Security with Nuclear Weapons? Regina Cowen Karp, 1991 SIPRI Stockholm International Peace Research Institute is an independent institute for scientific research which aims to further an understanding of the conditions for peaceful solutions to international conflicts and for a stable peace Over the past twenty years SIPRI has concentrated on problems of armaments disarmament and arms regulation SIPRI is financed mainly by the Swedish Parliament Its staff the Governing Board and the Scientific Council are international The prospect of large reductions of nuclear weapons poses fundamental questions about the purpose of nuclear weapons Why have some states chosen to acquire nuclear weapons How and why have these decisions been maintained over time Why have some states elected to approach but not cross the nuclear threshold This book examines the commonalities and differences in political approaches to nuclear weapons both within and among three groups of states nuclear non nuclear and threshold The chapters explore the evolution of thinking about nuclear weapons and the role these weapons play in national security planning The book transcends traditional East West approaches to analysis of nuclear issues by giving equal prominence to the issues of nuclear proliferation and non nuclearism

Oliver,1997-11-24 Drawing upon newly released official and private papers this book provides an intimate account of Anglo American debates over one of the most grave and politically sensitive foreign policy issues of the early 1960s It examines the roles played by John F Kennedy and Harold Macmillan in the test ban negotiations between 1961 and 1963 It also describes the way in which contrasting domestic political imperatives and conceptions of how the Cold War could best be won created tensions between the two allies Nevertheless they retained a broad unity of perspective and purpose eventually producing the imaginative diplomacy that resulted in the signing of the Limited Nuclear Test Ban Treaty in August 1963 **Kennedy's**

Whelan,2019-07-11 The foreign affairs book of the season an absorbing review of the nitty gritty of Soviet American diplomacy over the years Stephen S Rosenfeld The Washington Post Vast in its historical sweep Focusing on the period since the Bolshevik Revolution Whelan stresses five themes the nature of negotiating behavior its principal characteristics elements contributing to its formation aspects of continuity and change during more than 60 years and the implications of the record for U S foreign policy in the 1980s The bulk of the book traces Soviet diplomacy under Chicherin and Litvinov the enormously complex and detailed wartime conferences with Stalin the descent into the cold war the transition to peaceful coexistence with Nikita Krushchev including fascinating details on the Cuban Missile Crisis peaceful coexistence with Leonid Brezhnev including extensive chronological analysis of the SALT process and finally judgements about how U S policy should be informed in future undertakings with the Soviets Nish Jamgotch Jr The American Political Science Review Pragmatic Idealism Costas Melakopides,1998-06-02 Melakopides defines Canadian

internationalism as pragmatic idealism a balanced synthesis of idealism and pragmatism and demonstrates concretely how it reflects the principles interests and values of the country s mainstream political culture Focusing on Canada s record in the areas of peacekeeping and peacemaking arms control and disarmament foreign development assistance human rights and ecological concerns Melakopides reveals that at the heart of Canadian foreign policy are the concepts and the practice of moderation communication mediation cooperation caring and sharing Pragmatic Idealism is an inspiring challenge to the assumption that all foreign policy is premised on realpolitik Students scholars and practitioners of Canadian foreign policy as well as historians Canadianists members of NGOs and interested members of the general public will find it an engaging and enlightening experience **Corps Commanders** Douglas E. Delaney,2012-01-01 The five British and Canadian generals depicted in Corps Commanders were a surprisingly eclectic lot one a consummate actor one a quiet gentleman one a master bureaucrat one a brainy sort with little will and the last a brain with will to spare And yet they all fit readily into British

Commonwealth armies and fought their corps in similar fashion All three Canadians controlled British formations and served under British army commanders and the two Britons worked for and led Canadians as well Such inter army adjustments were relatively simple because they all spoke the same language a common method for solving military problems and communicating solutions Like all senior commanders in the British Commonwealth they learned the language of the staff colleges at Camberley and Quetta and so did the staff officers that served them This allowed a gunner from Montreal to understand a guardsman from London with ease no small advantage when coordinating coalition battles involving tens of thousands of troops In probing how these corps commanders fought Douglas E Delaney has produced an invaluable study for anyone interested in coalition warfare interoperability or how men managed large formations in war **Mike's World** Asa McKercher, Galen Roger Perras, 2017-10-06 Although fifty years have passed since Lester Pearson stepped down as prime minister he still influences debates about Canada's role in the world Known as Mike to his friends he has been credited with charting a Pearsonian course in which Canada took on a global role as a helpful fixer seeking to mediate disputes and promote international cooperation Mike's World explores the myths surrounding Pearsonianism to explain why he remains such a touchstone for understanding Canadian foreign policy Leading and emerging scholars dig deeply into Pearson's diplomatic and political career especially during the 1960s and his time as prime minister Topics range from peacekeeping and Arctic sovereignty to environmental diplomacy and human rights policy They show that competing forces of idealism and pragmatism were key drivers of Pearsonian foreign policy and how global events often influenced politics and society within Canada itself Situating Pearson within his times and as a lens through which to analyze Canadians' views of global affairs this nuanced collection wrestles with the contradictions of Pearson and Pearsonianism and ultimately with the resulting myths surrounding Canada's role in the world **Canadian Foreign Policy, 1966-1976** Blanchette, 1980-11-15 This volume demonstrates Canada's continuing involvement with the United Nations and NATO the shifting emphasis away from some traditional concerns and the Canadian perspective **A Seat at the Table** Eedson Louis Millard Burns, 1972 Arms Limitation and the United Nations Canadian Institute of Strategic Studies, 1982 **Friends and Enemies** J.L. Granatstein, 2024-03-01 Friends and Enemies presents a collection of essays on Canadian foreign policy written by J.L. Granatstein one of the leading political and military historians in the country The essays cover a period primarily from the Second World War through to the early 2000s and examine policy under prime ministers Mackenzie King Louis St Laurent John Diefenbaker Lester Pearson and Pierre Trudeau Based on interviews and extensive archival research the essays reveal how Granatstein's views shifted as he reacted to altered conditions in Canada Canadian alliances and the world situation **Canadian Foreign Policy, 1955-1965** Blanchette, 1977-01-15 This volume documents the decade in which Canada's influence on world affairs was at its apex and contains speeches and writings of Lester B Pearson Sydney Smith Howard C Green and Paul Martin **Beyond Afghanistan** James Fergusson, Francis Furtado, 2016-07-22 For over a decade Canada's

participation in the war in Afghanistan dominated media headlines government discussions academic studies and the public international security debate often to the exclusion of issues that have traditionally shaped Canadian approaches to security and defence policy Now that the mission in Afghanistan is over what issues should define Canada's international security agenda This collection of essays written by leading observers of Canadian policy seeks to answer this question by investigating how Canada will likely respond to new threats and security challenges in light of the experience gained in Afghanistan Topics include the future place of NATO in defence and security policy emerging regions of concern and interest and nuclear weapons and arms control including missile defence and the military use of space
