read the Bible devotionally Emphasis is placed on the relationship between faith and passion in how our relationship with God shapes our personal relationships because these relationships are internal and not merely external experiences An emphasis is placed on developing a devotional understanding of Scripture as the living God will address issues and concerns we face in our daily lives These interactions with Scripture give us an understanding of God and encouragement to handle daily struggles A primary purpose of publishing the text is to bridge the gap between being a Christian and that of being gay There is no internal conflict outside of idolatry and true moral character However evident within the church today there are deep struggles These may turn the gay Christian away from the faith and away from real moral character Today the exclusion of single people in the church is experienced in quiet isolation and even in public doctrine There is no justification for exclusion A Christian cannot remove compassion from faith in the name of doctrine because faith is internal Life Like Yesterday Carlton Moore Sr.,2010-07-31 The story of a young man trying to find his way through life A memory of memories from the author himself Sharing kept secrets and intimate moments of strength courage and a little ignorance of a young boy growing up to be the man he has become **Whispers Within** Gerald Raulston,2016-08-08 Summary As you read this book you will find that some of the things written will grab your heart and others will have you wondering what the author was thinking about when he wrote it The inspiration for the many different types of writing comes from several things Some from others and their different and varied circumstances in life They often ask me to try to put into words something that would encourage or pick up their spirits Other items written are simply written from the heart in a lighthearted way hoping to spark the imagination of the reader and to also give them something to think about When you read these writings sit back and relax and tune the world out and let your mind wander Try to feel the words and allow them to touch your heart Another Timescape Leaps Mark L., Padgett Diedrich,2010-05-13 Another Timescape LeapsA book of poetry from the heart and mind **God's Thoughts Are Not Our Thoughts** Princella R. White,2003 One of the poems in this book A TRIBUTE TO POSTAL CARRIERS has been selected by Poetry com to appear in the hardbound anthology titled Finding Your Wings It was also chosen to be on a three volume CD and won the editors choice award in April 2003 Princella Rollins White writes While encountering different situations of my own as well as helping friends through trying times in life I have been spiritually blessed with the ability to write through pain and find God s love through many ordeals
