Sectoral Analysis Of Trade Investment And Business In Vietnam

Van Hoa Tran

Sectoral Analysis Of Trade Investment And Business In Vietnam:

Sectoral Analysis of Trade, Investment and Business in Vietnam Tran Van Hoa, 2016-07-27 The book written by experts in their respective areas of official responsibility in Vietnam provides a well researched comprehensive and concisely presented assessment and forecasts on opportunities for trade investment business and cooperation in Vietnam for use by foreign companies individuals and institutions The focus of the book is detailed sectoral analysis in which each of the twenty private and public sectors of the economy from agriculture and rural development to industry public administration and ODA are authoritatively surveyed analysed and suggested for development in the medium and long terms Possible problems are also presented for evaluation and for risk management *Regional Trade Agreements in Asia* Van Hoa Tran, Charles Harvie, 2008-01-31 Tran Van Hoa and Charles Harvie present this timely and original study of the likely effects of new regional developments in Asia

War and Shadows Mai Lan Gustafsson, 2010-12-15 Vietnamese culture and religious traditions place the utmost importance on dying well in old age body unblemished with surviving children and properly buried and mourned More than five million people were killed in the Vietnam War many of them young many of them dying far from home Another 300 000 are still missing Having died badly they are thought to have become angry ghosts doomed to spend eternity in a kind of spirit hell Decades after the war ended many survivors believe that the spirits of those dead and missing have returned to haunt their loved ones In *War and Shadows* the anthropologist Mai Lan Gustafsson tells the story of the anger of these spirits and the torments of their kin Gustafsson's rich ethnographic research allows her to bring readers into the world of spirit possession focusing on the source of the pain the physical and mental anguish the spirits bring and various attempts to ameliorate their anger through ritual offerings and the intervention of mediums Through a series of personal life histories she chronicles the variety of ailments brought about by the spirits wrath from headaches and aching limbs often the same limb lost by a loved one in battle to self mutilation In Gustafsson's view the Communist suppression of spirit based religion after the fall of Saigon has intensified anxieties about the well being of the spirit world While shrines and mourning are still allowed spirit mediums were outlawed and driven underground along with many of the other practices that might have provided some comfort Despite these restrictions she finds victims of these hauntings do as much as possible to try to lay their ghosts to rest

Telecommunications Reform in the Asia-Pacific Region Allan Brown, Moazzem Hossain, Duc-Tho Nguyen, 2005-02-24 This book attempts to draw lessons from the experiences of developed as well as developing countries in carrying out telecommunications reform Contributors come from academia as well as from stakeholders in telecommunications policy in a dozen countries mostly in the Asia Pacific region Globally the telecommunications industry is undergoing major changes technological advances in the form of a vast number of new digitised services ownership shifts as state owned carriers in many countries become fully or partly privatized and a general transition from monopolistic to more competitive market environments The economic and regulatory experiences derived

from these changes are explored and analyzed using the USA the UK Australia and Singapore to represent developed and newly industrialized countries and China India Indonesia Malaysia the Philippines Sri Lanka Thailand and Vietnam as examples of developing countries The conclusions outlined in this timely volume hold important lessons for these as well as for other countries **The DAC Guidelines Strengthening Trade Capacity for Development** OECD,2001-10-29 These Guidelines help developing countries enhance their capacity to trade and participate more effectively in the international rule making and institutional mechanisms that shape the global trading system They also provide a common reference point for the trade aid and finance communities **New Asian Regionalism** C. Harvie,2016-01-15 This collection of selected studies by well known experts in major Asian countries surveys discusses and analyzes emerging problems and challenges facing them It proposes prescriptions for better regional economic integration and more effective economic management in the future The book s area of study includes economics and business development development economics trade and investment global competitiveness economics policy in Asia globalisation the WTO and regional and international economic integration

Ibss: Economics: 1999 Compiled by the British Library of Political and Economic Science,2000-12-07 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *Economic Crisis Management* Van Hoa Tran,2002-01-01 Economic Crisis Management discusses contemporary and economic policy and its application to major crisis economies in Asia The book contains a collection of studies by international experts in economics and finance with special focus on major aspects of the economic management of the Asia crisis Competition Policy and Global Competitiveness in Major Asian Economies Van Hoa Tran,2003-01-01 This text reveals how competition policy and competitiveness are crucial to contemporary economic financial and trade management as well as national and international governance and focuses on contemporary major Asian economies facing increasing globalization and the prevailing influence of the WTO **The Social Impact of the Asia Crisis** Tran Van Hoa,2000-11-30 Over the past two years the world has been preoccupied with the Asia crisis its contagion and its economic impact The social dimension of the turmoil has only recently become the point of focus for debates and investigations by national and international organizations This book is the first serious academic contribution to this important dimension and contains extensive research sound analysis and concise presentation by national and international experts on such issues as poverty education training health nutrition and employment for a number of major economies in Asia and Oceania affected by the crisis
