Sectarianism Analyses Of Religious And Non Religious Sects

Sacha Stern

Sectarianism Analyses Of Religious And Non Religious Sects:

Sectarianism Roy Wallis, 1975 One of the more extraordinary trends to have emerged in the West in the 1970s and one that has created considerable interest and curiosity particularly among sociologists is the proliferation of new religious sects Their followers are often young people disenchanted with the drug culture but seeking a new spirituality in an intensely materialistic society *Sectarianism* is a collection of essays studying this development Edited by Roy Wallis Lecturer in Sociology at the University of Stirling it is written by leading sociologists from Britain Canada and the USA and covers a wide range of sectarian movements in both the religious and the secular domains Included are case studies of The Aetherius Society a flying saucer cult the Hare Krishna movement the Jehovah's Witnesses and the United Family an investigation of societal reaction to Scientology and a fascinating study contrasting modern communitarian movements with the Shakers a once flourishing communitarian sect in the USA In the secular domain the book investigates organizations that though nonreligious exhibit characteristics of religious sects These include the Concept Houses one of the latest methods for rehabilitating drug addicts two contemporary left wing political groups and two ex patient therapeutic groups Neurotics Nomine and Recovery Inc *Sectarianism* will be indispensable to the sociologists of religion it should also prove of immense interest to the layman wishing to deepen his knowledge of this phenomenon beyond the superficial and often hysterical reporting in the press Publisher **The Sociology of Religion** Malcolm B. Hamilton, 2012-06-12 This clear introduction to the sociology of religion combines a discussion of key theorists with a modern emphasis on the diversity of religious beliefs and practices Malcolm Hamilton's expanded second edition brings the discussion fully up to date and extends its material on secularization and religious sects giving a broad comparative view Drawing on the insights of history anthropology and sociology he surveys classic and contemporary theory to give a full picture of the variety and scope of theoretical perspectives

Sectarianism in Early Judaism David J. Chalcraft, 2014-12-05 *Sectarianism in Early Judaism* applies recent developments in sociological analysis to sect formation and development in early Judaism The essays examine sectarianism in a wide range of different forms the many layers of redaction in religious texts the development arcs of sectarian groups the role of sectarianism across Jewish history as well as in the time of the Second Temple and the relations within and between sects and between sects and wider society The book aims to establish a conceptual framework for the analysis of sects and in doing so makes particular use of the work of Max Weber and Bryan Wilson exploring the limits of their typologies and sociological theories *Sects and Sectarianism in Jewish History* Sacha Stern, 2011-04-21 Several Jewish groups from Antiquity until today have been traditionally identified as sects or as sectarian most famously the Qumran community and the Qaraites This volume questions the appropriateness of this interpretation of social and religious movements in Jewish history

Routledge Library Editions: Sociology of Religion Various, 2021-07-14 This set collects together in 19 volumes a wealth of texts on Sociology of Religion An invaluable reference resource it contains classic books on a wide range of topics including

religion and violence religion and family life religion and society culture and class *American Sociology of Religion*

,2007-08-31 This is a collection of histories of various aspects of American sociology of religion The contributions range from descriptions of early dissertations accounts of changes in theoretical conceptualization the evolution of studies of particular denominations to the rise of new areas of inquiry such as globalization feminism new religions and the study of the religious traditions of Latino Americans Taken as a whole the volume complements rather than duplicates commemorative issues of the relevant journals which focused on the scholarly organizations in the field It represents a first effort to develop an organized treatment of the fascinating history of the specialty in the U S A **The Oxford Handbook of the Dead Sea**

Scrolls Timothy H. Lim, John J. Collins, 2012-10-11 In 1946 the first of the Dead Sea Scroll discoveries was made near the site of Qumran at the northern end of the Dead Sea Despite the much publicized delays in the publication and editing of the Scrolls practically all of them had been made public by the time of the fiftieth anniversary of the first discovery That occasion was marked by a spate of major publications that attempted to sum up the state of scholarship at the end of the twentieth century including *The Encyclopedia of the Dead Sea Scrolls* OUP 2000 These publications produced an authoritative synthesis to which the majority of scholars in the field subscribed granted disagreements in detail A decade or so later *The Oxford Handbook of the Dead Sea Scrolls* has a different objective and character It seeks to probe the main disputed issues in the study of the Scrolls Lively debate continues over the archaeology and history of the site the nature and identity of the sect and its relation to the broader world of Second Temple Judaism and to later Jewish and Christian tradition It is the Handbook's intention here to reflect on diverse opinions and viewpoints highlight the points of disagreement and point to promising directions for future research **Controversial New Religions** James R. Lewis, Jesper Aa. Petersen, 2014-07-16

In terms of public opinion new religious movements are considered controversial for a variety of reasons Their social organization often runs counter to popular expectations by experimenting with communal living alternative leadership roles unusual economic dispositions and new political and ethical values As a result the general public views new religions with a mixture of curiosity amusement and anxiety sustained by lavish media emphasis on oddness and tragedy rather than familiarity and lived experience This updated and revised second edition of *Controversial New Religions* offers a scholarly dispassionate look at those groups that have generated the most attention including some very well known classical groups like The Family Unification Church Scientology and Jim Jones's People's Temple some relative newcomers such as the Kabbalah Centre the Order of the Solar Temple Branch Davidians Heaven's Gate and the Falun Gong and some interesting cases like contemporary Satanism the Raelians Black nationalism and various Pagan groups Each essay combines an overview of the history and beliefs of each organization or movement with original and insightful analysis By presenting decades of scholarly work on new religious movements written in an accessible form by established scholars as well as younger experts in the field this book will be an invaluable resource for all those who seek a view of new religions that is

deeper than what can be found in sensationalistic media stories **Researching New Religious Movements** Elisabeth Arweck, 2006 This cutting edge analysis of American and European new religious movements explores the controversies between religious groups and the majority interests which oppose them It asks how modern societies can best respond to new religious movements **Scriptures and Sectarianism** Collins, 2016 Essays representing ten years of John J Collins's expert reflection on Scripture and the Qumran community are here collected in a volume that is sure to be of interest to students and scholars of Early Judaism and the Dead Sea Scrolls Collins opens with the introductory chapter What Have We Learned from the Dead Sea Scrolls before offering essays on the authority and interpretation of Scripture historiography and the emergence of the Qumran sect and specific aspects of the sectarian worldview covenant and dualism the angelic world the afterlife prayer and ritual and wisdom A concluding epilogue considers the account of the Suffering Servant and illustrates the relevance of the Dead Sea Scrolls for early Christianity

Uncover the mysteries within Explore with is enigmatic creation, Discover the Intrigue in **Sectarianism Analyses Of Religious And Non Religious Sects** . This downloadable ebook, shrouded in suspense, is available in a PDF format (Download in PDF: *). Dive into a world of uncertainty and anticipation.
