A Season in Bethlehem Joshua Hammer, 2003-09-22 Newsweek's Jerusalem bureau chief Joshua Hammer arrived in the West Bank in October 2000 just after Ariel Sharon made his inflammatory visit to the Haram al Sharif otherwise known as the Temple Mount Sharon's trip ignited the worst violence the Middle East had seen in decades Overnight the peace process gave way to an ever worsening cycle of attack revenge and retaliation destabilizing the entire region killing thousands and culminating in Israel's reoccupation of Palestinian towns in 2002 *A Season in Bethlehem* is the story of one West Bank town's two year disintegration as witnessed by a reporter who was there from the beginning Woven together from Hammer's own firsthand reportage plus hundreds of interviews it follows a dozen characters whose lives collided on the streets of this biblical city They include a Bedouin tribesman who rose to become the commander of Bethlehem's most feared and brutal gang of gunmen the beleaguered governor an opponent of the al Aqsa intifada who believed he had a mandate to stop the violence only to discover that Yasser Arafat was undermining him a Christian businessman who watched helplessly as his community was squeezed between Muslim militants and the Israeli army an eighteen year old female honors student turned suicide bomber and an Israeli reservist son of a leader of the Peace Now movement who wrestled with his left wing convictions as he rode to battle through the predawn streets The narrative reaches a climax with a moment by moment recreation of the epochal drama that drew many of these characters together the thirty nine day siege of the Church of the Nativity A clear eyed chronicle of deepening chaos and violence in which Hammer lets the opposing sides speak for themselves *A Season in Bethlehem* is both a timely and timeless look at how longstanding religious and political tensions finally boiled over in a place of profound resonance the birthplace of Jesus

Treading on Hallowed Ground C. Christine Fair, Sumit Ganguly, 2008-09-29 After America's Iraq adventure devolved into a debacle a chorus of commentators and analysts noted that the U S military had no plan to fight a counterinsurgency campaign Given the failure of conventional tactics America in the last two years has redoubled its efforts to develop a new strategy to fight the Iraqi insurgency and has gone so far to place our leading counterinsurgency expert General David Petraeus in charge of the Iraq theater In sum there seems to be a growing consensus that for better or worse counterinsurgency will be a core tactic in future American military campaigns Iraq of course presents special problems to the U S because of the intensity of religious belief and sectarianism How do we fight against an insurgency that so often strategically positions itself on hallowed ground mosques and shrines Yet Iraq is not unique As the contributors to *Treading*

on Hallowed Ground show counterinsurgency efforts on religiously contentious terrain is a widespread phenomenon in recent times ranging from North Africa to Central and Southeast Asia Here C Christine Fair and Sumit Ganguly have assembled an impressive group of experts to explore the most important counterinsurgency efforts in sacred spaces in our era churches in Israel mosques and shrines in Iraq the Sikh Golden Temple in India mosques and temples in Kashmir the Krue Se Mosque in Thailand and the Grand Mosque in Saudi Arabia Taken together the essays comprise the first comprehensive account of this increasingly pivotal component of contemporary war **War on Sacred Grounds** Ron E. Hassner, 2025-05-15 In War on Sacred Grounds Ron E Hassner investigates the causes and properties of struggles over sites that are both venerated and contested and proposes ways for managing these disputes Holy places can create the potential for clashes not only between competing religious groups but also between religious groups and secular actors Hassner illustrates this complex violent dynamic through a series of case studies including the conflict over Jerusalem and competing Hindu and Muslim claims over Ayodhya He also analyses successful compromises that reduced conflict in Jerusalem in 1967 and in Mecca in 1979 In this updated edition of War on Sacred Grounds Hassner reevaluates his findings and conclusions and surveys ongoing conflicts over holy sites *The Cultural Lives of Capital Punishment* Austin Sarat, Christian Boulanger, 2005-05-27 How does the way we think and feel about the world around us affect the existence and administration of the death penalty What role does capital punishment play in defining our political and cultural identity In this volume the authors argue that in order to understand the death penalty we need to know more about the cultural lives past and present of the state s ultimate sanction *FAITH IN THE FACE OF EMPIRE* RAHEB, 2014-02-10 A Palestinian Christian theologian shows how the reality of empire shapes the context of the biblical story and the ongoing experience of Middle East conflict

The Falcon Thief Joshua Hammer, 2021-02-16 A well written engaging detective story Kirkus Reviews starred review about a rogue who trades in rare birds and their eggs and the wildlife detective determined to stop him On May 3 2010 an Irish national named Jeffrey Lendrum was apprehended at Britain s Birmingham International Airport with a suspicious parcel strapped to his stomach Inside were fourteen rare peregrine falcon eggs snatched from a remote cliffside in Wales So begins a vivid tale of obsession and international derring do Publishers Weekly following the parallel lives of a globe trotting smuggler who spent two decades capturing endangered raptors worth millions of dollars as race champions and Detective Andy McWilliam of the United Kingdom s National Wildlife Crime Unit who s hell bent on protecting the world s birds of prey Masterfully constructed The New York Times and entertaining and illuminating The Washington Post The Falcon Thief will whisk you away from the volcanoes of Patagonia to Zimbabwe s Matobo National Park and from the frigid tundra near the Arctic Circle to luxurious aviaries in the deserts of Dubai all in pursuit of a man who is reckless arrogant and gripped by a destructive compulsion to make the most beautiful creatures in nature his own It s a story that s part true crime narrative part epic adventure and wholly unputdownable until the very last page **Hamas and Israel** Sherifa Zuhur, 2008 This

monograph considers the changing fortunes of the Palestinian movement HAMAS and the recent outcomes of Israeli strategies aimed against this group and Palestinian nationalism external to the Fatah faction of the Palestinian Authority The example of HAMAS challenges much of the current wisdom on insurgencies and their containment As the author Dr Sherifa Zuhur demonstrates efforts have been made to separate HAMAS from its popular support and network of social and charitable organizations These have not been effective in destroying the organization nor in eradicating the will to resist among a fairly large segment of the Palestinian population It is important to consider this Islamist movement in the context of a region wide phenomenon of similar movements with local goals which can be persuaded to relinquish violence or which could move in the opposite direction becoming more violent Certainly an orientation to HAMAS and its base must be factored into new and more practical and effective approaches to peacemaking At the same time HAMAS offers a fascinating instance of the dynamics of strategic reactions and the modification of Israeli impulses towards aggressive deterrence as well as evolution in the Islamist movements planning and operations As well the Palestinian Israeli conflict bears similarities to a long standing civil conflict even as it has sparked inter Palestinian hostilities in its most recent phase The need for informed and critical discussion of the future of Islamism in the region continues today We offer this monograph to those who wish to consider this particular aspect of the Palestinian Israeli Arab conflict Foreword **Back Stories** Amahl A.

Bishara,2013-01-09 Few topics in the news are more hotly contested than the Israeli Palestinian conflict and news coverage itself is always a subject of debate But rarely do these debates incorporate an on the ground perspective of what and who newsmaking entails Studying how journalists work in Jerusalem Bethlehem Ramallah and Nablus and on the tense roads that connect these cities Amahl Bishara demonstrates how the production of U S news about Palestinians depends on multifaceted collaborations typically invisible to Western readers She focuses on the work that Palestinian journalists do behind the scenes and below the bylines as fixers photojournalists camerapeople reporters and producers to provide the news that Americans read see and hear every day Ultimately this book demonstrates how Palestinians play integral roles in producing U S news and how U S journalism in turn shapes Palestinian politics U S objectivity is in Palestinian journalists hands and Palestinian self determination cannot be fully understood without attention to the journalist standing off to the side quietly taking notes Back Stories examines news stories big and small Yassir Arafat s funeral female suicide bombers protests against the separation barrier an all but unnoticed killing of a mentally disabled man to investigate urgent questions about objectivity violence the state and the production of knowledge in today s news This book reaches beyond the headlines into the lives of Palestinians during the second intifada to give readers a new vantage point on both Palestinians and journalism *Light Force* Brother Andrew,Al Janssen,2004-09-01 Brother Andrew s ministry began with smuggling Bibles behind the Iron Curtain His phenomenally successful book God s Smuggler was born from that mission But as communism in Eastern Europe declined Brother Andrew shifted his focus to strengthening the Christian church within the Islamic world In

Targeted Killings, Law and Counter-Terrorism Effectiveness Ophir Falk, 2020-06-01 This book examines the permissibility and effectiveness of targeted killing in campaigns against terror Targeted killing has become a primary counterterrorism measure used by several countries in their confrontation with lethal threats The practice has been extensively used by the US in Afghanistan Iraq Pakistan Yemen and Somalia and by Israel in the West Bank and Gaza Several studies have already explored the difficult balance between achieving security while maintaining the liberties and rights of a country's civilians This book goes a step further by seeking to examine whether maintaining those liberties by complying with legal standards and minimizing unintended deaths can be more effective for national security Using targeted killing applied by Israel in particular as well as the United States during the first decade of the twenty first century as case studies this book explores that question and ultimately assesses whether compliance with legal standards can strengthen a state in its campaign against terrorism and thus provide stronger security The book focuses on civilian related criteria hypothesizing that minimizing civilian casualties will maximize effectiveness in an asymmetric war setting The conclusions are not limited to a specific tactic or theater and if adopted might have far reaching implications for how asymmetric warfare is strategized This book will be of much interest to students of counter terrorism law Middle Eastern studies and security studies

Violence, Nonviolence, and the Palestinian National Movement Wendy Pearlman, 2011-10-24 Why do some national

movements use violent protest and others nonviolent protest Wendy Pearlman shows that much of the answer lies inside movements themselves Nonviolent protest requires coordination and restraint which only a cohesive movement can provide When by contrast a movement is fragmented factional competition generates new incentives for violence and authority structures are too weak to constrain escalation Pearlman reveals these patterns across one hundred years in the Palestinian national movement with comparisons to South Africa and Northern Ireland To those who ask why there is no Palestinian Gandhi Pearlman demonstrates that nonviolence is not simply a matter of leadership Nor is violence attributable only to religion emotions or stark instrumentality Instead a movement's organizational structure mediates the strategies that it employs By taking readers on a journey from civil disobedience to suicide bombings this book offers fresh insight into the dynamics of conflict and mobilization *Eating Mud Crabs in Kandahar* Matt McAllester, 2021-09-07 A collection of eighteen essays by journalists while on foreign war time assignment about their experiences with food and the people who shared it
