up to preconceptions of what a deity should be In particular the Homeric gods are disappointingly plural anthropomorphic and amoral at best But Heath argues that Homer's polytheistic apparatus challenges us to live meaningfully without any help from the divine In other words to live well in Homer's tragic world an insight gleaned by Achilles the hero of the Iliad one must live as if there were no gods at all The Bible Homer and the Search for Meaning in Ancient Myths should change the conversation academics in classics biblical studies theology and philosophy have especially between disciplines about the gods of early Greek epic while reframing on a more popular level the discussion of the role of ancient myth in shaping a thoughtful life
